Effective Writing Pedro Pak-tao Ng, 2003 This book offers basic guidelines on writing effectively for academic purposes. It reminds students that writing is an integral part of the learning process and shows them how to write clear sentences, coherent paragraphs and well organized papers. It explains in detail matters of style and format including how to quote, cite and list reference sources using both APA and ASA styles and how to present quantitative and qualitative research results. To make the book more helpful, topics such as subject-verb agreement, the use of articles, verb tenses and punctuation are included in the appendices. Also included are detailed comments on revision of faulty sentences taken from student writing and an extensive appendix on the use of over 300 selected words and phrases with explanatory notes and example sentences.
