Education for Holistic Transformation in Africa Faustin Ntamushobora,2015-04-07 Research has revealed ineffectiveness among university graduates in Africa Some possible causes include a lack of transformative teaching and learning methods Most of the learning methods used in Africa today were installed by colonial educational systems often reducing the learner to an empty container waiting to be filled with lecture after lecture As a result there is a cry throughout Africa for an education that can empower the learner to think critically to love both God and others and to bring change in his or her community This is what education for holistic transformation is all about This book came about as a result of a doctoral study conducted in Kenya which featured both Christian higher educational institutions and public universities in a unique comparative analysis that will be helpful to educational leaders on both sides Readers will learn that transformation is a discovery that takes place through change of perspective As this research reveals this new perspective is triggered by a new revelation a new truth a provoking thought a shocking observation or a new testimony Thus the process of holistic transformation takes place through divine revelation self reflection written material and the other Transformation Ed Silvosio,2011-04-06 God loves us and has a unique blueprint for our life but it s up to us to find it and live it out Mingling contemporary stories and biblical anecdotes with practical advice Silvosio shows how God intervenes in human affairs today to transform people and nations He also shares five critical paradigms for transformation that are pivotal for change Discipling Nations Reclaiming the Marketplace Looking at Work as Worship Becoming Salt and Light and Eliminating Poverty In these pages readers will find extraordinary stories about the power of God working through those who discovered their specific purpose Then they ll be challenged to transform themselves and by doing so transform their families schools businesses and nations Silvosio encourages readers to aim high knowing that God has entrusted them with great things God sees you as a nation transformer says Silvosio He has faith in you Enabling Gender Equality Barbara Wejnert,Eunice Rodriguez,2015-11-16 This volume of Research in Political Sociology addresses a broad range of gender equality issues from women s status and opportunities at work education health political participation community involvement and global migration from a vast domain of countries in Europe America Australia Asia and Africa **Spiritual Abuse Recovery** Barbara M.
