

Alexander the Great

3. Alexander the Great

a. Background

- i. Takes over at age 20 after the death of his father Philip II
- ii. Taught by Aristotle: learned science, geography & literature
- iii. Enjoyed Homer's description of the heroic deeds of Achilles during the Trojan Wars
- iv. Killed 6,000 Thebans in a rebellion; cruelty frightened Greeks into accepting Alexander as their leader

Alexandreida In Rima The Life And Deeds Of Alexander The Great

David Zuwiyya

Alexandreida In Rima The Life And Deeds Of Alexander The Great:

Alexandreida in Rima Anne Wilson Tordi, 2004 This work is a critical edition of an Italian poetic version of the legend of Alexander the Great The Alexandreida in Rima was written in the 15th century and was primarily derived from a 12th century Latin prose version of a Greek romance [Brill's Companion to the Reception of Alexander the Great](#) ,2018-09-11 Brill's Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject's significant impact across a sometimes surprising and comprehensive variety of areas Arguably no other historical figure has cast such a long shadow for so long a time Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure **A Companion to**

Alexander Literature in the Middle Ages David Zuwiyya, 2011-07-27 Drawing on decades of research on Alexander literature from all over the world this book is bound to become a medievalist's best companion It studies Alexander romances from the East and the West in literary form and content [Historical Agency and the 'Great Man' in Classical Greece](#) Sarah Brown Ferrario, 2014-10-02 Examines the evolution of great man theory in classical Greece not only in historical writing but also in popular thought *The British National Bibliography* Arthur James Wells, 2005 *Antiquitas* ,2014 **Bibliografia generale della lingua e della letteratura italiana** ,2004 *Dictionary Catalog of the Rare Book Division* New York Public Library. Rare Book Division, New York Public Library. Research Libraries, 1971 Reference tool for Rare Books Collection

Alexander the Great Richard Stoneman, 2008-01-01 Alexander the Great 356-323 B.C. precipitated immense historical change in the Mediterranean and Near Eastern worlds But the resonance his legend achieved over the next two millennia stretched even farther across foreign cultures religious traditions and distant nations This engaging and handsomely illustrated book for the first time gathers together hundreds of the colorful Alexander legends that have been told and retold around the globe Richard Stoneman a foremost expert on the Alexander myths introduces us first to the historical Alexander and then to the Alexander of legend an unparalleled mythic icon who came to represent the heroic ideal in cultures from Egypt to Iceland from Britain to Malaya Alexander came to embody the concerns of Hellenistic man he fueled Roman ideas on tyranny and kingship he was a talisman for fourth century pagans and a hero of chivalry in the early Middle Ages He appears in Jewish Christian and Islamic writings frequently as a prophet of God Whether battling winged foxes or meeting with the Amazons descending to the underworld or inventing the world's first diving bell Alexander inspired as a hero even a god Stoneman traces Alexander's influence in ancient literature and folklore and in later literatures of east and west His book provides the definitive account of the legends of Alexander the Great a powerful leader in life and an even more powerful figure in the history of literature and ideas *The Book of Alexander the Great* Richard Stoneman, 2012-03-30 The

Book of Alexander the Great or the Phyllada has for three centuries been the most popular account of Alexander's career in modern Greece. After circulating in manuscript form it was first published in 1680 in Venice and has been continuously in print in Greek ever since. The Phyllada broadly follows the structure of the ancient Alexander Romance but is much better organised and is a work of popular literature reflecting the immense interest that the Conqueror has generated since earliest times. Numerous folktales and local legends kept his story alive and many works about Alexander circulated in manuscript during the Byzantine period. The Phyllada is the culmination of this tradition. Yet it has never been translated into English, a surprising neglect which Richard Stoneman, an acknowledged expert on Alexander, makes good in this elegant rendering supplemented by a full introduction. As a piece of literature the Phyllada is among the best treatments of the Alexander legend, being full of colour and human interest. Alexander not only encounters the heroes of Troy on his adventures but wears the crown and robe of Solomon. His descent into the Cave of the Gods, Greek and Egyptian gods in the Romance, becomes a visit to a hell described in Christian terms. The pagan Alexander is thus filtered through a modern lens and becomes an emblem of the good king. The sophisticated narrative structure and world view of the Phyllada account for its lasting influence. This new translation does it full justice. *Alexander the Great* Thomas R. Martin, Christopher W.

Blackwell, 2012-09-28 This book explains what made Alexander Great according to the people and expectations of his time and place. *Alexander the Great* Angel Rumano, 2003-06 The life and lasting influence of a young conqueror. Full of vivid historical anecdotes, this book presents the life, conquests and deeds of Alexander the Great, the king of Macedonia who came to the throne at age 20, set out to conquer the world and died at the young age of 33. Detailed are his rise, reign and extensive conquests from Greece and India to Asia Minor and Egypt. Distinct from many studies of Alexander, this visual history emphasizes the influence of his life on art and literature. *The Life of Alexander the Great* Plutarch, 2004-04-13 In 336 b.c. Philip of Macedonia was assassinated and his twenty-year-old son Alexander inherited his kingdom. Immediately quelling rebellion, Alexander extended his father's empire throughout the Middle East and into parts of Asia, fulfilling the soothsayer Aristander's prediction that the new king should perform acts so important and glorious as would make the poets and musicians of future ages labour and sweat to describe and celebrate him. *The Life of Alexander the Great* is one of the first surviving attempts to memorialize the achievements of this legendary king, remembered today as the greatest military genius of all time. This exclusive Modern Library edition excerpted from Plutarch's *Lives* is a riveting tale of honor, power, scandal and bravery, written by the most eminent biographer of the ancient world. *Alexander the Great: The Invisible Enemy* John Maxwell O'Brien, 2003-09-02 Despite Alexander the Great's unprecedented accomplishments during the last seven years of his life, this indomitable warrior became increasingly unpredictable, sporadically violent, megalomaniacal and suspicious of friends as well as enemies. What could have caused such a lamentable transformation? This biography seeks to answer that question by assessing the role of alcohol in Alexander the Great's life, using the figure of Dionysus as a symbol of its

destructive effects on his psyche The unique methodology employed in this book explores various aspects of Alexander s life while maintaining an historical framework The exposition of the main theme is handled in such a way that the biography will appeal to general readers as well as scholars **History of Alexander the Great** Marshall Monroe Kirkman,1913

Alexander the Great Philip Freeman,2011-01-04 In the first authoritative biography of Alexander the Great written for a general audience in a generation classicist and historian Philip Freeman tells the remarkable life of the great conqueror The celebrated Macedonian king has been one of the most enduring figures in history He was a general of such skill and renown that for two thousand years other great leaders studied his strategy and tactics from Hannibal to Napoleon with countless more in between He flashed across the sky of history like a comet glowing brightly and burning out quickly crowned at age nineteen dead by thirty two He established the greatest empire of the ancient world Greek coins and statues are found as far east as Afghanistan Our interest in him has never faded Alexander was born into the royal family of Macedonia the kingdom that would soon rule over Greece Tutored as a boy by Aristotle Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns Shortly after taking command of the army he launched an invasion of the Persian empire and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present day Pakistan and the plains of India Alexander spent nearly all his adult life away from his homeland and he and his men helped spread the Greek language throughout western Asia where it would become the lingua franca of the ancient world Within a short time after Alexander s death in Baghdad his empire began to fracture Best known among his successors are the Ptolemies of Egypt whose empire lasted until Cleopatra In his lively and authoritative biography of Alexander classical scholar and historian Philip Freeman describes Alexander s astonishing achievements and provides insight into the mercurial character of the great conqueror Alexander could be petty and magnanimous cruel and merciful impulsive and farsighted Above all he was ferociously intensely competitive and could not tolerate losing which he rarely did As Freeman explains without Alexander the influence of Greece on the ancient world would surely not have been as great as it was even if his motivation was not to spread Greek culture for beneficial purposes but instead to unify his empire Only a handful of people have influenced history as Alexander did which is why he continues to fascinate us **The Life of Alexander the Great** Arrian,1970 HISTORY OF ALEXANDER THE GREAT MARSHALL MONROE. KIRKMAN,2019

History of Alexander the Great Marshall Monroe Kirkman,2016-06-15 Excerpt from History of Alexander the Great His Personality and Deeds Dier Like Caesar and Napoleon he was however pre eminent for his administrative qualities and except for his genius in this respect would have achieved little for mankind and certainly no lasting fame We cannot conceive of Napoleon as having a superior as a soldier but neither the studies of the great Corsican nor his experience prepared him to govern when he came to power and it fell out that the structures he reared as Emperor fell about his ears like a house of cards ere he ceased to rule About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books

Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
