Mariette in Ecstasy Ron Hansen, 1991 A NOVEL SET IN A NUNNERY EXPLORES THE RELATIONSHIP BETWEEN MADNESS AND DIVINE POSSESSION GULLIBILITY AND FAITH SEXUAL RAPSODY AND RELIGIOUS ECSTASY Uncivil Rites Robert Detweiler, 1996

Longing for an Absent God Nick Ripatrazone, 2020-03-03 Longing for an Absent God unveils the powerful role of faith and doubt in the American literary tradition Nick Ripatrazone explores how two major strands of Catholic writers practicing and cultural intertwine and sustain each other Ripatrazone explores the writings of devout American Catholic writers in the years before the Second Vatican Council through the work of Flannery O Connor J F Powers and Walker Percy those who were raised Catholic but drifted from the church such as the Catholic educated Don DeLillo and Cormac McCarthy the convert Toni Morrison the Mass going Thomas Pynchon and the ritual driven Louise Erdrich and a new crop of faithful American Catholic writers including Ron Hansen Phil Klay and Alice McDermott who write Catholic stories for our contemporary world These critically acclaimed and award winning voices illustrate that Catholic storytelling is innately powerful and appealing to both secular and religious audiences Longing for an Absent God demonstrates the profound differences in the storytelling styles and results of these two groups of major writers but ultimately shows how taken together they offer a rich and unique American literary tradition that spans the full spectrum of doubt and faith

Acts of Faith and Imagination Brent Little, Mark Bosco, SJ, 2023-08-04 Acts of Faith and Imagination wagers that fiction written by Catholic authors assists readers to reflect critically on the question what is faith To speak of a person's faith life is to speak of change and development As a narrative form literature can illustrate the dynamics of faith which remains in flux over the course of one's life Because human beings must possess faith in something whether religious or not it inevitably has a narrative structure faith ebbs and flows flourishes and decays develops and stagnates Through an exploration of more than a dozen Catholic authors novels and short stories Brent Little argues that Catholic fiction encourages the reader to reflect upon their faith holistically that is the way faith informs one's affections and how a person conceives and interacts with the world as embodied beings Amidst the diverse stories of modern and contemporary fiction a consistent pattern emerges Catholic fiction portrays faith at its most fundamental often unconscious level as an act of the imagination Faith is the way one imagines themselves others and creation A person's primary faith conditions how they live in the world regardless of the level of conscious reflection and regardless of whether this is a religious faith Acts of Faith and Imagination investigates the creative depth and vitality of the Catholic literary imagination by bringing late modern Catholic authors into dialogue with more contemporary ones Readers will then consider well known works such as those by Graham Greene Flannery O Connor and Muriel Spark in the fresh light of contemporary stories by Toni Morrison Alice McDermott Uwem Akpan and several others

Whitehead, Evelyn Eaton Whitehead, 2009 Eros is the passionate energy that makes us one with the beautiful other with a leper with the world of nature waiting to be embraced and cared for with our neighbor the stranger with God The Whiteheads explore this vital energy of love as the gift of a Creator madly in love with his creation a God who would bring us to life in abundance if we only say Yes They discuss Eros in the movements of our sexuality as well as in our arousals of compassion and care They examine the Eros of pleasure and of generosity They honor the Eros of hope of anger of suffering They reveal that Eros has a Source far deeper than lust and is a pathway to a passionate God Holy Eros recovers this fundamental energy of love as a powerful resource in the revitalization of Christian spirituality Unlike most books on the topic it eschews easy clichs Its reader benefit is to understand and appreciate an energy that can heal as well as hinder and to tap into its positive force

Waldmeir, 2009-08-25 The metaphor of the Church as a body has shaped Catholic thinking since the Second Vatican Council Its influence on theological inquiries into Catholic nature and practice is well known less obvious is the way it has shaped a generation of Catholic imaginative writers *Cathedrals of Bone* is the first full length study of a cohort of Catholic authors whose art takes seriously the themes of the Council from novelists such as Mary Gordon Ron Hansen Louise Erdrich and J F Powers to poets such as Annie Dillard Mary Karr Lucia Perillo and

Anne Carson to the Pulitzer Prize winning playwright John Patrick Shanley Motivated by the inspirational yet thoroughly incarnational rhetoric of Vatican II each of these writers encourages readers to think about the human body as a site perhaps the most important site of interaction between God and human beings Although they represent the body in different ways these late twentieth century Catholic artists share a sense of its inherent value Moreover they use ideas and terminology from the rich tradition of Catholic sacramentality especially as it was articulated in the documents of Vatican II to describe that value In this way they challenge the Church to take its own tradition seriously and to reconsider its relationship to a relatively recent apologetics that has emphasized a narrow view of human reason and a rigid sense of orthodoxy **The**

Between Human and Divine Mary Reichardt,2010 An introduction to recent and emerging Catholic literary works and artists *Bodies Under Siege* Armando R. Favazza,1996-05-09 Although instances of deliberate skin cutting are recorded as far back as the old and New Testaments of the Bible the behavior has generally been regarded as a symptom of various mental disorders With the publication of *Bodies Under Siege* a book described in the *New York Times Magazine* July 17 1997 as the first to comprehensively explore self mutilation Dr Armando Favazza has pioneered the study of the behavior as significant and meaningful unto itself Drawing from the latest case studies from clinical psychiatry he broadens our understanding of self mutilation and body modification and explores their surprising connections to the elemental experiences of healing religions salvation and social balance Favazza makes sense out of seemingly senseless self mutilative

behaviors by providing both a useful classification and examination of the ways in which the behaviors provide effective but temporary relief from troublesome symptoms such as overwhelming anxiety racing thoughts and depersonalization He offers important new information on the psychology and biology of self mutilation the link between self mutilation and eating disorders and advances in treatment An epilogue by Fakir Musafar the father of the Modern Primitive movement describes his role in influencing a new generation to experiment with the previously forbidden body side of life through piercing blood rituals scarification and body sculpting in order to attain a state of grace The second edition of Bodies Under Siege is the major source of information about self mutilation a much misunderstood behavior that is now coming into public awareness
