William Woodthorpe Tarn

Alexander The Great Volume 2 Sources And Studies Vol 2:

Alexander the Great: Sources and studies William Woodthorpe Tarn, 1950 **Alexander the Great: Volume 2, Sources and Studies** W. W. Tarn, William Woodthorpe Tarn, 1979-05-31 Tarn's Alexander the Great has become a classic and its importance for subsequent Alexander studies can hardly be exaggerated **Byzantium and the Arabs in the Fourth Century** Irfan Shahîd, 1984 This book elucidates the birth of the new relationship between the Roman Empire and the Arabs and the rise of its institutional forms Shahîd discusses the participation of the Arab foederati in Byzantium's wars with her neighbors the Persians and the Goths during which those Arab allies contributed to the welfare of the imperium and the ecclesia Chandragupta Maurya Sushma Jansari, 2023-06-01 We take it for granted that some historical figures become heroes and others do not Chandragupta Maurya evolved from obscure ruler to contemporary national icon The key moment in the making of this Indian hero was a meeting by the banks of the River Indus between Chandragupta and Seleucus founder of the Seleucid empire and one of Alexander the Great's generals in c 305-3 BC This significant event was a moment of peace making at the end of conflict But no reliable account exists in early sources and it is not even clear which ruler was victorious in battle This uncertainty enabled British and Indian historians of the nineteenth and twentieth centuries to interpret the sources in radically different ways With Chandragupta representing India and Seleucus standing in for Britain British scholars argued that Seleucus defeated Chandragupta while Indian academics contended the opposite The writing and reception of history fundamentally influences how we engage with the past and the evolving colonial and post colonial relationship between Britain and India is crucial here In India the image of Chandragupta as an idealised hero who vanquished the foreign invader has prevailed and found expression in contemporary popular culture In plays films television series comic books and historical novels Chandragupta is the powerful and virtuous Hindu ruler par excellence The path to this elevated standing is charted in this book *Library Catalog of the Metropolitan Museum of Art, New York* Metropolitan Museum of Art (New York, N.Y.). Library, 1960 British Book News British Council, 1992 Includes no 53a British wartime books for young people **The Cambridge History of Iran** I. Gershevitch, 1985 The Edge of the Plain James Crawford, 2023-01-10 A wide ranging journey through the history of borders and an exploration of their role in shaping our world today Since the earliest known marker denoting the edge of one land and the beginning of the next a stone column inscribed with Sumerian cuneiform borders have been imagined mapped moved and fought over In *The Edge of the Plain* James Crawford skillfully blends history travel writing and reportage to trace these borderlines throughout history and across the globe What happens on the ground when we impose lines on a map that contradict how humans have always lived and moved Crawford confronts that question from bloody territorial disputes in Mesopotamia to the S pmí lands of Scandinavia the shifting boundaries of the Israel Palestine conflict efforts to build a wall on the United States Mexico border and the dangerous border crossings pursued by migrants into Europe And yet the role of borders extends beyond specific sites of

conflict On the largest scale borders define the limits of empire the two walls in Britain that once represented the northwestern edge of the Roman Empire the mythological eastern gate supposedly closed off by Alexander the Great China's virtual Great Firewall On the smallest human scale cell walls are the last physical barrier against disease after lines of quarantine have failed Finally as *The Edge of the Plain* reveals humans have not only made their mark on the landscape the landscape itself is now changing more and more rapidly due to climate change Crawford introduces us to both the Alpine watershed one such shifting natural borderline and the Great Green Wall in Africa envisioned as an international community built bulwark against desertification Borders are as old as human civilization and focal points for today's colliding forces of nationalism climate change globalization and mass migration *The Edge of the Plain* illuminates these lines of separation past and present how we define them and how they define us **Energy Research Abstracts** ,1990 **Scientific and Technical Aerospace Reports** ,1995 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database *Earth Resources* ,1977 **Antiquarian Bookman** ,1957 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1976 *Alexander's Heirs* Edward M. Anson,2014-07-14 Alexander's Heirs offers a narrative account of the approximately forty years following the death of Alexander the Great during which his generals vied for control of his vast empire and through their conflicts and politics ultimately created the Hellenistic Age Offers an account of the power struggles between Alexander's rival generals in the forty year period following his death Discusses how Alexander's vast empire ultimately became the Hellenistic World Makes full use of primary and secondary sources Accessible to a broad audience of students university scholars and the educated general reader Explores important scholarly debates on the Diadochi *The Hellenistic Far East* Rachel Mairs,2014-10-17 In the aftermath of Alexander the Great's conquests in the late fourth century B C Greek garrisons and settlements were established across Central Asia through Bactria modern day Afghanistan and into India Over the next three hundred years these settlements evolved into multiethnic multilingual communities as much Greek as they were indigenous To explore the lives and identities of the inhabitants of the Graeco Bactrian and Indo Greek kingdoms Rachel Mairs marshals a variety of evidence from archaeology to coins to documentary and historical texts Looking particularly at the great city of Ai Khanoum the only extensively excavated Hellenistic period urban site in Central Asia Mairs explores how these ancient people lived communicated and understood themselves Significant and original *The Hellenistic Far East* will highlight Bactrian studies as an important part of our understanding of the ancient world **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries,1979 *Alexander's Veterans and the Early Wars of the Successors* Joseph Roisman,2012-05-01 From antiquity until now most writers who have chronicled the events following the death of Alexander the Great have viewed this history through the careers ambitions and perspectives of Alexander's elite successors Few

historians have probed the experiences and attitudes of the ordinary soldiers who followed Alexander on his campaigns and who were divided among his successors as they fought for control of his empire after his death Yet the veterans played an important role in helping to shape the character and contours of the Hellenistic world This pathfinding book offers the first in depth investigation of the Macedonian veterans experience during a crucial turning point in Greek history 323 316 BCE Joseph Roisman discusses the military social and political circumstances that shaped the history of Alexander s veterans giving special attention to issues such as the soldiers conduct on and off the battlefield the army assemblies the volatile relationship between the troops and their generals and other related themes all from the perspective of the rank and file Roisman also reexamines the biases of the ancient sources and how they affected ancient and modern depictions of Alexander s veterans as well as Alexander s conflicts with his army the veterans motives and goals and their political contributions to Hellenistic history He pays special attention to the Silver Shields a group of Macedonian veterans famous for their invincibility and martial prowess and assesses whether or not they deserved their formidable reputation *Resources in Education* ,1968

A Chronology of Ancient Greece Timothy Venning,2015-11-30 This helpful reference offers a timeline of ancient Greece s political and military history This chronological history begins with the necessarily approximate course of events in Bronze and early Iron Age as estimated by the most reliable scholarship and the legendary accounts of this period From the Persian Wars onwards a year by year chronology is constructed from the ancient historical sources and where possible a day by day narrative is given The geographical scope expands as the horizons of the Greek world and colonization increased with reference to developments in politico military events in the Middle Eastern and later Italian states that came into contact with Greek culture From the expansion of the Greek world across the region under Alexander the development of all the relevant Greek Macedonian states is covered The text is divided into events per geographical area for each date cross referencing where needed Detailed accounts are provided for battles and political crises where the sources allow this and where not much is known for certain the different opinions of historians are referenced The result is a coherent accessible and accurate reference to what happened and when

The German Secret Field Police in Greece, 1941-1944 Antonio J. Muñoz,2018-03-08 The Geheime Feldpolizei Secret Field Police was the political police force of the German Army during World War II Its members were drawn from both the regular German police including detectives and various Nazi security organizations The goals of the GFP were numerous and included protecting important political and military leaders investigating black market activities as well as acts of sabotage and espionage locating deserters examining anti German activists and hunting down partisans While performing these duties GFP members immersed themselves in criminal activities This book focuses on the function of the GFP in Greece compared to that of the GFP elsewhere in Europe
