

Table 1. Screening Methods for Cervical Cancer

<i>Population</i>	<i>Recommended screening method</i>	<i>Comments</i>
Women younger than 21 years	No screening	—
Women 21 to 29 years of age	Cytology alone every three years	—
Women 30 to 65 years of age	HPV and cytology cotesting (preferred) every five years	Screening by HPV testing alone is not recommended
	Cytology alone (acceptable) every three years	—
Women older than 65 years	No screening is necessary after adequate negative prior screening results	Women with a history of CIN 2, CIN 3, or adenocarcinoma in situ should continue routine age-based screening for at least 20 years
Women who have had a total hysterectomy	No screening is necessary	Applies to women without a cervix and without a history of CIN 2, CIN 3, adenocarcinoma in situ, or cancer in the past 20 years
Women vaccinated against HPV	Follow age-specific recommendations (same as unvaccinated women)	—

note: The American Society for Colposcopy and Cervical Pathology guideline should be followed for all other scenarios.

CIN = cervical intraepithelial neoplasia; HPV = human papillomavirus.

Preventive Health Measures for Lesbian and Bisexual Women Robin M. Mathy, Shelly K. Kerr, 2007-01-29 Help lesbian and bisexual women better manage their physical health The lack of information about lesbian and bisexual women s health can in part be attributed to the lack of health research focused on this population Preventive Health Measures for Lesbian and Bisexual Women helps fill this gap by providing the latest empirical evidence based research to address current health care issues confronted by sexual minority women SMW This vital source explores several diverse factors constraining the ability of lesbian and bisexual women of color to receive proper health care and exercise preventative health measures including discrimination oppression and stigmatization The reasons behind several SMW health risks are psychosocial and behavioral factors often not

considered by health practitioners Preventive Health Measures for Lesbian and Bisexual Women examines these factors in detail and provides a firm starting point for further research and ways to best address the challenges Studies on SMW behavior and perceptions reveal how lesbians and bisexual women make choices on various vital health issues such as alcohol use nutrition weight management exercise safer sex practices sunscreen use and self breast examination The research in this book is of the highest quality the discussions on the findings top notch and the conclusions important for every policymaker health practitioner and researcher to understand Research topics in Preventive Health Measures for Lesbian and Bisexual Women include the effects of lesbian or bisexual identity on preventative health behaviors cancer prevention and screening behaviors using American Cancer Society guidelines as the standards for comparison experiences with treating physicians and their attitudes positive and negative ways to help lesbians with cancer receive better support by service providers and lesbian communities comparison between lesbian and heterosexual women of psychosocial responses to treatment for breast cancer qualitative study on lesbians who frequent bars characteristics of sexual minority women across four survey sampling methods Preventive Health Measures for Lesbian and Bisexual Women is timely crucial information for health practitioners of all types women s activists public health professionals and researchers

Cervical Cancer and Human Papillomavirus United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice, Drug Policy, and Human Resources, 2004 *Cancer Statistics Review*, 1973 **The Guide to Clinical Preventive Services**, 2010 **Avoiding Common Obstetrics and Gynecology Errors** Carla P. Roberts, Diana Broomfield, 2011 This pocket book succinctly describes 154 errors commonly made in obstetrics and gynecology in all clinical settings and gives practical easy to remember tips for avoiding these errors Each error is described in a short clinically relevant vignette followed by a list of things that should always or never be done in that context and tips on how to avoid or ameliorate problems Coverage includes all areas in obstetrics and gynecology that are tested on certification and recertification exams The audience for this ob gyn volume is potentially large and includes ob gyn residents practitioners nurse practitioners physician assistants and family medicine practitioners and residents Provided by publisher **Journal of the National Cancer Institute**, 2003 Each issue is packed with extensive news about important cancer related science policy politics and people Plus there are editorials and reviews by experts in the field book reviews and commentary on timely topics *Morbidity and Mortality Weekly Report*, 2000 *What Every Woman Should Know about Cervical Cancer* Nenad Markovic, Olivera Markovic, 2016-12-19 This book an updated and extended edition is about mobilizing women and health care policy makers and providers to unite their efforts in a single strategy for fighting cervical cancer worldwide The objective of this strategy would be to reverse cervical cancer prevalence and mortality rates among all 2.4 billion women at risk and to achieve this goal within 10-15 years of implementation Cervical Cancer Screening Pap test VIA VILI or HPV failed to stop cervical cancer worldwide simply because many countries could not afford developing infrastructure necessary to

carry on the global strategy and because the outreach could not accomplish the targeted 51% of the population at risk In 2015 there is still 600 000 women getting cervical cancer annually and 300 000 of them die Every minute one woman gets cervical cancer and every 2 minutes one woman dies from this preventable disease In 21st Century the Information Technology IT Revolution has made substantial impact on medicine enabling remote points of care scattered around the world to be e connected with experts in distant medical centers and to obtain quality diagnosis and proper guidelines for curative therapy of early stages of cervical cancer Low frequency of costly interventions needed makes IT based screening financially and socially beneficial for mass screening This new Mobile Health technology with the Global Strategy for Fighting Cervical Cancer is subject to elaboration in our book as the new hope when old efforts have failed to stop the world epidemics of this grave but preventable disease The language is adapted for easy reading and understanding by professionals and lay persons This book is intended for women at risk for cervical cancer their health care providers health insurance companies government responsible for making health policy and healthcare industry because all of them have special role in the new Global Strategy elaborated in details in this book The Nature of Disease James Eustace Radclyffe

McDonagh,1924 **Maternity and Women's Health Care E-Book** Deitra Leonard Lowdermilk,Kitty Cashion,Kathryn Rhodes Alden,Ellen Olshansky,Shannon E.
