Activism That Makes Sense Congregations And Community Organization:

Activism that Makes Sense Gregory F. Pierce,1991 A classic book on the relationship between community organizations and local religious congregations **A Theology of Community Organizing** Chris Shannahan,2013-11-12 The rising importance of community organizing in the US and more recently in Britain has coincided with the developing significance of social movements and identity politics debates about citizenship social capital civil society and religion in the public sphere At a time when participation in formal political process and membership of faith groups have both declined dramatically community organizing has provided a new opportunity for small community groups marginalized urban communities and people of faith to engage in effective political action through the developments of inter faith and cross cultural coalitions of groups In spite of its renewed popularity little critical attention has been paid to community organizing This book places community organizing within debates about the role of religion in the public sphere and the rise of public theology in recent years The book explores the history methodology and achievements of community organizing engaging in a series of conversations with key community organizers in the US and Britain This volume breaks new ground by beginning to articulate a cross cultural and inter faith Theology for Community Organizing that arises from fresh readings of Liberation Theology Catholic Social Teaching and Movements Marvin L. Krier Mich,1998 This introductory book to Catholic social teaching covers not only the official documents and encyclicals but also gives a sense of the movements and people who embodied the struggle for social justice in the last 100 years **The Bush Still Burns** Terry Allen Moe,2021-03-23 Terry Allen Moe came as pastor to Redeemer Lutheran a traditional working class congregation in a poorer mixed race neighborhood in Portland Oregon in 1981 Five US presidents six Portland mayors and four Lutheran bishops later Redeemer had been transformed into an innovative spiritual not religious member based nonprofit called Leaven Community and a new ELCA congregation Salt and Light Lutheran nested in the midst of Leaven This is the story of how an intertwining of spirituality and organizing transformed a pastor and congregation Using the metaphor of paying attention to the voice of God in the burning bush Exodus 3 Moe describes how he and the congregation turned to the burning bush of deepened spirituality coupled with hard nosed organizing embodied in the IAF network The process was not easy or smooth but the pastor and people changed and together they impacted the larger Portland community This is the story of listening discerning acting and evaluating to address the upstream causes of pressing issues and of identifying and lifting up the public dimensions of people s pain This is the story of prayer circles that addressed societal challenges contributing to people s private struggles This is the story of unearthing and confronting the impacts of political decisions overcoming the mentality that church and politics don t mix Sunday worship shifted to include the stories of addiction job loss rising energy costs and ecological grieving from the members and their neighbors This book demonstrates how the power of spiritual discernment and community organizing can transform a community of faith It s timely inspiration for congregations struggling to find

their way out of decline and the immobilization caused by fear and lack of creative leadership **City of God, City of Satan** Robert C. Linthicum,2011-03-01 Why is the city a battleground of hostile principalities and powers What is the mission of the church in the city How can the church be supported in accomplishing that mission These are the questions that Robert Linthicum treats in his comprehensive and probing biblical theology of the city In the Bible the city is depicted both as a dwelling place of God and his people and as a center of power for Satan and his minions The city is one primary stage on which the drama of salvation is played out And that is no less the case at the end of this pivotal century as megacities become the focal point of most human activity and aspirations around the world This is a timely theology of the city that weaves the theological images of the Bible and the social realities of the contemporary world into a revealing tapestry of truths about the urban experience Its purpose is to define clearly the mission of the church in the midst of the urban realities and to support well the work of the church in the urban world **When Faith Storms the Public Square** Kendall Clark Baker,2011-07-29 To some the notion of mixing religious groups and community organizing may seem a pleasing prospect an idea long overdue To others it may be anathema Like it or not however this blending is a reality that has been forged in streets and meeting halls day by day from the very beginnings of our country to the present day touchstones of President Barack Obama
