Gruen, 2016-09-12 This book collects twenty two previously published essays and one new one by Erich S Gruen who has written extensively on the literature and history of early Judaism and the experience of the Jews in the Greco Roman world His many articles on this subject have however appeared mostly in conference volumes and *Festschriften* and have therefore not had wide circulation By putting them together in a single work this will bring the essays to the attention of a much broader scholarly readership and make them more readily available to students in the fields of ancient history and early Judaism The pieces are quite varied but develop a number of connected and related themes Jewish identity in the pagan world the literary representations by Jews and pagans of one another the interconnections of Hellenism and Judaism and the Jewish experience under Hellenistic monarchies and the Roman empire **Jewish Ethnic Identity and Relations in Hellenistic Egypt** Stewart Moore, 2015-07-14 In *Jewish Ethnic Identity and Relations in Hellenistic Egypt* Stewart Moore investigates the foundations of common assumptions about ethnicity To maintain one's identity in a strange land was it always necessary to band tightly together with one's coethnics Sociologists and anthropologists who study ethnicity have given us a much wider view of the possible strategies of ethnic maintenance and interaction The most important facet of Jewish ethnicity in Egypt which emerges from this study is the interaction over the Jewish Egyptian boundary Previous scholarship has assumed that this border was a Siegfried Line marked by mutual contempt Yet Jews Egyptians and also Greeks interacted in complicated ways in Ptolemaic Egypt with positive relationships being at least as numerous as negative ones **Jews in the Hellenistic and Roman Cities** John R. Bartlett, 2003-05-19 Articles examine the city of Jerusalem and other Jewish communities of the Mediterranean diaspora as reflected in the writings of Luke Josephus and Philo Topics covered include social identity everyday life and religious practice This will be of interest to students of Roman history biblical studies ancient Judaism and Hellenistic history *Between Athens and Jerusalem* John J. and archaeological research to illuminate the reality underlying the images from the Biblical accounts and Jewish and pagan literary texts through the great love affair between Jews and Hellenic culture It ends with the brief but crucial episode when budding Christianity and the Alexandrian Jews parted company

Jews Or Christians? Giorgio Jossa, 2006 When was Christianity born When was it that Christianity born as a particular current within Judaism constituted itself as a religion different and separate from the Jewish religion The question has been asked and the problem has therefore been considered since the historical critical investigation of Christian origins began However the problem has become acute only in the last few decades because of the occurrence of a whole series of circumstances and of reflections that have deeply changed the historiographic understanding regarding Judaism in the first century and thus the origins of Christianity as well Traditional opinion considered the founders of Christianity to be Jesus of Nazareth and Paul of Tarsus Recent studies however affirm that a Christian religion as distinct from the Jewish religion can be spoken of only much later and that for the entire first century and for at least a part of the second century Christianity was nothing more than a sect within Judaism Dealing with the problem from an historical point of view and thus

considering not only Christianity of Jewish origin but also that of gentile origin Giorgio Jossa demonstrates that the birth of a Christian identity as distinct from Jewish identity must actually be dated back to the first period of life of the community of Jesus

Logos and Law in the Letter of James M.A. Jackson-McCabe, 2014-04-09 This study examines the association of implanted logos and the perfect law of freedom in the Letter of James It argues that James understands the Torah to be a written expression of the divine law the Stoics correlated with human reason After showing how past interpretation of James's logos has been guided by a problematic essentialist approach to Christian origins the Stoic theory of law is reconstructed with special attention to Cicero's concept of implanted reason Adaptations of the Stoic theory in ancient Jewish and Christian literature are examined and the Letter of James is analyzed in detail The work makes original contributions to the study of James and of Stoicism It also highlights the importance of broad reconstructions of Christian origins for the interpretation of the early Christian literature
