The German Cabaret Legacy in American Popular Music William Farina, 2013-01-28 The stylistic remnants of cabaret music from Weimar era Germany are all around us During the 20th century its most prominent American exponents were the Germans Marlene Dietrich and Lotte Lenya whose careers extended through the 1970s Because of them and others the words and music of such artists as Kurt Weill Bertolt Brecht Friedrich Hollaender and Marcellus Schiffer continue to be heard and exert widespread influence Major songwriters touched by cabaret include Lennon McCartney Bacharach David Kander Ebb Bob Dylan Randy Newman and Patti Smith among many others African American artists beginning with Louis Armstrong have been sympathetic interpreters of cabaret music Modern day Las Vegas appears to be the fulfillment of a prophecy made in the late 1920s by Weill Brecht in their Mahagonny stage works And today the German Kabarett tradition remains strong with such stars as Ute Lemper and Max Raabe packing international venues

Classic American Popular Song David Jenness, Donald Velsey, 2014-02-04 Classic American Popular

Song The Second Half Century 1950 2000 addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading

Popular Music,

Cultural Politics and Music Education in China Wai-Chung Ho, 2016-12-08 While attention has been paid to various aspects of music education in China to date no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China Before the implementation of the new curriculum reforms in China at the beginning of the twenty first century there was neither Chinese nor Western popular music in textbook materials Popular culture had long been prohibited in school music education by China's strong revolutionary orientation which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland

Navigating Stylistic Boundaries in the Music History Classroom Esther M. Morgan-Ellis,2024-04-30 At a time of transformation in the music history classroom and amid increasing calls to teach a global music history Navigating Stylistic Boundaries in the Music History Classroom adds nuance to the teaching of varied musical traditions by examining the places where they intersect and the issues of musical exchange and appropriation that these intersections raise Troubling traditional boundaries of genre and style this collection of essays helps instructors to denaturalize the framework of Western art music and invite students to engage with other traditions vernacular popular and non Western on their own terms The book draws together contributions by a wide range of active scholars and educators to investigate the teaching of music history around cases of stylistic borders exploring the places where different practices of music and values intersect Each chapter in this collection considers a specific case in which an artist or community engages in what might be termed musical crossover exchange or appropriation and delves deeper into these concepts to explore questions of how musical meaning changes in moving across worlds of practice Addressing works that are already widely taught but presenting new ways to understand and interpret them this volume enables instructors to enrich the perspectives on music history that they present and to take on the challenge of teaching a more global music history without flattening the differences between traditions
