

Act III

1. As this act opens, what accusation does Giles Corey make?

- "Thomas Putnam is reaching out for land?" – accuses Thomas Putnam wants Giles Corey's land and has therefore accused Giles Corey's wife of witchcraft.

2. What news do we learn about Rebecca Nurse?

- She has been condemned (found guilty) that morning.

3. When John Proctor arrives at court with Mary Warren, what does Reverend Parris accuse him of?

- Parris accuses Proctor of trying to undermining or overthrow the court. "They've come to overthrow the court, sir." Parris wants to discredit Proctor.

4. What two pieces of evidence are brought out against Proctor in regard to his Christian nature?

- He doesn't go to church every Sunday.
- He has plowed his fields on Sunday a couple of times.

5. What news does Danforth tell John Proctor about Elizabeth? What deal does he try to make with him?

- The news is that Elizabeth is pregnant.
- The deal Danforth wants to make: Danforth wants Proctor to drop his charge that the girls making charges are pretending and not telling the truth – Danforth says that Elizabeth will be saved for a year if she is pregnant.
 - Proctor doesn't accept this deal because he wants to definitely save his wife.
 - Proctor also wants to watch out for the other people who have been charged of witchcraft.

6. What is going to happen to the 91 people who signed the testament stating a good opinion of Elizabeth, Martha Corey, and Rebecca Nurse?

- They are to be arrested for questioning. Danforth says "that a person is either with this court or he must be counted against it"

7. Discuss "Do that which is good, and no harm shall come to thee."

- Proctor says this to comfort Mary Warren, but this advice will not hold up in this court, which does not recognize any evidence against the court's decisions. Basically, if someone testifies against the court, he or she is punished.

Developments over the last twenty years have fueled considerable speculation about the future of the book and of reading itself This book begins with a gloss over the history of electronic books including the social and technical forces that have shaped their development The focus then shifts to reading and how we interact with what we read basic issues such as legibility annotation and navigation are examined as aspects of reading that ebooks inherit from their print legacy Because reading is fundamentally communicative I also take a closer look at the sociality of reading how we read in a group and how we share what we read Studies of reading and ebook use are integrated throughout the book but Chapter 5 goes meta to explore how a researcher might go about designing his or her own reading related studies No book about ebooks is complete without an explicit discussion of content preparation i e how the electronic book is written Hence Chapter 6 delves into the underlying representation of ebooks and efforts to create and apply markup standards to them This chapter also examines how print genres have made the journey to digital and how some emerging digital genres might be realized as ebooks Finally Chapter 7 discusses some beyond the book functionality how can ebook platforms be transformed into portable personal libraries In the end my hope is that by the time the reader reaches the end of this book he or she will feel equipped to perform the next set of studies write the next set of articles invent new ebook functionality or simply engage in a heated argument with the stranger in seat 17C about the future of reading Table of Contents Preface Figure Credits Introduction Reading Interaction Reading as a Social Activity Studying Reading Beyond the Book References Author Biography
