K-Pax Gene Brewer,2002-03 When a man who claims to be from outer space is brought into the Manhattan Institute the mental ward seems to be just the place for him However this patient is unlike anyone psychiatrist Dr Gene Brewer has had under his care before Calling himself prot he has no traceable background but says that he is an inhabitant of the planet K PAX a perfect world without wars government or religion and where every being coexists in harmony Setting a departure date August 17th at 3 31am on which he plans to return home on a beam of light prot keeps us guessing right up until the end

K-PAX REDUX Gene Brewer,2007-06-01 B TIK is one of the most beautiful small WORLDS in the GALAXY In fact the EARTH could truly become a paradise if the human inhabitants stopped trying their very best to multiply and subdue it Their cancerous population growth mindless consumption of its natural resources and catastrophic elevation of themselves to superiority over all the other species who co habit their PLANET have corrupted it for everyone including themselves Given their evolutionary history however perhaps the PLANET was doomed from the beginning In any case their self centeredness has outlived its usefulness if it ever had any The idea that they are entitled to everything they can get their hands on is reinforced daily by their governments their laws their parents their schools their entertainment media their religions If they are to survive the next century their juvenile egos will have to mature and learn to rely on values other than family country and gods to give their lives meaning Countless humans have said to me It s more complicated than that But to a child everything is complicated Apparently nothing short of genetic manipulation will fix the defect and even that is fraught with difficulties who is going to decide which genes to manipulate As B TIK moves inexorably toward catastrophe there will be more and more sapiens who will slowly awaken and wonder what went wrong Unfortunately it is almost too late to reverse the damage even though a simple treatment of all their social and environmental illnesses the elimination of capital nations religions and parental indoctrination is readily available Yet with only a quarter of a century left to initiate the necessary changes the majority of them continue to go on with their robotic ways as if there will be no tomorrow Ironical Without these adjustments the prognosis is not good and the sapiens will not survive another century If they manage to evolve before they self destruct however they could become admirable citizens of the UNIVERSE and certainly some of the more interesting ones But they still have a long way to go Even after a thousand centuries of experience they are yet children

Creating K-Pax -Or- Are You Sure You Want to Be a Writer? Gene Brewer,2005-12-12 In November 2001 I was sued along with almost everyone else connected with the film version of my novel K PAX for plagiarizing an Argentinean movie called Man Facing Southeast the suit was later dismissed At about the same time dozens of letters arrived from fans asking where the ideas for the book film originated Together these developments led me to ponder how my difficult life had led me to become a writer and how I came to write K PAX in particular The resulting memoir includes excerpts from unpublished work and ends with a chapter of advice for other would be novelists

K-Pax omnibus Gene Brewer,2012-10-17 When a

man who claims to be from outer space is brought into the Manhattan Institute the mental ward seems to be just the place for him However this patient is unlike anyone psychiatrist Dr Gene Brewer has met before Clever inscrutable and utterly charismatic Robert Porter calls himself prot and has no traceable background but he claims that he is an inhabitant of the planet K PAX a perfect world without wars government or religion and where every being co exists in harmony It s not long before the other patients are hanging on prot s every word And even Dr Brewer starts to find himself convinced This omnibus edition contains all three of the K PAX novels plus a bonus story prot s report and is as witty quirky and enlightening as we have come to expect of Brewer s wonderful characters

K-Pax V Gene Brewer,2014-04-29 In this final book of the K PAX series Dr Gene Brewer is approached by visitors from the planet Bullock who demand that he deliver an ultimatum to the United Nations Homo sapiens must end the killing of other humans as well as all other animal species living on Earth Failure to meet this demand will result in the immediate extinction of the human race Dr B is amazed to discover that U S Government officials including the President have been expecting such visitors who though not corporeal behave like a colony of ants and are fully prepared to acquiesce to these demands The problem is that the rest of the world must be convinced that the Bullocks are capable of and willing to eliminate human beings from the face of the Earth Sometimes funny always sympathetic Dr Brewer has a number of encounters with the Bullocks in which he experiences undreamed of travels around the galaxy and to his own past and beyond For their part the aliens willingly demonstrate their ability to remove Homo sapiens from this world Will the clues found on the mysterious cone shaped device be deciphered in time to save mankind from extinction The surprise ending will captivate and reward K PAX fans everywhere
