A Cultural Guide to Estonia Indrek Rohtmets, 2006 Baltic States Jonathan Bousfield, 2004 The tough guide to the baltic states is an indispensable guide to this intriguing part of Europe Back cover Vanished Kingdoms Norman Davies, 2011-10-27 The past is a foreign country has become a truism yet the past differs from the present in many unfamiliar ways and historical memory is extraordinarily imperfect The degree to which we think of the European past as the history of France Germany Britain Russia and so on actually obstructs our view of former reality and blunts our sensitivity to the ever changing political landscape Europe's past is littered with kingdoms empires and republics which no longer exist but which were some of the most important entities of their day the Empire of Aragon which dominated the western Mediterranean in the thirteenth century the Grand Duchy of Lithuania the largest country in Europe for part of the eighteenth century This book shows the reader how to peer through the cracks of mainstream history writing and to catch a glimpse of the Five Six or Seven Kingdoms of Burgundy How long will it be before the USSR until recently one of the world's two superpowers is wholly or half forgotten as most of these The histories of the lost echo across the centuries mixed in with more familiar sounds One of the purposes of this book is to help us hear them again more clearly and appreciate where they came from As in his earlier

celebrated books Europe and The Isles Norman Davies aims to subvert our established view what looks familiar in history and urges us to look and think again This stimulating book full of unexpected stories observations and connections gives us a fresh and original perspective on European history National Union Catalog ,1968 Includes entries for maps and atlases
