Lost In Learning The Art Of Discovery By Eva Koleva Timothy:

Lost in Learning Eva Koleva Timothy, Adam Timothy, 2010 Learning may well be the most profound power on earth. Its force shapes entire civilizations and transforms the world one individual at a time. Yet all too often we allow this remarkable force to become diluted. The moment learning becomes a mundane succession of texts, tests, and tedium is the moment we lose that vital connection to the wonders of human creativity and discovery which infuse our work, our learning, and our very lives with purpose. For those seeking to link learning to their life's aspirations, this book offers the invitation to embark upon the journey of a lifetime. Through a body of stunning historical photographs, Eva Koleva Timothy breathes new life into an age when learning was life's grand adventure and where genius was less a matter of genetics than of passion and perspective. Turning her lens upon the lives of history's heroes, she has revealed the key to a great secret: That we too like the celebrated luminaries of old are born Creators, Discoverers, and Dreamers. So come, set sail with Columbus, soar among the heavens with Galileo, dive into drawings of Da Vinci, and discover the passion which moved the masters of an age as they lost themselves in the rapture that is great learning.
