

The image features a digital camouflage pattern background. In the top left corner, there are two brown rectangular items, possibly pouches or small bags. In the top right corner, there are two dark, cylindrical objects, which could be rolled-up gear or containers. In the bottom left corner, there is a green, quilted jacket or sleeping bag. In the bottom right corner, there is a pair of green and brown camouflage pants. The text "ORGANIZATIONAL CLOTHING AND INDIVIDUAL EQUIPMENT (OCIE) GUIDE" is centered in the middle of the image in a bold, black, sans-serif font.

 human hitchhiker human life with its anxiety ageing illness and constant need for problem solving may look unviable Yet for
 humans the life struggle is softened by human touch human emotion and human cooperation The Global Encyclopaedia of
 Informality Volume 3 continues the journey of the two previous volumes into the world's open secrets unwritten rules and
 hidden practices It focuses on issues of emotional ambivalence and pressures of the digital age The informal practices
 presented in this volume demonstrate the urgency of alleviating tensions between continuity and all too rapid change and the
 need to tackle the central problem of modern societies uncertainty The volume takes a reader on a biographical journey
 through elusive taken for granted or banal ways of getting things done from over 70 countries and world regions It offers
 innovative understanding of the significance of fringes and challenges the assumption that informality is associated
 exclusively with poverty underdevelopment the Global South oppressive regimes or the former socialist countries of Eastern
 Europe and Central Asia It also maps the patterns of informality around the globe identifies specific informal practices in a
 context sensitive way and documents their ambivalent impact on people engaged in problem solving on societies in which
 these problems arise and on humanity overall Praise for The Global Encyclopaedia of Informality Volume 3 This book tells a
 story of human cooperation It is not the narrative you'll find in books teaching you how to solve problems It is an assemblage
 of something much more endemic fundamentally human and much more pervasive than we tend to think of informality It
 involves money and power but also the alternative currencies of gaining advantage or gaming the system Bruce Schneier
 author of *A Hacker's Mind* Alena Ledeneva's latest database of rule bending is a goldmine for documentary makers and
 storytellers Entries from 70 countries covering a human lifespan from Chinese anchor babies to funeral feasts in Azerbaijan

offer remarkable insights into the way the world really works Lucy Ash journalist
