

The background of the cover is a monochromatic, blue-toned photograph of ancient Roman ruins. In the foreground, there are low stone walls and foundations. In the mid-ground, a large, partially ruined temple with several tall columns is visible. To the left, another structure with a large arched opening stands. The background is filled with more ruins and dense foliage, all shrouded in a thick mist or fog, creating a sense of mystery and antiquity.

## **Advanced Latin Materials For A2 And Pre U:**

**Advanced Latin** Stephen Anderson, James Morwood, Katharine Radice, 2013-10-16 Advanced Latin offers a range of material to help students build and develop the knowledge and skills needed for A2 and Pre U Latin. There are 24 translation comprehension exercises based on passages taken predominantly from Livy, Caesar and Ovid. These match exactly the requirements of A2 but the passages work equally well as unseen for those working towards Pre U. Six further passages are offered for unseen translation only and are designed to stretch the most able. There are then 12 passages of continuous prose for translation into Latin, each supported by notes to help the student and an appendix that contains a comprehensive English-Latin vocabulary. To support the study of A2 and Pre U literature, there are short commentaries on sample passages from each of the prescribed authors, demonstrating a variety of interpretative approaches. In addition, for each author, there is an annotated bibliography to guide both teacher and student to the most useful secondary literature available. A separate section focuses on the Pre U unseen literary criticism option and offers six practice passages. **Essential GCSE Latin** John

Taylor, 2014-05-22 A clear, concise and comprehensive guide to Latin language grammar and vocabulary for GCSE students.

**Latin Stories** Henry Cullen, Michael Dormand, John Taylor, 2017-09-07 Latin Stories is an ideal first reader for students of Latin. It offers 100 self-contained passages of manageable length, chosen for their intrinsic interest and adapted from a wide range of ancient authors. Generous help is given with a short introduction to each story and glossing of all proper names and non-GCSE vocabulary. The collection will also be attractive to older students beginning or returning to the language. Updated to match the 2016 OCR specification, this edition has been restructured to reflect the new examinations, which now have a single language paper. Section 1 provides 30 passages starting with very short and simple stories and building up to the level of the current OCR GCSE. Section 2 provides 30 differentiated passages of increasing difficulty on historical and miscellaneous topics. Section 3 provides 20 shorter passages of uniform length on mythological topics with comprehension questions in the style of Section A of the new GCSE language paper. Section 4 provides 20 passages on historical topics with comprehension and unseen sections in the style of Section B of the new GCSE language paper. The new edition is supported by a companion website with an answer key and additional passages. **Ovid Unseens** Mathew Owen, 2014-04-27 A

ISBN 9781853997297. These exercises consist of 24 translation comprehension exercises based on passages taken predominantly from Livy, Caesar and Ovid. These match exactly the requirements of A2 but the passages work equally well as unseen for those working towards Pre U. Six further passages are offered for unseen translation only and finally there are 12 passages of continuous prose for translation into Latin. *Scientific and Technical*
