Walther Pistols John Walter, 2022-04-28 While the PP and PPK were intended for police work the Walther P 38 was produced for the Germany military all three pistols have garnered a formidable international reputation since the 1930s. The innovative Walther PP Polizeipistole a double action semi automatic pistol intended for the law enforcement market became available in 1929 and went on to arm the police of several European countries in the 1930s. Its smaller cousin the PPK more readily concealed for undercover work but with reduced magazine capacity was produced from 1931. Intended to replace the P 08 Luger the Walther P 38 was issued from 1940 and equipped the armed forces of Germany and other countries during and after World War II but never entirely replaced the Luger in German service. All three pistols went on to have lengthy and varied service across the world after 1945. Both the PP and the PPK remain in production today while the P 38 re-emerged as the P1 and equipped West German forces from 1963 until 2004 when it was replaced by the P8. In this study noted authority John Walter assesses the origins development use and legacy of these three high profile semi automatic pistols alongside other Walther variants such as the tiny 25 ACP Modell 9.

Handgun Buyer's Guide Brad Fitzpatrick, 2015-11-17 The one stop shop for prospective handgun buyers. The market for new handguns is expanding rapidly and that's good news for consumers. Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun whether you're a recreational shooter a concealed carry permit holder a hunter or a serious competitive shooter. Today's handguns offer superb machining and utilize some of the most technologically advanced alloys polymers and finishes to help make the current crop of handguns lightweight accurate durable and affordable. This increase in product offerings stem from new interest in handguns primarily as a result of nationwide issuance of concealed carry permits. As laws have been enacted that protect the rights of gun owners and defend our personal liberties more and more new shooters are showing up on the range. But first time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest. Pistol competitions have become more popular and more advanced evolving from slow fire matches at local gun clubs to modern IPSC IDPA and 3 gun competitions. Handgun Buyer's Guide will help both the bewildered new shooter find their feet and purchase a handgun find the best accessories and locate a place to practice on hone their skills.
