Library Of The Dead Glenn Cooper, 2012-07-03 An ancient knowledge A conspiracy of silence A secret to kill for On the seventh day of the seventh month the seventh son of a seventh son is born to ominous prophecy on the Isle of Wight Centuries later in 1947 Winston Churchill is called out of retirement to deal with an unprecedented archaeological discovery that threatens to derail postwar reconstruction Soon afterwards in Roswell New Mexico an alleged UFO sighting heralds the establishment of a secret military complex in Nevada a base that comes to be known as Area 51 In present day New York City Will Piper is reluctantly forced to interrupt his dissolute spiral into retirement when his superiors at the FBI assign him to the high profile Doomsday serial murder case The victims have nothing in common except for one detail each of them received a postcard foretelling their date of death But just when Piper finds a credible lead he is taken off the case Continuing the investigation on his own he must outwit the ruthless team of covert operatives from Area 51 who are protecting the government's greatest secret From a medieval monastery to a cutting edge government laboratory *Library of the Dead* spans centuries and continents to deliver a richly detailed highly researched and sharply written exploration of fate and free will

Library of the Dead Glenn Cooper, 2010-12-15 The most shocking secret in the history of mankind is about to be revealed A murderer is on the loose on the streets of New York City nicknamed the Doomsday Killer he is claimed six victims in just two weeks and the city is terrified Even worse the police are mystified the victims have nothing in common defying all profiling and all that connects them is that each received a sick postcard in the mail before they died a postcard that announced their date of death In desperation the FBI assigns the case to maverick agent Will Piper once the most accomplished serial killing expert in the bureau's history now on a dissolute spiral to retirement Battling his own demons Will is soon drawn back into a world he both loves and hates determined to catch the killer whatever it takes But his search takes him in a direction he could never have predicted uncovering a shocking secret that has been closely guarded for centuries A secret that once lay buried in an underground library beneath an 8th Century monastery but which has now been unearthed with deadly consequences A select few defend the secret of the library with their lives and as Will closes in on the truth they are determined to stop him at any cost
