Book Crush Nancy Pearl, 2009-09-29 Do you remember your first book crush You know the first time a book completely captured your imagination transported you to a magical place or introduced you to a lifelong friend you will never forget In Book Crush popular librarian and reading enthusiast Nancy Pearl reminds us why we fell for reading in the first place how completely consuming and life changing a good book can be Pearl offers more than 1 000 crush worthy books organized into over 100 recommended reading lists aimed at youngest middle grade and teen readers From picture books to chapter books YA fiction and nonfiction Pearl has developed more smart and interesting thematic lists of books to enjoy Parents teachers and librarians are often puzzled by the unending choices for reading material for young people It starts when the kids are toddler and doesn't end until high school graduation What's good what's not and what's going to hold their interest Popular librarian Nancy Pearl points the way in Book Crush Braille Books Library of Congress. National Library Service for the Blind and Physically Handicapped, 1997 *Best Books for Young Adults* Holly Koelling, 2007-08-13 Rev ed of Best books for young adults Betty Carter with Sally Estes and Linda Waddle 2nd ed c2000 **Education 2.0** Leonard J. Waks, 2015-11-17 Thirty years of spirited school reforms have failed to improve our schools and instead have left our public school systems in disarray Meanwhile employment prospects for high school and college graduates are fading and the public is losing faith in its schools The education paradigm inherited from the Industrial Era is in crisis In the last decade however the Internet and new Web 2.0 technologies have placed the entirety of human knowledge in the hands of everyone What will our educational institutions make of this unprecedented flood of Web based learning resources How can schools be transformed to accommodate the new possibilities for personal and social learning Leonard Waks gathers all the pieces of our current

educational puzzle together in this groundbreaking book Drawing on new organizational models grounded in complexity theory Waks maps out an inspiring new paradigm for education in the Internet age and connects all the dots in constructing detailed models for new schools now transformed into open learning centers Finally Waks details action steps readers can take to speed this transformative process along in their own locations

Education and Its Discontents Mark Moss, 2012

Education and Its Discontents Teaching the Humanities and the Importance of a Liberal Education in the Age of Mass Information by Mark Moss is an exploration of how the traditional educational environment particularly in the post secondary world is changing as a consequence of the influx of new technology Students come to the classroom or lecture hall expecting to have their habits and tastes gleaned from the online world replicated in an Educational environment Faculty who do not adapt face enormous obstacles and faculty that do adapt run the risk of eroding the integrity of what they have been trained to teach Students now have access to myriad of technologies that instead of supplementing the educational process have actually taken it over Issues that run from plagiarism to the erosion of the humanities are now rampant concerns in the post secondary world Behavior issues YouTube videos cell phones and the incessant clicking of the computer keys are just a few of the technologies altering the educational landscape Moss discusses that it is now not only how we learn but what we continue to teach and how that enormously important legacy is protected

Education and Its Discontents Teaching the Humanities and the Importance of a Liberal Education in the Age of Mass Information by Mark Moss argues that education has changed and the supremacy of the book and the lecture is now open for debate What has been gained over the last five hundred years is now susceptible to the vagaries of technology which compel us to question their continuing relevance
