Are You Saved? Barbara Pappas,1997 *Introducing Christian Theologies, Volume Two* Victor I. Ezigbo,2015-12-31
Should Christianity's theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity *Introducing Christian Theologies Voices from Global Christian Communities* is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with voices of Christian communities from across the globe *Introducing Christian Theologies* explores the works of key theologians from around the world highlighting their unique contributions to Christian theology and doctrine *Orthodox Christianity* Carl S. Tyne,2003 The Orthodox Church is one of the three major branches of Christianity There are over 300 million adherents throughout the world The Orthodox Church is a fellowship of independent churches which split from the Roman Church over the question of papal supremacy in 1054 The Orthodox adherents include people in Greece Georgia Russia and Serbia There are an estimated one million members in the United States This Advanced book explains the basic principles of Orthodox Christianity and describes in detail the holidays observed by the Orthodox Church In addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes **To Read and To Know** Bogdan Costea,Alexandru Costea,2024-01-10 In some language groups Bible commentaries and translations are of lesser quality often due to the lack of training in Greek Hebrew and Aramaic for their authors and translators Additionally many commentaries are authored by those who are unfamiliar with the language church and culture of the target audience Further some language groups struggle with the quality of translations even of the biblical text itself A translation may not be based on the biblical languages but on a Bible translation in another modern language This can result in the theological perspective of the previous translators being unwittingly written into the subsequent translation How can these challenges be addressed In this volume of the Tyndale Theological Seminary Theses Series two brothers Bogdan and Alexandru Costea address these types of biblical studies issues in Romania Bogdan writes about the importance of having a Romanian commentary series that compares the biblical languages with the Romanian Bible versions used by Evangelicals and interacts with the Church Fathers Alexandru evaluates the meaning and implications of as translated in the Romanian Orthodox Bible a word commonly translated as save in many English contexts These two men thus grapple with the core issues related to commentary production suitable for the Romanian context as well as provide a model for other language contexts Their interest in conjunction with that of Dr Octavian Baban and Dr H H Drake Williams III has helped to produce the *Seria Comentarii Exegetice Rom ne ti Oradea RO Decenu 2023* *Christianity For Dummies*

Richard Wagner,2011-04-20 Get to know the beliefs and practices inspired by Jesus Christ Discover what it means to be a Christian and follow the gospel Curious about Christianity This friendly guide helps you understand the basic teachings of the Christian faith exploring the common ground that all Christians share the differences among the major branches the key events in Christian history the key theological issues and the many ways Christians live out their faith in today s world The Dummies Way Explanations in plain English Get in get out information Icons and other navigational aids Tear out cheat sheet Top ten lists A dash of humor and fun Discover how to Express the core essentials of Christianity Appreciate the life and teachings of Jesus Understand why the Bible is central to the faith Respect the unique roles of the Trinity Explore controversial issues among the branches Re-Introducing Christianity Amir Azarvan,2016-03-22 Faith means making a virtue out of not thinking And those who preach faith and enable and elevate it are intellectual slaveholders keeping mankind in a bondage to fantasy and nonsense that has spawned and justified so much lunacy and destruction Bill Maher Many seem unaware that contemporary critiques of Christianity are relevant mostly to its modern offshoots whose followers have to some extent earned Bill Maher s unflattering caricatures To its detriment Christianity is increasingly identified in people s minds with these more recent expressions As a result a growing number of people are turning away from Christianity and indeed religious faith altogether Drawing from an eclectic group of theologians clergy members monastics and lay scholars this edited volume re introduces Christianity to a modern audience It presents a more authentic experiential side of Christianity to the religious skeptic a side that eschews blind faith legalism and judgment a side that is rarely given a hearing in the ongoing debate with today s skeptics Re Introducing Christianity is also directed at modern Christians and refutes their most frequently expressed criticisms of what the contributors boldly but humbly call the Apostolic Faith **American Book Publishing Record Cumulative 1998** R R Bowker Publishing,1999-03 *Loving God through the Truth, Second Edition* Mark Kim,2023-05-25 The word theology is often construed by many as referring to a very dry and academic discipline only reserved for the professional clergy and seminary professors Many lay Christians in the church are intimidated by the subject and feel it to be a tedious intellectual exercise that is of no use for their spiritual growth and mission of the church In an attempt to address this concern Mark Kim presents here an introductory systematic theology that deals with the core doctrinal topics of Christianity that is accessible for the average layperson The work will engage heavily with Scripture and the voices of the past and present who have contributed to the total theological voice of the church at large In this second edition of the work there is included an extra chapter on the doctrine of the Christian life As pointed out in the first edition of the work theology should foremost be practical in its results and application The author addresses this concern by including a new chapter discussing the nature of the Christian life and how Christians should live in the world

Introducing Christian Theologies II Victor I Ezigbo,2016-08-25 Should Christianity s theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa

Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity

Introducing Christian Theologies Voices from Global Christian Communities is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of Christian communities from around the globe **Introducing Christian Theologies** explores the works of key theologians from across the globe highlighting their unique contributions to Christian theology and doctrine

The Gospel of the Christ Thomas Lewis Stegall, 2009-07 The Gospel of the Christ is a clear biblical reply to the question of what a person must believe about Jesus Christ to possess eternal life While Christianity has historically maintained that faith in Jesus Christ is essential for everlasting life this raises the vital question what is the necessary content of this faith Written against the backdrop of the controversy within Free Grace circles over the crossless gospel and the contents of saving faith Thomas Stegall goes well beyond a carefully documented analysis of his own movement The Gospel of the Christ provides a systematic exegetically based treatment of biblical teaching on the subject of the gospel and the meaning of the title the Christ The end result is a comprehensive biblical and theological study of Jesus Christ's person and work in the contents of saving faith

Payton Jr., 2007-07-26 James R Payton Jr introduces us to Eastern Orthodox history theology and practice For all readers interested in ancient ecumenical Christian theology and spirituality this book is especially open and sympathetic to what evangelicals can learn from orthodoxy

Adventures in the Unseen Makarios Tillyrides, 2004 The manner in which Orthodoxy was introduced into East Africa during the twentieth century and the way in which it has taken root and spread can only be explained in terms of a Divine miracle Orthodoxy has spread phenomenally throughout East Africa From Uganda it has spread into Kenya Tanzania and all Africa In recent years the Orthodox Churches of Finland Greece Cyprus and America have assisted their sister Church in East Africa This help in no way detracts from the fact that the planting of Orthodoxy in East Africa was achieved by African men and African enterprise without any external missionary support His Eminence Archbishop Makarios Metropolitan of Zimbabwe a native of Cyprus began his missionary activity in East Africa as the Principal of the Patriarchal Seminary which was established in Kenya by His Beatitude Archbishop Makarios III of Cyprus In 1992 he was elected and consecrated Bishop of Riruta He continued as principal of the Patriarchal Seminary until September 1997 The following year the Holy Synod of the Patriarchate of Alexandria elected him as Metropolitan of Zimbabwe His collection of sermons and other discourses delivered on various occasions gives an insight into a work of transformation Seventy years ago authentic Orthodoxy did not exist in East Africa Today a network of hundreds of parishes extends across the length and breadth of this vast area of the continent It is an event of no small significance in modern Christian history These sermons serve to provide a witness to this remarkable phenomenon
