Betraying Spinoza The Renegade Jew Who Gave Us Modernity Jewish Encounters Series:

Betraying Spinoza Rebecca Goldstein, 2009-08-11 Part of the Jewish Encounter series In 1656 Amsterdam's Jewish community excommunicated Baruch Spinoza and at the age of twenty three he became the most famous heretic in Judaism He was already germinating a secularist challenge to religion that would be as radical as it was original He went on to produce one of the most ambitious systems in the history of Western philosophy so ahead of its time that scientists today from string theorists to neurobiologists count themselves among Spinoza's progeny In *Betraying Spinoza* Rebecca Goldstein sets out to rediscover the flesh and blood man often hidden beneath the veneer of rigorous rationality and to crack the mystery of the breach between the philosopher and his Jewish past Goldstein argues that the trauma of the Inquisition's persecution of its forced Jewish converts plays itself out in Spinoza's philosophy The excommunicated Spinoza no less than his excommunicators was responding to Europe's first experiment with racial anti-Semitism Here is a Spinoza both hauntingly emblematic and deeply human both heretic and hero a surprisingly contemporary figure ripe for our own uncertain age *Jerusalem on the Amstel* Lipika Pelham, 2019 This is the fascinating and previously largely unknown history of Amsterdam's unlikely Jewish Nation prosperous community of Catholic converts fleeing the Spanish Inquisition

Staying Human Harris Bor, 2021-11-17 Futurists speculate that we are heading towards a singularity where AI will outsmart human beings and humanity will coalesce into a single ever expanding mind for which data is everything The idea mirrors conceptions of God as everything singular and all knowing But is this idea of the singularity or God good for humanity Oneness has its attractions But what space does it leave for individuality and difference In this book British Jewish theologian Harris Bor explores these questions by applying approaches to oneness and difference found in the thought of philosophers Benedict Spinoza 1632-1677 and Martin Heidegger 1889-1976 to the challenges of religious belief and practice in the era of AI What emerges is a dynamic religion of the everyday capable of balancing all aspects of being while holding tight to a God who is both singular and wholly other and which urges us above all to stay human **The Jewish Jesus** Zev Garber, 2011-04-12 There is a general understanding within religious and academic circles that the incarnate Christ of Christian belief lived and died a faithful Jew This volume addresses Jesus in the context of Judaism By emphasizing his Jewishness the authors challenge today's Jews to reclaim the Nazarene as a proto rebel rabbi and invite Christians to discover or rediscover the Church's Jewish heritage The essays in this volume cover historical literary liturgical philosophical religious theological and contemporary issues related to the Jewish Jesus Several of them were originally presented at a three day symposium on Jesus in the Context of Judaism and the Challenge to the Church hosted by the Samuel Rosenthal Center for Judaic Studies at Case Western Reserve University in 2009 In the context of pluralism in the temper of growing interreligious dialogue and in the spirit of reconciliation encountering Jesus as living history for Christians and Jews is both necessary and proper This book will be of particular interest to scholars of the New Testament and Early Church who are

seeking new ways of understanding Jesus in his religious and cultural milieu as well Jewish and Christian theologians and thinkers who are concerned with contemporary Jewish and Christian relationships **Spinoza and the Philosophy of Love** Michael Strawser, 2021-08-27 In *Spinoza and the Philosophy of Love* Michael Strawser provides a new reading of Spinoza as a philosopher of love and one who centers his thought on an ethically qualified conception of noble love Strawser examines the threefold conception of love found in Spinoza's *Ethics* and argues that what is most important for Spinoza's philosophy is a unified conception of love centered on nobility *amor sive generositas* This active conception of love can conquer hatred and bring people together Situating Spinoza's philosophy of love within both Jewish and Western philosophical traditions Strawser investigates questions in the philosophy of love together with Spinoza and thinkers such as Saadia Gaon Maimonides Leone Ebreo Tullia d'Aragona and René Descartes He shows how Spinoza deepens our understanding of amorous perfectionism and how this reading of Spinoza's philosophy of love serves as both a corrective to problematic readings such as those found in Isaac Bashevis Singer and Emmanuel Levinas and a counter to speciesism With careful examination of Spinoza's writings Strawser demonstrates that the goal of his philosophy is best understood as the love of other people who are to be helped and united with in friendship Ultimately Spinoza's philosophy of love calls for collective nobility [The Evangelical Counter-Enlightenment](#) William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba'al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader **Spinoza's Challenge to Jewish Thought** Daniel B. Schwartz, 2019-03-15 Arguably no historical thinker has had as varied and fractious a reception within modern Judaism as Baruch Benedict Spinoza 1632-77 the seventeenth century philosopher pioneering biblical critic and Jewish heretic from Amsterdam Revered in many circles as the patron saint of secular Jewishness he has also been branded as the worst traitor to the Jewish people in modern times Jewish philosophy has cast Spinoza as marking a turning point between the old and the new as a radicalizer of the medieval tradition and table setter for the modern He has served as a perennial landmark and point of reference in the construction of modern Jewish identity This volume brings together excerpts from central works in the Jewish response to Spinoza True to the diversity of Spinoza's Jewish reception it features a mix of genres from philosophical criticism to historical fiction from tributes to diary entries providing the reader with a sense of the overall historical development of

Spinoza's posthumous legacy **Jewish Book World**, 2006 **New Heavens and a New Earth** Jeremy Brown, 2013-06-13 Jeremy Brown offers the first major study of the Jewish reception of the Copernican revolution examining four hundred years of Jewish writings on the Copernican model Brown shows the ways in which Jews ignored, rejected or accepted the Copernican model and the theological and societal underpinnings of their choices **Rorty, Buber and the Revival of Social Hope** Akiba Jeremiah Lerner, 2007 *American Book Publishing Record*, 2005 *Library Journal*, 2006-04 [The Publishers Weekly](#), 2006 *Human Geographies Within the Pale of Settlement* Robert E. Mitchell, 2018-09-15 This study suggests how traditional language rich narrative histories of the Pale of Settlement can benefit from drawing on the large vocabularies, questions, theories and analytical methods of human geography, economics and the social sciences for an understanding of how Jewish communities responded to multiple disruptions during the nineteenth century Moving from the ecological level of systems of settlements and variations among individual ones down to the immediate built environment the book explores how both physical and human space influenced responses to everyday lives and emigration to America **The Other Within** Yirmiyahu Yovel, 2018-06-05 The Marranos were former Jews forced to convert to Christianity in Spain and Portugal and their later descendants Despite economic and some political advancement these Conversos suffered social stigma and were persecuted by the Inquisition In this unconventional history Yirmiyahu Yovel tells their fascinating story and reflects on what it means for modern forms of identity He describes the Marranos as the Other within people who both did and did not belong Rejected by most Jews as renegades and by most veteran Christians as Jews with impure blood Marranos had no definite integral identity Yovel argues The Judaizers Marranos who wished to remain secretly Jewish were not actually Jews and those Marranos who wished to assimilate were not truly integrated as Hispano Catholics Rather mixing Jewish and Christian symbols and life patterns Marranos were typically distinguished by a split identity They also discovered the subjective mind engaged in social and religious dissent and demonstrated early signs of secularity and this worldliness In these ways Yovel says the Marranos anticipated and possibly helped create many central features of modern Western and Jewish experience One of Yovel's philosophical conclusions is that split identity which the Inquisition persecuted and modern nationalism considers illicit is a genuine and inevitable shape of human existence one that deserves recognition as a basic human freedom Drawing on historical studies Inquisition records and contemporary poems, novels, treatises and other writings this engaging critical history of the Marrano experience is also a profound meditation on dual identities and the birth of modernity *Goethe und das Judentum* Karin Schutjer, 2020-05-05 Lektoren über das Spannungsverhältnis der jüdischen Wurzeln im Werk und Denken Goethes Karin Schutjer untersucht Goethes ambivalente Auseinandersetzung mit dem Judentum von der Beobachtung aus dass sie seinen ebenfalls zwiespältigen Moderniebegriff zutiefst beeinflusste Ihre Studie kontextualisiert Goethes Rezeption der jüdischen Schrifttradition und hinterfragt die Spuren die sowohl der Pentateuch die Kabbala und Spinoza als auch antijüdische Denkfiguren wie der Ewige oder der wandernde Jude in seinem Werk hinterlassen
