Smith, 2015-09-03 There has been a tremendous amount of renewed interest in the output of Britain's Hammer Films But there remain a great number of worthwhile British horror films made at the same time by other companies that have received little attention The author provides a comprehensive listing of British horror films including science fiction fantasy and suspense films containing horror genre elements that were released between 1956 and 1976 the Golden Age of British horror Entries are listed alphabetically by original British title from Vincent Price in *The Abominable Dr Phibes* 1971 to *Zeta One* 1969 Entries also include American title release information a critique of the film and the film's video availability The book is filled with photographs and contains interviews with four key figures Max J Rosenberg cofounder of Amicus Productions one of the period's major studios Louis M Heyward former writer film executive and producer Aida Young film and television producer and Gordon Hessler director of such films as *The Oblong Box* and *Murders in the Rue Morgue* **Sovereigns and Subjects in Early Modern Neo-Senecan Drama** Daniel Cadman, 2016-03-09 *Sovereigns and Subjects in Early Modern Neo Senecan Drama* examines the development of neo Senecan drama also known as closet drama during the years 1590-1613 It is the first book length study since 1924 to consider these plays the dramatic works of Mary Sidney Samuel Daniel Samuel Brandon Fulke Greville Sir William Alexander and Elizabeth Cary along with the Roman tragedies of Ben Jonson and Thomas Kyd as a coherent group Daniel Cadman suggests these works interrogate the relations between sovereigns and subjects during the early modern period by engaging with the humanist discourses of republicanism and stoicism Cadman argues that the texts under study probe various aspects of this dynamic and illuminate the ways in which stoicism and republicanism provide essential frameworks for negotiating

this relationship between the marginalized courtier and the absolute sovereign He demonstrates how aristocrats and courtiers such as Sidney Greville Alexander and Cary were able to use the neo Senecan form to consider aspects of their limited political agency under an absolute monarch while others such as Brandon and Daniel respond to similarly marginalized positions within both political and patronage networks In analyzing how these plays illuminate various aspects of early modern political culture this book addresses several gaps in the scholarship of early modern drama and explores new contexts in relation to more familiar writers as well as extending the critical debate to include hitherto neglected authors
