The General Of The Dead Army By Ismail Kadare:

The General of the Dead Army Ismail Kadare, 2011-12-27 The General of the Dead Army is a moving and timely meditation on war and its consequences by the winner of the inaugural Man Booker International Prize available again in paperback Twenty years after World War II an Italian general armed with maps measurements and dental records is sent to Albania to recover the remains of his country's fallen soldiers A quarrelsome priest joins him and in rain and sleet they dig up the Albanian countryside once a battlefield now a graveyard checking teeth and dog tags assembling a dead army in pine box uniforms In addition to the brutal weather they also battle the hostility of the Albanians working for them This may be an errand of mercy for the general but the chance to humiliate their one time conquerors offers the Albanians a welcome vengeance Fighting the hopelessness of his undertaking the general finds his movements shadowed by a German general on the same gruesome mission for his own country In a terrible crescendo at a wedding the Italian general must answer for the crimes of his country and all countries that have invaded this land of eagles seeking to destroy its people Enthralling and poignant The General of the Dead Army is an elegy for the young people of every country who are sent abroad to die in battle

identity and conflict Beyond Eurocentrism Peter Gran,2021-02-01 Eurocentrism influences virtually all established historical writing With the rise of Prussia and by extension Europe eurocentrism became the dominant paradigm for world history Employing the approaches of Gramsci and Foucault Peter Gran proposes a reconceptualization of world history He challenges the traditional convention of relying on totalitarian or democratic functions of a particular state to explain and understand relationships of authority and resistance in a number of national contexts Gran maintains that there is no single developmental model but diverse forms of hegemony that emerged out of the political crisis following the penetration of capitalism into each nation In making comparisons between seemingly disparate and distinctive nations and by questioning established canons of comparative inquiry Gran encourages people to recognize the similarities between the West and non West nations *East Central Europe and Communism* Sabrina P. Ramet,2023-03-23 The communists of East Central Europe came to power promising to bring about genuine equality paying special attention to achieving gender equality to build up industry and create prosperous societies and to use music art and literature to promote socialist ideals Instead they never succeeded in filling more than a third of their legislatures with women and were unable to make significant headway against entrenched patriarchal views they considered it necessary with the sole exception of Albania to rely heavily on credits to build up their economies eventually driving them into bankruptcy and the effort to instrumentalize the arts ran aground in most of the region already by 1956 and in Yugoslavia by 1949 Communism was all about planning control and politicization Except for Yugoslavia after 1949 the communists sought to plan and control not only politics and the economy but also the media and information religious organizations culture and the promotion of women which they understood in the first place as involving putting women to work Inspired by the groundbreaking work of Robert K Merton on functionalist theory this book shows how communist policies were repeatedly undermined by unintended consequences and outright dysfunctions

The Pyramid Ismail Kadare,2013 Discover Kadare's classic parable of life under a communist dictatorship When the new Egyptian Pharaoh decrees that he does not want a pyramid built in his honour his advisers are aghast It is their firm belief that peace and prosperity only make the people more difficult to control they must be kept under the whip So the Pharaoh agrees to the construction of a pyramid colossal beyond imagining an edifice that crushes dozens of people as each block is added and which inexorably drains the lifeblood from the country As Egypt builds its monument to death its neighbours plot and gloat He has been compared to Gogol Kafka and Orwell But Kadare's is an original voice universal yet deeply rooted in his own soil
