Paperbound Books in Print ,1992 **Current Catalog** National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 *Alcoholism Treatment Rebirth* Kenneth Anderson,2025-03-30 This book covers the alcoholism treatment facilities established between the Repeal of Prohibition in 1933 and 1956 when it is erroneously believed that the American Medical Association declared alcoholism to be a disease This book blows out of the water the myths that AA invented the disease theory that Hazelden invented treatment that everyone flocked to Hazelden to learn how to do treatment and that AA convinced the American Medical Association to declare alcoholism to be a disease This book shows how the scholars at Yale University created a coast to coast science based alcoholism treatment industry in the 1940s and 1950s This book further demonstrates how Hazelden and its close ally the Johnson Institute hijacked this science based alcoholism treatment industry in the 1960s and 1970s and replaced it with one based on mysticism and faith healing These are the events which have led to the current divorce of addiction treatment from addiction science This book also chronicles the rebirth of pre Prohibition secret aversion treatments in the hands of new entrepreneurs such as HALCO Laboratories and the Samaritan Institutions and shows how Shadel Sanitarium turned these nostrums into legitimate scientific medicine This book also covers the Salvation Army Volunteers of America and other faith based programs Finally this book shows how AA groups set up AA indoctrination programs in general hospitals throughout the country starting in the 1930s Kenneth Anderson is an extremely important voice on addiction penetrating original and deeply wise Johann Hari author of Chasing the Scream

Twelve Steps for You Dick B.,2005 The much awaited work of A A Historian Dick B on the origins of each of the Twelve Steps First and foremost a history of each step How each of A A s co founders contributed to each of the Steps It looks at the original Akron A A program which had no Steps and took its basic ideas from the Bible and its principles and practices primarily from the United Christian Endeavor Movement of Dr Bob s youth Then source by source it looks at each Step as it was impacted upon by a particular contributor The Bible Oxford Group Rev Sam Shoemaker Dr Bob s wife Anne Smith the so called Six Steps then the other sources This book is an historical study of the roots of each Step and it can be used for individual and group study of the Steps in a very meaningful way It is also a guide A guide to understanding and a guide to taking each Step It also shows you how to take the Steps exactly as directed in A A s Big Book It suggests how you might look at each Step in terms of the contributions to that Step s language and meaning by each of its sources Finally it provides Christians and other students with a means of considering learning and taking each of the Steps in light of that Step s biblical and historical roots with the Big Book Bible and history at hand When

you are through you will have a perspective of the real spiritual utility of the Twelve Steps in a believer's world despite the secularization and universalism that are diluting all Twelve Step programs and the language used in connection with the Steps. For example, God as we understood Him historically and biblically means Almighty God the Creator as He is understood by the newcomer at the time of taking Steps 3 and 11. So too, powerless in Step 1 is presented in its historical context. I was licked rather than in some puzzling linguistic context seldom understood or unraveled. You'll know and guide the taking of the Twelve Steps as they were intended to be understood and as you never did before. *Prevention and Treatment of Alcohol Problems* Institute of Medicine, Committee to Identify Research Opportunities in the Prevention and Treatment of Alcohol-Related Problems, 1989-02-01. A thorough examination of nearly everything known about the prevention and treatment of alcohol problems, this volume is directed particularly at people interested in conducting research and at agencies supporting research into the phenomenon of drinking. The book essentially is two volumes in one. The first covers progress and potential in the prevention of alcohol problems ranging from the predispositions of the individual to the temptations posed by the environment. The second contains a history and appraisal of treatment methods and their costs, including the health consequences of alcohol abuse. A concluding section describes the funding and research policy emphases believed to be necessary for various aspects of research into prevention and treatment. Resources in Education, 1995-05.

The British National Bibliography Arthur James Wells, 1995. **Writing the Big Book** William H. Schaberg, 2019-09-24. The definitive history of writing and producing the Big Book of Alcoholics Anonymous told through extensive access to the group's archives. Alcoholics Anonymous is arguably the most significant self-help book published in the twentieth century. Released in 1939, the Big Book as it's commonly known has sold an estimated 37 million copies, been translated into seventy languages, and spawned numerous recovery communities around the world while remaining a vibrant plan for recovery from addiction in all its forms for millions of people. While there are many books about AA history, most rely on anecdotal stories told well after the fact by Bill Wilson and other early members, accounts that have proved to be woefully inaccurate at times. Writing the Big Book brings exhaustive research, academic discipline, and informed insight to the subject not seen since Ernest Kurtz's *Not God* published forty years ago. Focusing primarily on the eighteen months from October 1937 when a book was first proposed to April 1939 when Alcoholics Anonymous was published, Schaberg's history is based on eleven years of research into the wealth of 1930s documents currently preserved in several AA archives. Woven together into an exciting narrative, these real-time documents tell an almost week-by-week story of how the book was created, providing more than a few unexpected turns and surprising departures from the hallowed stories that have been so widely circulated about early AA history. Fast-paced, engaging, and contrary, Writing the Big Book presents a vivid picture of how early AA operated and grew, and reveals many previously unreported details about the colorful cast of characters who were responsible for making that group so successful. *Love on the Rocks* Lori Rotskoff, 2003-10-15. In this fascinating history of alcohol in postwar

American culture Lori Rotskoff draws on short stories advertisements medical writings and Hollywood films to investigate how gender norms and ideologies of marriage intersected with scientific and popular ideas about drinking and alcoholism After the repeal of Prohibition in 1933 recreational drinking became increasingly accepted among white suburban middle class men and women But excessive or habitual drinking plagued many families How did people view the problem drinkers in their midst How did husbands and wives learn to cope within an alcoholic marriage And how was drinking linked to broader social concerns during the Great Depression World War II and the Cold War era By the 1950s Rotskoff explains mental health experts movie producers and members of self help groups like Alcoholics Anonymous and Al Anon helped bring about a shift in the public perception of alcoholism from sin to sickness Yet alcoholism was also viewed as a family problem that expressed gender role failure for both women and men On the silver screen in movies such as *The Lost Weekend* and *The Best Years of Our Lives* and on the printed page in stories by such writers as John Cheever in hospitals and at Twelve Step meetings chronic drunkenness became one of the most pressing public health issues of the day Shedding new light on the history of gender marriage and family life from the 1920s through the 1960s this innovative book also opens new perspectives on the history of leisure and class affiliation attitudes toward consumerism and addiction and the development of a therapeutic culture
