Arius Heresy And Tradition:

Arius Rowan Williams,2001 Arianism has been called the archetypal Christian heresy a denial of the divine status of Christ In his examination now augmented by new material Rowan Williams argues that Arius himself was a dedicated theological conservative whose concern was to defend the free and personal character of the Christian God His heresy grew out of the attempt to unite traditional biblical language with radical philosophical ideas and techniques and was from the start involved with issues of authority in the church Thus the crisis of the early 4th century was not only about the doctrine of God but also about the relations between emperors bishops and ascetical charismatic teachers in the church s decision making Williams raises the wider questions of how heresy is defined and how certain kinds of traditionalism transform themselves into heresy With a fresh conclusion in which the author reflects on how his views have changed or remained the same and a new introduction this book is suitable reading for students of patristics doctrine and church history *Arius* R. Williams,1991 *Arius* Rowan Williams,1987 **Arius** Master of Magdalene College University of Cambridge Former Archbishop of Canterbury Rowan Williams,Rowan Williams,2001-09-01 Arianism has been called the archetypal Christian heresy a denial of the divine status of Christ In his examination now augmented by new material Rowan Williams argues that Arius himself was a dedicated theological conservative whose concern was to defend the free and personal character of the Christian God His heresy grew out of the attempt to unite traditional biblical language with radical philosophical ideas and techniques and was from the start involved with issues of authority in the church Thus the crisis of the early 4th century was not only about the doctrine of God but also about the relations between emperors bishops and ascetical charismatic teachers in the church s decision making Williams raises the wider questions of how heresy is defined and how certain kinds of traditionalism transform themselves into heresy With a fresh conclusion in which the author reflects on how his views have changed or remained the same and a new introduction this book is suitable reading for students of patristics doctrine and church history Knowledge and Religious Authority in the Pseudo-Clementines Nicole Kelley,2006 The Pseudo Clementines are best known for preserving early Jewish Christian traditions but have not been appreciated as a resource for understanding the struggles over identity and orthodoxy among fourth century Christians Jews and pagans Using the work of sociologist Pierre Bourdieu Nicole Kelley analyzes the rhetorical strategies employed by the Recognitions These strategies discredit the knowledge of philosophers and astrologers and establish Peter and Clement as the exclusive stewards of prophetic knowledge which has been handed down to them by Jesus This analysis reveals that the Pseudo Clementine Recognitions is not a jumbled collection of earlier source materials as previous interpreters have thought but a coherent narrative concerned primarily with epistemological issues The author understands the Recognitions as a reflection of complex rivalries between several types of Christian and non Christian groups such as that found in fourth century Antioch or Edessa Islam, Christianity and Tradition Ian Richard Netton,2006-12-22 Offers a unique comparative exploration of the

role of tradition in Islam and Christianity The idea of tradition has enjoyed a variety of senses and definitions in Islam and Christianity but both have cleaved at certain times to a supposedly golden age of tradition from the past The author suggests there has been a chain of thinkers from classical Islam to the twentieth century who share a common interest in *ijtihad* or independent thinking Drawing on past and present evidence and using Christian tradition as a focus for contrast and comparison the author highlights the seemingly paradoxical harmony between tradition and *ijtihad* in Islam The author draws on a variety of primary and secondary sources including contemporary newspaper and journal [An Introduction to the Unitarian and Universalist Traditions](#) Andrea Greenwood, Mark W. Harris, 2011-08-11 How is a free faith expressed organised and governed How are diverse spiritualities and theologies made compatible What might a religion based in reason and democracy offer today's world This book will help the reader to understand the contemporary liberal religion of Unitarian Universalism in a historical and global context Andrea Greenwood and Mark W Harris challenge the view that the Unitarianism of New England is indigenous and the point from which the religion spread Relationships between Polish radicals and the English Dissenters existed and the English radicals profoundly influenced the Unitarianism of the nascent United States Greenwood and Harris also explore the US identity as Unitarian Universalist since a 1961 merger and its current relationship to international congregations particularly in the context of twentieth century expansion into Asia

Christ the Stranger: The Theology of Rowan Williams Benjamin Myers, 2012-01-26 An introduction to the thought of one of the most fascinating theologians and at the same time most controversial church leaders of our time **Arianism: Historical and Theological Reassessments** Robert C. Gregg, 2006-10-19 Recent research has exposed difficulties in those interpretations of Arianism upon which we have long relied old certainties have given way to new lines of inquiry And yet a fresh picture of this historic controversy adequate to the complexity of Arianism or the several forms and expressions of Arianism and to the complexity of the era in which it emerged is being sketched line by line This collection of papers reflects in some measure the state of the question what is Arianism The pursuit of a fuller and more precise answer entails the several kinds of work contained in this book's sections close re-examination of sources the drawing of sharper distinctions between types of Arians and phases of Arianism even while continuities are sought careful reassessment of how Arianism is to be described as philosophy and religion and scrutiny of significant aspects of the strife between Arians and Nicenes from the Foreword *The Collected Writings of James Leo Garrett Jr., 1950-2015: Volume Four* James Leo Garrett Jr., 2020-05-06 James Leo Garrett Jr has been called the last of the gentlemen theologians and the dean of Southern Baptist theologians In *The Collected Writings of James Leo Garrett Jr 1950-2015* the reader will find a truly dazzling collection of works that clearly evince the meticulous scholarship the even handed treatment the biblical fidelity the wide historical breadth and the honest sincerity that have made the work and person of James Leo Garrett Jr so esteemed and revered among so many for so long Volume 4 is the first of two volumes that will contain his theological essays Spanning sixty five years and touching on topics

from Baptist history theology ecclesiology church history and biography religious liberty Roman Catholicism and the Christian life The Collected Writings of James Leo Garrett Jr 1950 2015 will inform and inspire readers regardless of their religious or denominational affiliations *Arianism Revisited* Brendan Wolfe, Mattias Gassman, Oliver Langworthy, 2025-06-10 The volume gives a broad overview of ancient non Nicene theologies surveys key councils and events from before Nicaea until the final demise of institutional non Nicene Christianity in 589 and lays out both the historical background and the theological underpinnings of the thought of Arius himself and of his allies and their successors down to the repudiation of non Nicene Christianity by the Germanic kingdoms This content is organized around the contexts in which Arian thought is encountered differentiating doctrines across time and space while also demonstrating both intellectual and personal continuity **The Power of God: Dynamis in Gregory of Nyssa's Trinitarian Theology** Power of God Michel R. Barnes, 2001-05 Through an examination of Gregory's trinitarian theology in its historical context the author reveals the importance of the concept of power or dynamis The text also illustrates how power served as a fundamental concept in Greek philosophy and medicine *The Past is Prologue* Thomas C. Ferguson, 2005-08-01 While there has been substantial scholarly work done on the development of Christian doctrine in the fourth and fifth centuries very little corresponding attention has been paid to the writing of church history during this critical period This work examines how authors began to construct the historical narrative of the Arian controversy and focuses on the interplay between theology and worshipping communities Major figures such as Eusebius and Athanasius are examined and important but overlooked figures such as an anonymous non Nicene chronicler and Philostorgius are also included In the introduction the book surveys recent developments in the study of Arianism and discusses the usefulness of the very category of an Arian controversy Subsequent chapters set forth the thesis that church histories are important sources for understanding the development of doctrine A chapter is devoted to Eusebius Ecclesiastical History especially the oft overlooked Book X Further chapters explore the role of Rufinus as the first extant author to write a continuation of Eusebius The work also consciously includes marginalized non Nicene sources and there are chapters which examine an anonymous non Nicene chronicler and the Ecclesiastical History of the Eunomian Philostorgius of Borissus The book is particularly useful for persons interested in examining the development of doctrine in the fourth century from fresh perspectives The work approaches church histories as narrative myths of community origins produced by worshipping communities standing in continuity to local schools of thought *The Transfiguration of Christ in Greek Patristic Literature* Christopher Veniamin, 2023-07-30 This study is based on a rigorous theological analysis of primary sources and aims to present the significance of the event of the Lord's Transfiguration on Mount Tabor by means of a diachronic investigation of some of the greatest masters of the spiritual life Based on the three Synoptic Gospel narratives it examines the Taborian theophany from the early Apocryphal Writings of the New Testament to the time of the Hesychast Controversy of the fourteenth century and looks at this great revelation in writers who have been

influential in our appreciation of the subject taking each of them in turn analytically and within the context of their own theology and period and focusing on important points of similarity and contrast in the themes they develop In so doing the investigation touches on many fundamental questions pertaining to the inner life of the Christian including such themes as the divine status of Jesus Christ the Trinitarian character of revelation the role of the Holy Spirit the importance of the ecclesial context the vision of God the transformation of the human person known as theosis the non dialectical character of our encounter with God and our capacity to share in His life Transfiguration of Christ in the Spiritual Homilies of Macarius of Egypt is published as an addendum to The Transfiguration in Greek Patristic Literature From Irenaeus of Lyons to Gregory Palamas Dr Christopher Veniamin is a spiritual child of St Sophrony the Athonite 1896 1993 a graduate of the Universities of Thessalonica and Oxford has served as Professor of Patristics at St Tikhon s Seminary 1994 2023 and as Dean and COO of The Antiochian House of Studies 2015 2020 He is also the author of The Orthodox Understanding of Salvation Theosis in Scripture and Tradition and The Transfiguration of Christ in Greek Patristic Literature From Irenaeus of Lyons to Gregory Palamas With Addendum The Transfiguration of Christ in the Spiritual Homilies of Macarius the Egyptian His translation Saint Gregory Palamas The Homilies for which he wrote a prodigious number of scholia is arguably the greatest single volume commentary on the Bible in Patristic literature The Great Athanasius John R. Tyson, 2017-04-17 The Great Athanasius is an introductory survey of the life and work of the most dynamic pastor theologian of the fourth century From his birth and early years in Alexandria to the Golden Decade the book charts the life and work of Athanasius through a close study of his main writings and other important works Central to his story is the Arian controversy the Council of Nicea and the subsequent difficulties that emerged in building a consensus around the very God very Man affirmation of the Nicene Creed The eventual triumph of the theology of the Nicene Creed was largely due to his tireless efforts which are carefully chronicled in this work Though a controversial figure in his own lifetime through both his theological insight and ecclesiastical leadership and in his fidelity to his faith convictions Athanasius proved to be the great church father and theologian of his age and one of the seminal Christian thinkers of all time Shem in the Tents of Japhet James L. Kugel, 2021-09-06 These essays by some of today s greatest scholars of Judaism and Hellenism in antiquity explore a variety of ways in which these two great civilizations interacted The common focus of these studies is the transition from one culture to the next how words or concepts or conventions from the one came to be transplanted and often modified in the process in the other Taken together however they provide something broader a large variegated picture of the cultural interaction that was to prove so crucial for the later history of Judaism and Christianity The Fragility of Language and the Encounter with God Florian Klug, 2021-09-28 Drawing on recent philosophical developments in hermeneutics and poststructuralism The Fragility of Language and the Encounter with God offers a theological account of the contingency of language and perception and of how acknowledging that contingency transforms the perennial theological question of the development of doctrine

Klug applies this account to humanity's encounter with God and its translation into language. Because there exists no neutral epistemological standpoint, Klug integrates contemporary insights on the theory of the subject, especially those of Žižek and Badiou, and presents humanity as a subject that transforms its experience of and with God into language and places it in a shared space for reception. But can the speaking subject have authority and legitimacy in making statements about the Absolute? What role do the Christian faithful play in evaluating that authority? These questions are addressed both to biblical texts and doctrinal statements. Crucial is the Catholic perspective that legitimate statements of faith and insights are only possible through the Holy Spirit. However, humanity cannot command or control the Holy Spirit but can only show its influence indirectly through the receptive tradition of the universal church.

The Fragility of Language and the Encounter with God argues that statements of faith cannot overcome contingency. Instead, the Catholic notion of receptive tradition attempts to cope rationally with the fragility of perception and language in humanity's orientation toward God. [Ignatius of Antioch and the Arian Controversy](#) Paul Gilliam III, 2017-06-01. In *Ignatius of Antioch and the Arian Controversy*, Paul R. Gilliam III contends that the legacy of the second-century martyr Ignatius of Antioch was one battleground upon which Nicene and Non-Nicene personalities fought for their understanding of the relationship of the Son to the Father. It is well known that Ignatius' views continued to live on into the fourth century via the long recension of his letters. Gilliam, however, shows that there was much more to Ignatius' fourth-century presence than the Ignatian long recension. [The 'Lost Arian History' in Late Antique and Medieval Historiography](#) Joseph J. Reidy, 2024-05-10. This book explores the writing of church history during the early Byzantine period, reconsidering the evidence for the nature and authorship of a hypothetical Arian source for many surviving medieval histories of the fourth century. It considers surviving ecclesiastical histories written between the fifth and early thirteenth centuries to draw out commonalities apparently owed to this lost source and discusses attempts by modern historians to reconstruct it. In doing so, it convincingly argues that this Arian material likely belongs not to one work but three: two chronicles and a martyrology. This book therefore provides a vital reassessment of fourth-century Christian historiography as well as important insights on chronicle writing in the Middle Ages. [Prayer and the Priesthood of Christ](#) Graham Redding, 2005-03-29. In this book, Graham Redding provides a detailed account of prayer in the Reformed tradition and a critical examination of its present place in the Reformed Churches. From its inception, the Christian church thought of worship and prayer in trinitarian terms. At the heart of this trinitarian concept lay the doctrine of the priesthood of Christ, which in its liturgical expression presented Christ not merely as the object of prayer but also as its mediator; prayers were directed to the Father through Christ. The author traces the idea of the priesthood of Christ and its effects on Christian worship and prayer from its origins with the earliest Christians and through the Arian and Apollinarian debates. He then focuses on the Reformed tradition and the influences of John Calvin, John Knox, John Craig, John McLeod Campbell, William Milligan, Theodore Beza, William Perkins, federal theology, and the Westminster tradition and through to the present day. This

is an important history of an important doctrine showing in a remarkable way how the doctrinal struggles within the church have been reflected in the worshipping life of the church and how they continue to be reflected today Redding concludes with a number of key affirmations for a Reformed understanding of prayer and a critique of certain modern tendencies and practices in the church
