Business Finance E. J. McInaney, 2009 Now in its 8th edition Business Finance is an essential introduction to financial decision making in businesses Taking a user's perspective it explores the type of investments a business should make and how they should be financed and successfully blends the theoretical analytical and practical aspects of finance and investment This new edition of Business Finance has a real world flavour exploring the theories surrounding financial decision making and relating these theories to what happens in the real world This book is for undergraduates in accounting and finance and for those in finance and financial management courses It is also appropriate for postgraduate students with an option in accounting and finance and will be highly useful for professional accounting students

BOOK JACKET The 8th IEEE International Conference on AC and DC Power Transmission (ACDC 2006), 28-31 March 2006, Savoy Place, London, UK, 2006 There have been many developments in ACDC technologies since the last conference which was held 5 years ago These developments bring benefits to asset managers and system operators There have been changes in the marketplace with further deregulation and the growth of merchant transmission schemes The wider implementation of renewable technologies is having an increasing impact on network development New challenges are arising from environmental regulatory political and social factors which impact on the development of transmission networks

Forthcoming Books Rose Arny, 2002-04
