Between Jesus And Paul Studies In The Earliest History Of Christianity:

Between Jesus and Paul Martin Hengel, 2003-03-14 More happened in the period between Jesus and Paul Professor Hengel argues than in the whole of the next seven centuries up to the time when the doctrine of the early church was completed Certainly these decades are crucial to our understanding of the development of earliest Christianity However they are very much a tunnel period and there is little to shed light on it This volume does something to pierce the darkness Among other issues it considers the origins of the Christian mission the role of the Hellenists the reliability of Luke as a geographer when he is dealing with events in Palestine in the Acts of the Apostles and the development of christological belief particularly in Christian worship Those familiar with Professor Hengel's work will know that they will find here a wealth of valuable insight based on painstaking examination of all available sources *Paul, Jerusalem and the Judaizers* Ian J. Elmer, 2009 Originally presented as the author's thesis doctoral Australian Catholic University 2007 [The Christology of John Macquarrie](#) Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919-2007 in an attempt to comprehend and evaluate his Christology The author examines the people e.g. Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie's thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie's theology especially his Christology The book also discusses Macquarrie's evaluation and criticisms of the Christology of other theologians e.g. Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie's understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie's reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of Adoptionism [Christ the Center](#) Tomas Bokedal, 2023-08-23 Scripture is a beautiful mosaic of Christ The earliest Christians expressed their faith with creativity through symbols and summaries In Christ the Center Tomas Bokedal explores the relationship of the rule of faith nomina sacra and numerical patterns with Scripture The nomina sacra scribal reverence for divine names within Scripture display remarkable intentionality and theological reflection The nomina sacra in turn directed the emerging rule of faith These scribal practices reveal early devotional and theological preoccupation and guided the text's shape and interpretation in the early centuries after Christ Christ the Center showcases early Christian reverence for Scripture and especially for the One of whom Scripture speaks [On the Resurrection, Volume 3](#) Gary Habermas, 2025-05-15 In the third volume of his magnum opus Gary R. in Ministry Paul H. Byun, 2023-05-16 What type of relationship did New Testament churches have with one another Was it a relationship of conflict and competition Or was it a loose aggregation of individual churches scattered across the Roman Empire Or can it be described as a cohesive partnership for the common cause of the gospel of Christ Most New Testament church activities are recorded in connection with Paul s ministry In this sense the present study started on the premise that close attention to Paul s partnership ministry would offer a richer understanding of New Testament church relationships By exploring some ministry areas such as Paul s coworkers financial assistance and communicative activities this book demonstrates that Paul s churches occasioned and mediated by Paul s partnership ministry were engaged in networking and collaboration far more closely than has generally been assumed not only among themselves but also with non Pauline churches Paul s partnership ministry significantly contributed to the relationship of New Testament churches

Perspectives of Jesus in the Writings of Paul Gerry Schoberg, 2014-02-27 The critical question of the relationship between Jesus and Paul has been well established in New Testament studies for over 150 years and it needs to be addressed with all the tools of historical criticism that scholarship has developed So states Gerry Schoberg at the beginning of this new and important work that does just that By coupling comparative instances in the gospels and the works attributed to Paul Schoberg invites the reader to enquire more profoundly than in past studies as to the nature of the relationship between Jesus and the most dramatic of Christian converts At the heart of this study is not only the question of whether the New Testament truly gives a unified vision of the Christian movement but also how the early followers of Jesus felt able to draw such insightful conclusions about him Answering such questions through the study of Jesus and Paul offer an insight as to how one is to make theological sense of the many details experienced from day to day and thereby live a life in Christ *The Name and Way of the Lord* Carl Judson Davis, 1996-01-01 Paul's Ekklesia as a Civic Assembly Young-Ho Park, 2015-04-21 How did Paul s term ekklesia formulate the Christian self understanding Young Ho Park finds the answer in its strong civic connotation in the politico cultural world of the Greek East under the Roman Empire By addressing his local Gentile congregation as ekklesia in his letters Paul effectively created a symbolic universe in which the Christ worshippers saw themselves as the honorable citizens who represented the city before God Publisher **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12 The nature and story of the Christian church is immensely important to theology students and scholars alike Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues It divides into six parts the church in its historical context the different denominational traditions global perspectives methods and debates in ecclesiology key concepts and themes ecclesiology and other disciplines social sciences philosophy literature and film Authoritative accessible and easily navigable this book is indispensable for everyone interested in the

nature and history of the Christian Church *Paul's Understanding of the Church's Mission* Robert Lewis Plummer, 2006 This book engages in a careful study of Paul's letters to determine if the apostle expected the communities to which he wrote to engage in missionary activity. It helpfully summarizes the discussion on this debated issue judiciously handling contested texts and provides a way forward in addressing this critical question. While admitting that Paul rarely explicitly commands the communities he founded to evangelize, Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in mission activity. Throughout the study, Plummer progressively builds a theological basis for the church's mission that is both distinctively Pauline and compelling.

Worship, Music, and Interpretation Wendy J. Porter, 2024-09-30 This unique volume brings together wide-ranging research that could only be written by someone singularly expert in the full range of Christian worship and music from ancient to modern. These essays by Wendy Porter span eras and areas of study from the New Testament to the present and encompass an expansive view of worship music and liturgy. Some focus on what is known or not about early Christian worship, including the early creeds and hymns in the New Testament and whether music originated in Jewish or Greco-Roman contexts. Some introduce firsthand work on ancient liturgical manuscripts, such as a sixth-century manuscript by hymnwriter and preacher Romanos Melodus or a tenth-century ekphrastic liturgical manuscript. Extending her research on sixteenth-century English composers as musical interpreters, Porter includes several papers on how musicians have functioned as theological interpreters in worship and music. One chapter engages theological comparisons between well-known compositions by Bach, Beethoven, and Stravinsky; another creatively explores what contemporary worship leaders can learn from sixteenth-century songwriter and worship leader William Byrd, while others invite thoughtful reflection on what we can all learn if we stop to consider how Christians have functioned and fared in their worship through the centuries.

Jesus and Time Ma'afu Palu, 2012-05-03 This study examines Jesus' conception of time, focusing on the proclamation in Mark 1:15: "Time is fulfilled and the Kingdom is near."

Gender and Purity in the Protevangelium of James Lily C. Vuong, 2013-11-19 The Protevangelium of James is arguably the earliest surviving source that exhibits profound interest in Mary, the mother of Jesus. Although frequently cited for later Christian reflections about Mary's gender and virginity and its influence on popular Christian art, music, and literature, it is not well known outside academic circles and is rarely studied for its own sake. Lily C. Vuong offers a sustained analysis of the text's narrative and literary features in order to explore the portrayal and characterization of Mary through a focus on the theme of purity. By tracing the various ways purity is described and presented in the text, the author contributes to discussions on early Jewish and Christian ideas about purity, representations of women in the ancient world, the early history of Mariology, and the place of non-canonical writings in the history of biblical interpretation.

Christological Rereading of the Shema (Deut 6.4) in Mark's Gospel John J. R. Lee, 2020-11-09 In Mark's Gospel, the Shema language of Deut 6:4 is not merely reiterated in a traditional sense but reinterpreted in a striking way that links Jesus directly and inseparably with Israel's

unique God Such an innovative rereading of the Shema must be understood in light of a various elements involved in and surrounding each of the three monotheistic references Mark 2 7 10 18 12 29 relating to their respective literary contexts and b Mark s nuanced complex and even paradoxical portrait of Jesus relationship to God throughout his gospel John J R Lee shows that Mark s use of the one God language implies that his Jesus is not merely one who as a Shema observant Jew speaks on behalf of God but also one whose status and significance fundamentally correspond to those of Israel s unique deity

Liberating Paul Neil Elliott,2005-02-01 For centuries the apostle Paul has been invoked to justify oppression whether on behalf of slavery to enforce unquestioned obedience to the state to silence women or to legitimate anti-Semitism To interpret Paul is thus to set foot on a terrible battleground between spiritual forces But as Neil Elliott argues the struggle to liberate human beings from the power of Death requires Liberating Paul from his enthrallment to that power In this book Elliott shows that what many people experience as the scandal of Paul is the unfortunate consequence of the way Paul has usually been read or rather misread in the churches In the first half of the book Elliott examines the many texts historically interpreted to support oppression or maintain the status quo He shows how often Paul s authentic message has been interpreted in the light of later pseudo Pauline writings In Part Two Elliott applies a political key to the interpretation of Paul Though subsequent centuries have turned the cross into a symbol of Christian piety Elliott forcefully reminds us that in Paul s time this was the Roman mode of executing rebellious slaves a fact that has profound political implications The Origins of Early Christian Literature Robyn Faith Walsh,2021-01-28 The Synoptic gospels were written by elites educated in Greco

Roman literature not exclusively by and for early Christian communities **Christ Identity** Sergio Rosell Nebreda,2011-03-09 Sergio Rosell Nebreda focuses on how the Philippian Christ followers received Paul s letter The social historical literary rhetorical anthropological and theological elements are dealt with in order to understand the effect Paul wanted to achieve The main thesis of the book is that the apostle Paul who greatly suffered at Philippi and writing from a prison desires to affect the Philippians believers to acquire a Christ orientation based on the values expressed in the Christ hymn Phlp 2 5 11 forms the core of Paul s theological narrative that aims at constructing a sense of imitatio and conformatio in the Christ following community Paul uses a friendly style in his letters in order to produce rapport and trust in the community presenting himself as exemplum ad imitando after that of Christ It is because Paul so fully identifies with Christ s orientation in life that the apostle presents himself as a slave of Jesus Christ In the midst of a society ill with the desire for honour and power the Christ narrative stands as a radical call for an alternative life style based on the exercise of humility which seeks the interest of others rather than focusing on one s own needs and desires Paul insists on the basis of the Christ hymn that such a life style reveals God s character and it is therefore a life rewarded Through the use of Social Identity Theory this book evaluates how ancient people constructed their group identity in daily life and how through a seemingly inferior model that of Christ s kenosis in 2 5 11 the community receives a re definition of values which are according to God s

values and who has the last word in history Paul thus presents an alternative and viable way of life in the midst of a society he knows well **Theology of the New Testament** Georg Strecker,2012-10-25 Contents are the theological conceptions of the authors of the New Testament considered from systematic viewpoints in the following sequence Paul the synoptics Jesus the saying source the Johannine literature including the Apocalypse of John the deuterio Pauline writings the catholic epistles

Christianity at the Crossroads Michael J. Kruger,2018-03-06 Christianity in the twenty first century is a global phenomenon But in the second century its future was not at all certain Michael Kruger s introductory survey examines how Christianity took root in the second century how it battled to stay true to the vision of the apostles and how it developed in ways that would shape both the church and Western culture over the next two thousand years
