Alec Forbes of Howglen (Classic Reprint) George Mac Donald, 2015-07-18 Excerpt from Alec Forbes of Howglen The farm yard was full of the light of a summer noontide Nothing can be so desolately dreary as full strong sunlight can be Not a living creature was to be seen in all the square inclosure though cow houses and stables formed the greater part of it and one end was occupied by a dwelling house Away through the gate at the other end far off in fenced fields might be seen the dark forms of cattle and on a road at no great distance a cart crawled along drawn by one sleepy horse An occasional weary low came from some imprisoned cow or animal of the cow kind but not even a cat crossed the yard The door of the barn was open showing a polished floor as empty bright and clean as that of a ball room And through the opposite door shone the last year s ricks of corn golden in the sun Now although a farm yard is not either in Scotland or elsewhere the liveliest of places in ordinary and still less about noon in summer yet there was a peculiar cause rendering this one at this moment exceptionally deserted and dreary But there were notwithstanding a great many more people about the place than was usual only they were all gathered together in the ben end or best room of the house a room of tolerable size with a clean boarded floor a mahogany table black with age and chairs of like material whose wooden seats and high straight backs were more suggestive of state than repose Every one of these chairs was occupied by a silent man whose gaze was either fixed on the floor or lost in the voids of space Each wore a black coat and most of them were in black throughout About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
