Stories 1904-1924 By Franz Kafka:

Stories, 1904-1924 Franz Kafka, 1995 First published 1981 Collection of stories which cover the whole of Kafka's writing career

Franz Kafka and his Prague Contexts Marek Nekula, 2016-03-01 Franz Kafka is by far the Prague author most widely read and admired internationally. However, his reception in Czechoslovakia, launched by the Liblice conference in 1963, has been conflicted. While rescuing Kafka from years of censorship and neglect, Czech critics of the 1960s overwrote his German and Jewish literary and cultural contexts in order to focus on his Czech cultural connections. Seeking to rediscover Kafka's multiple backgrounds in *Franz Kafka and His Prague Contexts*, Marek Nekula focuses on Kafka's Jewish social and literary networks in Prague, his German and Czech bilingualism, and his knowledge of Yiddish and Hebrew. Kafka's bilingualism is discussed in the context of contemporary essentialist views of a writer's organic language and identity. Nekula also pays particular attention to Kafka's education, examining his studies of Czech language and literature as well as its role in his intellectual life. The book concludes by asking how Kafka read his urban environment, looking at the readings of Prague encoded in his fictional and nonfictional texts. Nekula's work has had a major impact on our understanding of Kafka's relation to the complex social, cultural, and linguistic environment of early twentieth-century Prague. While little of this work has been available in English until now, the present volume translates many of his most important studies and includes revisions and expansions appearing now for the first time. Nekula challenges stubborn clichés and opens important new perspectives. Readers interested in questions relating to Kafka and Prague will find this an essential and richly rewarding book.

Peter Zusi, University College London

Marek Nekula's important book originally situates Franz Kafka within his Prague and Czech contexts. It critically examines numerous distortions that accompanied the reception of Kafka, starting with the central issue of Kafka's languages: Kafka's Czech, Prague German, and the ideological discourse surrounding the author in communist Czechoslovakia. Astute and carefully argued, *Franz Kafka and his Prague Contexts* offers new perspectives on the writings of the Prague author. This book will benefit readers in German and Slavic Studies, in Comparative Literature, and in the History of Ideas.

Veronika Tuckerová, Harvard University

Transforming Kafka Patrick O'Neill, 2014-01-01 Patrick O'Neill approaches five of Kafka's novels and short stories by considering the many translations of each work as a single multilingual macrotext **The Lichen Factor** Jim Lotz, 1998

Kafka and the Universal Arthur Cools, Vivian Liska, 2016-07-25 Kafka's work has been attributed a universal significance and is often regarded as the ultimate witness of the human condition in the twentieth century. Yet his work is also considered paradigmatic for the expression of the singular that cannot be subsumed under any generalization. This paradox engenders questions not only concerning the meaning of the universal as it manifests itself in and is transformed by Kafka's writings but also about the expression of the singular in literary fiction as it challenges the opposition between the universal and the singular. The contributions in this volume approach these questions from a variety of perspectives. They are structured according to the following issues: ambiguity as a tool of deconstructing the pre-established philosophical meanings of the universal; the concept of the law as a major symbol for the universal meaning of Kafka's writings; the presence of animals in Kafka's texts; the modernist mode of writing as challenge of philosophical concepts of the universal; and the meaning and relevance of the universal in contemporary Kafka reception. This volume examines central aspects of the interplay between philosophy and literature. **Kierkegaard and Levinas** Patrick Sheil, 2017-03-02 The Danish Christian existentialist Søren Kierkegaard (1813-1855) and the Jewish Lithuanian-born French interpreter of modern phenomenology Emmanuel Levinas (1906-1995) have enabled theology and philosophy to illuminate and confront one another in radical and important ways. This book addresses the theological and philosophical thought of both Kierkegaard and Levinas with a focus on the special form that exists in the grammar of many languages for cases of uncertainty, possibility, hypothesis, and for expressions of hope, the subjunctive mood. As well as presenting arguments and observations about Kierkegaard and Levinas through an analysis of the subjunctive mood, Patrick Sheil offers an interesting and accessible way into the thought of these two major European philosophers and he explores a wide range of Kierkegaardian and Levinasian texts throughout.

Journal of the Kafka Society of America, 2002 **The Usable Past** Lois Parkinson Zamora, 1997-12-13 A comparative study of Latin American and North American fiction Jesus in Twentieth Century Literature, Art, and Movies Paul C. Burns, 2007-07-15 Burns' collection taken from a conference at a 2004 regional SBL meeting explores the ways in which these portraits of Jesus continue to fulfill the familiar observation that people tend to depict Jesus in their own image.

Embodied Memory Anat Feinberg, 1999 In *Embodied Memory* Anat Feinberg offers the first English language study of the controversial dramatist George Tabori. A Jewish Hungarian playwright and novelist, Tabori is a unique figure in postwar German theatre, one of the few theatre people since Bertolt Brecht to embody the ideal union of playwright, director, theatre manager, and actor. Revered as a theatre guru, Tabori's career first in the United States and later in Germany is fraught with controversy.
