Welch M. D., 2008-12 The LaTrappe Creek Chronicles is a story of how a week of sailing with four friends became an annual event Friends invited friends fathers invited sons and eventually grandfathers invited grandsons joining to create enduring memories of camaraderie and adventure Thirty five years later the Society still sails for one week each year but with some ten boats and a roster of over one hundred

members In these pages we celebrate the sport of sailing noting the range from racing small one design dinghies to cruising catamarans from the America's Cup to the Tucket Bucket Jet travel and charter facilities worldwide afford new sailing grounds and catalyzed our group to sail in exotic venues and add on unique travel with spouses and friends Unusual highlights include an audience with the Pope and treading the sacred burial grounds of the gods of Polynesia The combination of sailing and travel brought a keen interest in history and ecology long before saving the oceans became so critical This is also a story of the robust education found while in the pursuit of the art and science of sailing the discipline of proper anchoring the joys of producing gourmet fare from a tiny galley the spice of philosophy the confrontation of political discourse and examining and embracing the different views on economics and cosmic exploration Most of these lessons cascading from the confines of a cockpit with brandy and cigars The Chronicles is not a how to book but there are usable observations for governance of such an organization as the LaTrappe Creek Historical and Ecological Society There are By Laws indelibly retained in the memory of the Commodore and established Archives to secure information that even the CIA or KGB could not access Above all these chronicles relate how all who have been a part of this sailing saga have experienced the joy of valued friends and unfortunately the sadness of burying old friends at sea And Oh Yes There is a real place called LaTrappe Creek and all the characters in this book are real      **State of Wonder** Ann Patchett, 2012-05-10 LONGLISTED FOR THE ORANGE PRIZE FOR FICTION 2012 There were people on the banks of the river Among the tangled waterways and giant anacondas of the Brazilian Rio Negro an enigmatic scientist is developing a drug that could alter the lives of women for ever Dr Annick Swenson's work is shrouded in mystery she refuses to report on her progress especially to her investors whose patience is fast running out Anders Eckman a mild mannered lab researcher is sent to investigate A curt letter reporting his untimely death is all that returns Now Marina Singh Anders colleague and once a student of the mighty Dr Swenson is their last hope Compelled by the pleas of Anders's wife who refuses to accept that her husband is not coming home Marina leaves the snowy plains of Minnesota and retraces her friend's steps into the heart of the South American darkness determined to track down Dr Swenson and uncover the secrets being jealously guarded among the remotest tribes of the rainforest What Marina does not yet know is that in this ancient corner of the jungle where the muddy waters and susurrating grasses hide countless unknown perils and temptations she will face challenges beyond her wildest imagination Marina is no longer the student but only time will tell if she has learnt enough      *Self-Compassion for Parents* Susan M.
