American Sniper Interview:

The Films of Clint Eastwood Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 *American Sniper* a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives

Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions *Through the Crosshairs* traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence

The War Comes with You Stacey Peebles, 2024-12-12 How do we tell twenty first century war stories when the wars seem to go on forever In the post 2011 surge of war stories published in America and Iraq the defining characteristic is the depiction of combat violence that crosses borders overtakes civilian spaces and disrupts chronology In *The War Comes with You* Enduring War in Life Fiction and Fantasy Stacey Peebles picks up where her groundbreaking first book *Welcome to the Suck* Narrating the American Soldier's Experience in Iraq left off Via careful readings of fiction memoir and poetry by writers such as Ben Fountain Siobhan Fallon Brian Turner and Hassan Blasim as well as recent superhero and Star Wars films Peebles argues that in the face of real and fantasy forever wars things fall apart Language identities bodies and even the stories themselves fragment These narratives suggest that people need not accept incoherence and there is a range of meaningful responses to the experience of everywhere all the time war Peebles illustrates what to do that is when war comes with you

Clint Eastwood Ian Nathan, 2023-09-21 Clint

Eastwood is Hollywood's elder statesman and its conscience. He is the standard by which other films and filmmakers are judged. He represents both classical Hollywood and an entirely modern uncompromising and unfussy directorial presence. There are those who adore him as a cowboy, a superstar, the rugged unyielding yet introspective face of American machismo. There are those who read him as a great American auteur fashioning uncompromising fascinating intellectual films about his country, about life, about whatever the hell takes his fancy. No single figure in all of Hollywood operates so freely outside of the strictures of commercial pressure. And yet, or perhaps that is because he makes hit after hit. Separation of actor and director is almost impossible. They are intimately related, cross-pollinating, but he has become in the latter half of his career to be viewed as one of the great American artists. While drawing connections from his wider work as an actor and those who have influenced him, it is his identity as a director that this book will celebrate. This is not a career; it is a landscape. **Jihad Joe J. M. Berger**, 2011-04-30. They are Americans and they are mujahideen. Hundreds of men from every imaginable background have walked away from the traditional American dream to volunteer for battle in the name of Islam. Some have taken part in foreign wars that aligned with U.S. interests, while others have carried out violence against Western interests abroad, fought against the U.S. military, and even plotted terrorist attacks on American soil. This story plays out over decades and continents, from the Americans who took part in the siege of Mecca in 1979 through conflicts in Lebanon, Afghanistan, and Bosnia, and continuing today in Afghanistan and Somalia. Investigative journalist J. M. Berger profiles numerous fighters, including some who joined al Qaeda and others who chose a different path. In these pages, he portrays, among others, Abdullah Rashid who fought the Soviets in Afghanistan, Mohammed Loay Bayazid who was present at the founding of al Qaeda, Ismail Royer who fought in Bosnia and Kashmir, then returned to run training camps in the United States, Adam Gadahn, a California Jew who is now al Qaeda's chief spokesman, and Anwar Awlaki, the Yemeni American imam with links to 9/11 who is now considered one of the biggest threats to America's security. **American Cinema in the Shadow of 9/11** Terence McSweeney, 2016-12-05. American Cinema in the Shadow of 9/11 is a ground-breaking collection of essays by some of the foremost scholars writing in the field of contemporary American film. Through a dynamic critical analysis of the defining films of the turbulent post-9/11 decade, the volume explores and interrogates the impact of 9/11 and the War on Terror on American cinema and culture. In a vibrant discussion of films like American Sniper (2014), Zero Dark Thirty (2012), Spectre (2015), The Hateful Eight (2015), Lincoln (2012), The Mist (2007), Children of Men (2006), Edge of Tomorrow (2014), and Avengers: Age of Ultron (2015), noted authors Geoff King, Guy Westwell, John Shelton Lawrence, Ian Scott, Andrew Schopp, James Kendrick, Sean Redmond, Steffen Hantke, and many others consider the power of popular film to function as a potent cultural artefact, able to both reflect the defining fears and anxieties of the tumultuous era but also shape them in compelling and resonant ways. **The Greatest Sniper Stories Ever Told** Tom McCarthy, 2016-05-01. In The Greatest Sniper Stories Ever Told, editor Tom McCarthy has pulled together some of the finest writings about snipers that capture readers' imaginations meticulously culled from books, magazines, movies,

and elsewhere It is an unforgettable collection and includes stories by Chris Kyle author of American Sniper Joe LeBleu Gina Cavallaro and Matt Larsen and many others It includes tales of legendary snipers from the Revolutionary War up through present day Afghanistan and Iraq

Hollywood's Imperial Wars Armando José Prats, 2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando José Prats explores in *Hollywood's Imperial Wars* The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats's analysis were forever altered by the loss in Vietnam Even movies like *American Sniper* that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts
