challenge your perception of reality Are you ready to transcend the physical and discover what lies beyond Embark on this transformational journey to free your mind and perhaps discover the immortality of your own consciousness [The Confusion of Worlds](#) Heiner Schwenke,2019-01-31 The idea of the resurrection of the physical body and the eternal continuation of life with this body in a future paradisiacal kingdom of God on earth is one of the most enigmatic of religious ideas It fully contradicts our knowledge of the transitoriness of all things in this universe According to the author the origin for this idea lies in certain forms of otherworld experiences as for example reported by people who had near death experiences encounters with the dead in brilliantly beautiful bodies and the experience of paradisiacal seemingly earthly landscapes He observes that cultures with a pre modern cosmology sometimes projected such otherworld experiences onto this world to distant and unknown locations on earth These experiences were the blueprint for an expectation of paradisiacal conditions on earth The author establishes parallels between the reports of otherworld experiences and the eschatological ideas of Zoroastrianism Judaism and Christianity He shows that otherworld experiences can indeed foster the expectation of paradisiacal conditions on earth by referring to the Ghost Dance movement of the Lakota people in 1890 He presumes that the confusion of worlds proved fatal not only for the Lakota people but also for Jesus of Nazareth **The Reincarnation of Edgar Cayce?** Wynn Free,David Wilcock,2010-06-15 Discover the legacy of the most famous psychic of the 20th century in this stirring exploration of psychic abilities reincarnation and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce the legendary clairvoyant sleeping prophet and father of holistic medicine Here author Wynn Free explores these parallels building a convincing case that the two men shared the same source of prophetic information and that Wilcock might indeed be Cayce s reincarnation Compiling some of Wilcock s most inspirational and life transforming prophetic guidance from his channeled Source this book conveys profound insights into topics such as earth changes secret cabals soul evolution death and reincarnation ascension crop circles and the theory of evolution Explaining how energetic increases occurring in the Sun and planets can have scientifically measurable far reaching effects in a number of realms The Reincarnation of Edgar Cayce presents new evidence that this energy can transform DNA potentially making ESP telekinesis levitation and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce but with a broader sense of the many forces seen and unseen at work in the universe today **Renegade Mystic** Sean McNamara,2020-11-28 This is the second edition with added chapters described at the bottom Readers interested in Out of Body experiences Lucid Dreaming Remote Viewing Psychokinesis Energy Healing Mediumship and contact with UFOs will gain tremendous insights and practice tips by reading this book Paranormal researchers and parapsychologists will find ample anecdotes to enrich their fields of inquiry The intersection of modern physics and ancient mysticism becomes apparent inside these pages This is very much about the traps

of spiritual identity and how certain groups or teachers can lead one astray from one's true path. This also about self empowerment after leaving one's teacher or group. In this groundbreaking work the author reveals his core psychological drives and the events of his life which caused him to question everything and look into the deeper nature of reality. Follow him on his travels around the world and learn about his experiences good and bad while under the tutelage of various teachers. By the end he shares experiences he's never revealed publicly. Though spiritually minded McNamara keeps his feet firmly on the ground and abstains from succumbing to mere beliefs. His writing leaves it open for you to come to your own. Even better he introduces the reader to a variety of methods of exploring consciousness and reality for themselves. A series of essays follows the epilogue delving even deeper into the complex topics and personal experiences shared by the author. His story begins with the realization that spiritual teachers are as human as the rest of us and that we don't need to surrender our personal authority to anybody else in order to find the answers we seek. Learn how he reclaimed his power and how you can too. Finally this book will help the reader prepare for when it's time to cross over as much as it will prepare them to engage a deeper part of life now in this world. Intelligent entertaining inspiring provocative and educational. This work is sure to be controversial among those who've yet to have their own non ordinary experience. Traditionalists beware. If you are on a spiritual search or seeking self empowerment you're not alone. This book is not only about the author's personal quest it's about yours. The book comes with a companion website which includes the original color versions of the book's photos and artwork. It also hosts private videos and links to public ones which will enrich the reader's experience of the book. The web addresses to these pages are found inside the book itself in their appropriate chapters.
