Effects and Implications of Pragmatic Competence for Enhancing EFL University Students Written Performance Barham Sattar Abdulrahman, 2012-12-11 The book Effects and Implications of Pragmatic Competence for Enhancing EFL University Students Written Performance highlights the effects and implications of the Kurd EFL students lack of pragmatic competence on their written performance It includes with the written performance of the students at the recognition level and the production level and relies on the results achieved from its instruments the students test the students questionnaire and the lecturers questionnaire Depending on the results obtained from the tools the study tries to identify and find out the sources of errors in the written performance of the Kurd EFL university students The book hypothesizes that the inadequacy of the students written performance could be attributed to the curricula and or the students dependence on the grammatical aspects of the foreign language neglecting the pragmatic and the socio cultural

dimensions This gives turn to state that the students written performance is better at the recognition level than the production due to the negative interference of their mother tongue The book concludes that Kurd EFL learners at the university level face serious difficulties when writing in English The inappropriateness of their written performance can be attributed to the negative effects of their first language lack of contact with English native speakers and culture as well as the limited opportunities to have been in English speaking communities Therefore for enhancing EFL university students written performance it is recommended that they should be introduced to the English culture through adding pragmatics and English Culture as two separate subject matters to the curricula and to arrange summer courses for the students in English speaking countries UK and US in particular

reflects an increasing recognition within the field that sociological and theoretical innocence can no longer be underwritten by it and offers a multi pronged and multi methodological way to move towards a critical reflexive and theoretically responsible socio linguistics It explores with courage and sensitivity some very important areas in the enormous space between Bloomfieldian idiolect and Chomskyan UG in order to situate the human linguistic enterprise and offers valuable insights into human linguisticity and sociality These explorations expose the limits of correlationism determinism and positivistic reificationism and offer new ways of doing sociolinguistics Intended for both practicing and future sociolinguists it is an ideal text book for the times particularly for graduate and advanced undergraduate students The Anthropology of Extinction Genese Marie Sodikoff,2012 The Anthropology of Extinction offers compelling explorations of issues of widespread concern Creativity Pooja Jain,2021-03-03 Creativity and innovation go hand in hand This book presents a plethora of creative interventions in education culture expressions communications and other areas Each chapter brings forth a core idea well attested on the scales of creative interventions It is a collaborative effort to bring forth multidisciplinary creativity in the ever evolving world of design communication and possibilities There is really no logical order to the book You do not necessarily have to start at the beginning just find a chapter that interests you and read I hope that you find the book stimulating as well as informative
