Joleen Steyn Kotze, Narnia Bohler-Muller, 2020-12-18 Reflections on the 2019 South African General Elections is a critical reflection on the key lessons of Elections 2019 in South Africa focusing on the future of the country s electoral democracy

The volume engages questions on land election campaigns voter turnout voter apathy and how opposition parties will be forced to co exist in the context of declining electoral dominance the ANC once comfortably held An important reflection on the lessons of the 2019 South African General Elections the contributors ask Quo Vadis South Africa The 2019 General Elections marked a watershed in South Africa s political landscape The ANC under the banner of a narrative of regeneration and getting back on the moral path dipped below the 60 % mark for the first time in South Africa s democratic history This decline in electoral support for the party may be interpreted as a degeneration of the ANC through the loss of its moral stature the erosion of its integrity and disillusionment with its performance as a governing party Opposition political parties could not capitalise on this seeming disillusionment with the ruling ANC Caught in their own factional battles and in the midst of corruption scandals opposition parties were unable to successfully increase their share of the vote and capture the undecided and disillusioned voter Considering the future of South Africa s electoral democracy at 25 years of democracy Reflections on the 2019 South African General Elections will be of great interest to scholars of African Studies South Africa Governance and Elections The chapters in this book were originally published as a special issue of *Politikon South African Journal of Political Studies*

Brazier, 2012-08-14 C S Lewis The Work of Christ Revealed focuses on three doctrines or aspects of Lewis s theology and philosophy his doctrine of Scripture his famous mad bad or God argument and his doctrine of christological prefigurement In each area we see Lewis innovating within the tradition He accorded a high revelatory status to Scripture but acknowledged its inconsistencies and shrank away from a theology of inerrancy He took a two thousand year old theological tradition of aut Deus aut malus homo either God or a bad man and developed it in his own way Most innovative of all was his doctrine of christological prefigurement intimations of the Christ event in pagan mythology and ritual This book forms the second in a series of three studies on the theology of C S Lewis titled C S Lewis Revelation and the Christ www.cslewisandthechrist.net The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work
