Problems in

Algebra for Teachers Alexander Karp, Julia Viro, 2018-10-01 The book is a collection of problems in school mathematics specifically written for the teachers It is an attempt to enrich prospective and current teachers with the deep knowledge of school mathematics and to develop their reasoning and proving skills Also it is supposed to help them to anticipate and analyze their students errors and use them as teachable moments The book is intended to be used in mathematics education courses or professional development for pre service or in service secondary school teachers It can be used in graduate and undergraduate courses in accordance with the orientations of different teacher preparation programs Additionally it can be used for the independent studies One can also imagine situations in which teachers might use certain problems from this problem book directly in working with students but this would constitute a supplementary use of the book *Oswaal JEE*
