students in interpreting texts and reflecting on how writers make meaning Women Poets, Male Publishers Lise Jaillant, 2025-03-17 We are often told that the women's movement of the 1960s and 1970s led to the rediscovery of forgotten women writers. Without feminist presses such as Virago, these women would have sunk into obscurity. Thanks to Carmen Callaghan and other trailblazing feminist publishers, a canon of women's literature emerged and living writers managed to survive and sometimes thrive in a literary marketplace that had so far been dominated by men. Although obstacles remained, the story is one of the triumphs over a misogynistic publishing industry, a sector that had once sought to erase women writers of the past, marginalise living authors and close the doors to any future legacy. There are two problems with this oft-repeated story. First, it focuses mainly on fiction rather than poetry. Founded in 1973, Virago did not start publishing poetry until the early 1980s. Second, it neglects the major role that conservative male publishers played in re-discovering women poets in post-1960s Britain. With the growing influence of the Women's Liberation movement, these publishers realised that there was a growing market for poetry by women. At the same time, the Arts Council of Great Britain started pushing for more diversity, nudging its clients to make more room for women and ethnic minorities. Drawing on extensive archival work and oral history interviews, this open access book pushes the boundaries of a scholarship that has focused mainly on women's poetry in relation to women's presses. Archival documents show the influence of the Arts Council and the market in pushing conservative publishers towards more diversity. This evolution has had long-term consequences on the canon of women's poetry, a canon that was largely shaped by conservative publishing houses rather than radical feminist presses **A Study Guide for Sharon M. Draper's "Tears of a Tiger"** Gale, Cengage Learning, 2016-07-12 A Study Guide for Sharon M. Draper's *Tears of a Tiger* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs Elegy David Kennedy, 2008-03-10 Grief and mourning are generally considered to be private yet universal instincts. But in a media age of televised funerals and visible bereavement, elegies are increasingly significant and open to public scrutiny. Providing an overview of the history of the term and the different ways in which it is used, David Kennedy outlines the origins of elegy and the characteristics of the genre. Examines the psychology and cultural background underlying works of mourning, explores how the modern elegy has evolved and how it differs from canonical elegy, also looking at female elegists and feminist readings, considers the elegy in the light of writing by theorists such as Jacques Derrida and Catherine Waldby, looks at the elegy in contemporary writing and particularly at how it has emerged and been adapted as a response to terrorist attacks such as 9/11. Emphasising and explaining the significance of elegy today, this illuminating guide to an emotive literary genre will be of interest to students of literature, media and culture **The Portable Poetry Workshop** Nigel McLoughlin, 2017-09-16 This book explores the art of poetry writing from a practice-based perspective, showing how form, trope and theory inform the practical craft of writing.

poems It is divided into three key sections Form and structure covering sonnets ballads blank verse and more Trope and device introducing topics such as irony imagery and voice Poetics and practice which discusses the writing of poets such as Robert Frost Amy Lowell and Frank O'Hara Each chapter unpacks a particular concept or form using examples to display it in practice The book is filled with exercises to get you writing and hints and tips for effective re writing and for avoiding common pitfalls Written by published poets many of whom teach writing or literature The Portable Poetry Workshop will push you to explore beyond your creative writing boundaries

Shadows of the Gunmen Danine Farquharson, Sean Farrell, 2008. The first interdisciplinary study of violence and the modern Irish experience. *Shadows of the Gunmen* contributes to both Irish studies and the broader examination of violence in the modern world. Providing both examples of and an introduction to recent scholarship that addresses the representations of violence, *Shadows of the Gunmen* probes the connections between political, historical violence and aesthetic representations thereof. Scholars have long understood the key roles played by violence in the making of modern Ireland. In recent years, studies on violence have become increasingly creative and sophisticated as scholars have used new analytical lenses to confront the real challenges faced in writing violence. Much of the best work in this new literature examines the complex relationships between violence and its representation. *Shadows of the Gunmen* provides a coherent introduction to the latest scholarship. With essays from historians, film scholars, literary critics, and philosophers, *Shadows of the Gunmen* is both relevant to the particular Irish experience and the broader contemporary world. Violence may not speak, but violence is represented, and these depictions are continually interrogated and/or contested in public and private arenas across Ireland and abroad. This volume of essays will explore and probe the connection between political, historical violence and aesthetic representations of such violence. The first interdisciplinary study of violence and the modern Irish experience, *Shadows of the Gunmen* is a major contribution to both Irish studies and the broader examination of violence in the modern world.
