Lila An Inquiry Into Morals By Robert M Pirsig:

Lila Robert M. Pirsig, 1992-11 The author who captured the spirit of an entire generation with his classic *Zen and the Art of Motorcycle Maintenance* now takes readers on a voyage of poignant and passionate philosophical exploration An intellectual rebel's book the writing of a thoughtful sensitive social and cultural observer Washington Post Book World Daring highly original and provocative The New York Times Philosophy **The Ethical Foundations of Postmodernity** Nina Michaela von Dahlern, Nina Michaela Von Dahlern, 2013-07 A return to ethics which began in the 1980s and 1990s and is still predominant today has been ascribed to literary studies and theory In this book theoretical issues within ethics are discussed based on the examples of literary analyses The authors examined are Margaret Atwood Jeffrey Eugenides and Robert M Pirsig The main questions concern the foundation on which ethical concepts are based and the way in which such concepts function These topics are evidently connected to matters of human concepts and human nature in general which are understood to be fundamentally communicative Contrary to popular conclusions of relativity the need for a realist foundation of ethics implying universal validity will be revealed It is not only possible but also necessary to develop such an idea of ethics within a postmodern relativist framework A communicative foundationalist ethics will thus be designed With regard to literature an increasing emergence of first person narrative can be witnessed in addition to a new focus on a realist and more mimetic style after a peak of pluralist conceptions at the end of the twentieth and the beginning of the twenty first centuries The analysis of such narrative situations will reveal the significance of the narrative generation of individual personalities for an understanding of ethical questions The conflict between relativist and realist points of view centers on the postmodern critique of the individual The study of the literary generation of individuals will elucidate means of confronting this critique The theoretical background includes the poststructuralist and communicative concepts of Judith Butler and Seyla Benhabib as well as Ernst Tugendhat's analytical approach Nina von Dahlern studied English language and literature philosophy sociology and educational sciences at the Universities of Hamburg and Heidelberg This book is based on her Ph D thesis

Lila's Child Dan Glover, 2002-02-12 Featuring an introduction and annotations by Robert Pirsig *Lila's Child* seeks to answer some of the more ambiguous questions regarding *Lila An Inquiry Into Morals* by Robert Pirsig This wide ranging book covers such topics as living the good life what happens after death the nature of experience and awareness and the philosophies of Kant Hegel Peirce and many others Taken from the first year of an Internet discussion group called the *Lila Squad* the contributors each offer their own unique insights into Robert Pirsig's seminal work while providing the reader with insights found nowhere else *Encyclopedia of the Environment in American Literature* Geoff Hamilton, Brian Jones, 2014-01-10 This encyclopedia introduces readers to American poetry fiction and nonfiction with a focus on the environment broadly defined as humanity's natural surroundings from the discovery of America through the present The work includes biographical and literary entries on material from early explorers and colonists such as Columbus Bartolome

de Las Casas and Thomas Harriot Native American creation myths canonical 18th and 19th century works of Jefferson Emerson Thoreau Whitman Hawthorne Twain Dickinson and others to more recent figures such as Jack London Ernest Hemingway Norman Mailer Stanley Cavell Rachel Carson Jon Krakauer and Al Gore It is meant to provide a synoptic appreciation of how the very concept of the environment has changed over the past five centuries offering both a general introduction to the topic and a valuable resource for high school and university courses focused on environmental issues

The Virtual Self Robert Colacurcio, 2012-11 It has been my experience and observation of students of Buddhism that after an initial period of enthusiastic practice they get stuck They come to the edge of a gap and can't go back but are stuck going forward The edge of this gap represents the boundary that defines the results of their efforts so far Serious effort has been given to practice and to incorporating the fundamentals of the Buddha's method into their lives Nevertheless the practitioner I have in mind feels not only stuck but somewhat disheartened perhaps Having exhausted the youthful enthusiasm that naturally arises upon discovery of the Buddha's path one now feels a lack of joy Looking beyond the boundary line of the gap there seems to be a vast space between where one is now and the ultimate goal of enlightenment The Virtual Self Beyond the Gap in Buddhist Philosophy offers some suggestions for renewing one's inspiration and a way to joyfully navigate that sacred space beyond the gap

Truth About Art, The Patrick Doorly, 2013-08-30 Both knowledge and truth are beautiful things but the Good is other and more beautiful than they Plato Republic 508e This book traces the multiple meanings of art back to their historical roots and equips the reader to choose between them Art with a capital A turns out to be an invention of German Romantic philosophers who endowed their creation with the attributes of genius originality rule breaking and self expression directed by the spirit of the age Recovering the problems that these attributes were devised to solve dispels many of the obscurities and contradictions that accompany them What artists have always sought is excellence and they become artists in so far as they achieve it Quality was the supreme value in Renaissance Italy and in early Greece it offered mortals glimpses of the divine Today art historians avoid references to beauty or Quality since neither is objective or definable the boundaries beyond which scholars dare not roam In reality subject and object are united and dissolved in the Quality event which forms the bow wave of culture leaving patterns of value and meaning in its wake

Only Say the Word Alan McManus, 2012-11-30 Many good people in good faith while sympathising with the ethical and ecclesiastical situation of lesbian and gay Christians still regard homosexuality as unnatural Other good people in just as good faith defend homosexuality on grounds of personal plight and involuntary sexual orientation with private misgivings that this defence may also be applied to paedophilia This little book provides not only a useful argument for a more merciful reading of Scripture than that usually employed to condemn same sex relationships but also a philosophical analysis of the nature of nature Finding that all and only those relationships which are harmonious can be considered natural the author invites us to only say the Word that we may all be healed A former Franciscan friar Dr Alan McManus wrote his doctoral thesis *Alchemy* at the

Becoming Native in a Foreign Land Gillian Poulter,2010-01-01 How did British colonists in Victorian Montreal come to think of themselves as native Canadian This incisive richly illustrated work reveals that colonists adopted Aboriginal and French Canadian activities hunting lacrosse snowshoeing and tobogganing and appropriated them while imposing British ideologies of order discipline and fair play In the process they constructed visual icons that were recognized at home and abroad as distinctly Canadian national symbols The new Canadian nationality mimicked indigenous characteristics but ultimately rejected indigenous players instead championing the interests of white middle class Protestant males who used their newly acquired identity to dominate the political realm *Becoming Native in a Foreign Land* demonstrates that English Canadian identity was not formed solely by emulating what was British In fact it gained enormous ground by usurping what was indigenous in the fertile landscape of a foreign land A vital and original study it will appeal to scholars and enthusiasts of

Canadian history identity and culture **Transforming Ethnohistories** Sebastian Felix Braun, 2013-08-26 Anthropologists need history to understand how the past has shaped the present Historians need anthropology to help them interpret the past Where anthropologists and historians needs intersect is ethnohistory The contributors to this volume have been inspired in large part by the teaching and writing of distinguished ethnohistorian Raymond J DeMallie whose exemplary combination of ethnographic and archival research demonstrates the ways anthropology and history can work together to create an understanding of the past and the present Transforming Ethnohistories comprises ten new avenues of ethnohistorical research ranging in topic from fiddling performances to environmental disturbance and spanning places from North Carolina to the Yukon The authors seek to understand communities by finding and interpreting their stories in a variety of different texts some of which lie outside academic understanding and research methodology It is exactly those stories conventionally labeled myths or oral tradition that ethnohistorians demand we pay attention to Although historians cannot see or talk to their informants as anthropologists do both anthropologists and historians can listen to oral histories and written documents for the essential stories they contain The essays assembled here use DeMallie s approach to contribute to the history and anthropology of Native North America and address issues of literary criticism and contexts sociolinguistics performance theory identity and historical change historical and anthropological methods and theory and the interpretation of histories cultures and stories Debates over the legitimacy of ethnohistory as a specialization have led some scholars to declare its decline This volume shows ethnohistory to be alive and well and continuing to attract young scholars Encyclopedia of American Popular Fiction Geoff Hamilton, Brian Jones, 2015-04-22 Provides information on American authors and their works who have been ignored by most literary guides **The Third Enlightenment (or Globalizing Meritocracies)** Sławomir Magala, 2021-02-10 Arguing that political correctness cripples public debate limits growth of knowledge and threatens democracy this book will serve to make the reader aware of these threats In addition it shows that meritocracies have become contaminated by the radioactive dust from the propaganda of cultural wars Why are media professionals and fellow teachers still following the instructions issued by the masters of the Cold War universe in order to control damage **The Era of Choice** Edward C. Rosenthal Ph.D., 2006-09-22 How today s cornucopia of choices has transformed our lives and our culture from the foundations of scientific theory to the anxiety of everyday decisions Today most of us are awash with choices The cornucopia of material goods available to those of us in the developed world can turn each of us into a kid in a candy store but our delight at picking the prize is undercut by our regret at lost opportunities And what s the criterion for choosing anything material spiritual the path taken or not taken when we have lost our faith in everything In The Era of Choice Edward Rosenthal argues that choice and having to make choices has become the most important influence in both our personal lives and our cultural expression Choice he claims has transformed how we live how we think and who we are This transformation began in the nineteenth century catalyzed by the growing prosperity of the Industrial Age and a diminishing

faith in moral and scientific absolutes The multiplicity of choices forces us to form oppositions this says Rosenthal has spawned a keen interest in dualism dilemmas contradictions and paradoxes In response we have developed mechanisms to hedge compromise and to synthesize Rosenthal looks at the scientific and philosophical theories and cultural movements that choice has influenced from physics for example Niels Bohr s theory that light is both particle and wave to postmodernism from Disney trailers to multiculturalism He also reveals the effect of choice on the personal level where we grapple with decisions that range from which wine to have with dinner to whether to marry or divorce as we hurtle through lives of instant gratification accelerated consumption trend change and speed But we have discovered writes Rosenthal that sometimes we can have our cake and eat it too
