The Humble Argument Roy K. Humble,2023-04-01 The Humble Argument is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn t sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It s the kind of friend that will coach you through a tough time and encourage you and it will make you laugh while you go through it It s the kind of friend who holds your hair back when you re sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write arguments like a college student and doesn t just tell you what you want to hear His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading He writes for faculty moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Argument has students covered on
