Rogers, Benjamin Eldon Stevens, 2015 For all its concern with change in the present and future science fiction is deeply rooted in the past and surprisingly engages especially deeply with the ancient world Indeed both as an area in which the meaning of classics is actively transformed and as an open ended set of texts whose own classic status is a matter of ongoing debate science fiction reveals much about the roles played by ancient classics in modern times Classical Traditions in Science Fiction is the first collection in English dedicated to the study of science fiction as a site of classical receptions offering a much needed mapping of that important cultural and intellectual terrain This volume discusses a wide variety of representative examples from both classical antiquity and the past four hundred years of science fiction beginning with science fiction's rosy fingered dawn and moving toward the other worldly literature of the present day As it makes its way through the eras of science fiction Classical Traditions in Science Fiction exposes the many levels on which science fiction engages the ideas of the ancient world from minute matters of language and structure to the larger thematic and philosophical concerns **Exploring the Spirituality of the World Religions** Duncan S. Ferguson, 2010-08-24 Introduction to the spiritual pathways of the major world religions exploring the core beliefs values and practices of each tradition *Antiquity in Popular Literature and Culture* Konrad Dominas, Bogdan Trocha, Elżbieta Wesołowska, 2016-05-11

Spiritus flat ubi vult academicus It seems evident that the study of antiquity and the study of antiquity's persistence will continue to be distributed ubiquae terrarum This pleasing circumstance was exemplified in January 2014 at the Adam Mickiewicz University in Poznań an institution named after Poland's influential nineteenth century epic and lyric poet As part of an ongoing series of such academic meetings the university hosted the Seventh International Conference on Fantasy and Wonder Its topic was Antiquity in Popular Literature and Culture Several of the papers given in Poznań appear in this volume in revised form They demonstrate the continuing presence of the past or to put it slightly differently the importance of the past in the present and by extension for the future

Die Antike in der populären Kultur und Literatur Konrad Dominas, Bogdan Trocha, Paweł Wałowski, 2016-08-19 Die Antike ist aus der Populärkultur der Gegenwart nicht wegzudenken Ihre Mythen Motive und Figuren werden in den diversen

Zweigen der Unterhaltungsindustrie verändert neu erzählt und neu interpretiert. Noch gibt es keine kohärente Methodologie, um die Antike Rezeption in der populären Literatur und Kultur ganzheitlich zu erfassen. Die Beiträge in diesem Buch zu Literatur, Film, Musik, Architektur, Gegenwartsmedien sowie zur Beziehung zwischen Religion und Popkultur repräsentieren in der Mannigfaltigkeit und Komplexität ihrer Themen und Probleme die Stärke der Antike Rezeption. Der Band dokumentiert zudem einige wesentliche Modifikationen auf der Beziehungsachse populäre Kultur Antike. Dabei wird deutlich, wie verschiedenartige Kulturprozesse die Antike verändern und auf welche Weise ihr neue, bisher unbekannte Perspektiven eröffnet werden.

Men of Bronze Scott Oden, 2012-03-31. 526 BC and the empire of the Pharaohs is dying, crumbling under the weight of its own antiquity. Corruption and decay cripple its cities, infect its leaders and cripples its armies while across the great expanse of Sinai like jackals drawn to carrion, the forces of the omnipotent king of Persia watch and wait. But all is not quite lost. For leading the fight to preserve the soul of Egypt is the Phoenician warrior Hasdrabal Barca, the pharaoh's deadliest killer, possessor of a rage few men can fathom and fewer can withstand. But the defection of one of Egypt's most celebrated generals, the Greek mercenary Phanes to the Persians triggers a savage war that will test Barca's military skills and his humanity to the limit. But Barca is changing a girl who was once a slave but with a gift for healing tends to his wounds and as she does so eases his tortured soul and teaches him how to be truly human again. From the political wastelands of Palestine and the searing deserts east of the Nile to the streets of the ancient city of Memphis, Barca and Phanes play a desperate and brutal game of cat and mouse that culminates in the bloodiest battle of Egypt's history. In the dusty hills east of Pelusium a reckoning will unfold for there over the dead of two nations Hasdrabal Barca will face the same choice of as those great heroes of old: death and eternal fame or long life and obscurity.

Epic of the Earth Edith Hall,2025-03-18 An urgent study of Homer s Iliad exposing the beginnings of the ecological disaster we now face and facilitating our understanding of its

history The roots of today's environmental catastrophe run deep into humanity's past Through this unprecedented reading of Homer's Iliad the award winning classicist Edith Hall examines how this foundational text both documents the environmental practices of the ancient Greeks and betrays an awareness of the dangers posed by the destruction of the natural landscape Underlying Homer's account of brutal military operations alliances and cataclysmic struggle is a palpable understanding that the direction in which humanity was headed could create a world that was uninhabitable Hall provides unparalleled insight into the ancient origins of climate change and argues that the Iliad exposes the deepest contradictions behind the environmental problems we have created Indeed it is possible that some of the violence done to the environment throughout history has been authorized if not exacerbated by the celebration of the exploitation of nature in Homer's poem Drawing compelling analogies to contemporary poetry literature and film Hall demonstrates that the Iliad as a priceless document of the mindset of early humans can help us understand the long history of ecological degradation and inspire activism to rescue our planet from disaster The Publishers Weekly, 2007 *Once and Future Antiquities in Science Fiction and Fantasy* Brett M.
