**The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO

accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth **Journal of the Fortean**

**Research Center Paperbound** Ray Boeche,2012-07-01 The Fortean Research Center was founded in Lincoln Nebraska in 1982 During the two decades of its existence this volunteer group of researchers and investigators delved deep into the unexplained Exploring events in Nebraska and far beyond that included ghosts UFOs Bigfoot encounters animal mutilations government cover ups alleged alien abductions psychic phenomena cult activity and even a sighting of a blob like mystery creature the Fortean Research Center became recognized among members of the Fortean paranormal and UFO research communities around the world as a reliable and trusted source of information Here is the entire collection of the Journal of the Fortean Research Center 23 issues in all These publications are a reflection of their time and demonstrate in many cases the beginning steps into subjects familiar to the public today alleged UFO crashes and landings at government installations alien abductions cryptozoology and more *UFO* Garrett M. Graff,2024-11-12 One of the rare books on the topic that manages to be both entertaining and factually grounded The Wall Street Journal From the bestselling author of Raven Rock The Only Plane in the Sky and Watergate finalist for the Pulitzer Prize in history comes the first comprehensive and eye opening exploration of our government s decades long quest to solve one of humanity s greatest mysteries Are we alone in the universe For as long as we have looked to the skies the question of whether life on earth is the only life to exist has been at the core of the human experience driving scientific debate and discovery shaping spiritual belief and prompting existential thought across borders and generations It s one of our culture s favorite conversations and yet the idea of extraterrestrial intelligence has been largely banished to the realm of fantasy and conspiracy Now for the first time the full story of our national obsession with UFOs and the covert search by scientists the United States military and the CIA for proof of alien life

is told by bestselling author and Pulitzer Prize finalist Garrett M Graff in a deeply reported and researched history It begins in 1947 when two headline making sightings of strange flying objects prompt the US Air Force s newly formed Department of Defense to create a series of secret programs to determine how unidentified phenomena may pose a threat to national security Over the next half century as the atomic age gives way to the space race and the Cold War the mission continues bringing together an unexpected group of astronomers military officials civilian contactees and true believers who bring us closer then further then closer again to answering one of our most enduring questions What exactly is out there Drawing from original archival research declassified documents and interviews with senior intelligence and military officials Graff brings readers a story that s Loads of fun a fascinating deep dive down the rabbit hole Publishers Weekly **ASCENSION AGE 2012 and BEYOND** Theresa J. Thurmond Morris,2010-04-02 Ascension Age 2012 Beyond is about awareness and awakening This is a guide book for humankind This is the first in a series of books that will assist everyone Ascension Age is about being a part of humankind Ascension Age is about whole life living TJ Thurmond Morris had an Out of Body OBE Near Death Experience NDE and Extraterrestrial Contact Experience ECE that changed her life for the better TJ s life is about the passion of sharing her awareness with all This book is only one that will be a journey for others on the spiritual path of enlightenment Welcome TJ into your life and you will find an eternal friend and that you will never be alone again while on earth Everyone should add this book to their personal reference library Strange Events Beyond Human Understanding Sandor Robert Tralins,1966 *The UFO Experience* J. Allen Hynek,2023-05-01 Cited by the New York Review of Books as the best brief for visitation this classic study presents an analysis of UFO reports and concludes that many sightings cannot be easily dismissed The case against UFOs and unidentified aerial phenomena UAP has not been put to rest Although UFOs officially did not exist for decades according to the government reports of sightings continue to be made and the latest releases from the government and related hearings have surprised the world While the scientific community has put UFOs out to pasture the evidence used to dismiss them is rare and unscientific Dr Hynek a scientist himself and the only government paid ufologist in history looks at the decisions made by officialdom in the early days of ufology and how these decisions have held us back to the point that we are still naively talking about UFOs as we were in the 1950s Has seventy years of research made no difference at all in our understanding Dr Hynek proves that there is a conspiracy afoot to hide the facts and that there are many cases that still need to be explained by mainstream science not dismissed with facile jokes and stupid logic Citing specific cases Hynek challenges those in the ivory tower by raising questions that have still not been answered and refuting mainstream arguments that have yet to be proven *Real Visitors, Voices from Beyond, and Parallel Dimensions* Brad Steiger,Sherry Hansen Steiger,2016-03-21 The mysteries of strange visitors is explored revealed and recounted by two respected experts on the unexplained and paranormal Are we alone or are there intelligent life forms out there Or are they already amongst us Can we even know the Truth Exploring the myths stories history and facts of

Scott Rogo,1990 UFOs and Government Michael D. Swords,2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of UFOs and Government a history that for the first time tells the story from the perspective of the governments themselves It s a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden

Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril      International UFO Library Magazine: April / May 1994 Joseph J.
