Between Two Fires Europe's Path In The 1930s:

Between Two Fires David Clay Large, 1991 An evocative re creation of the European political climate of the 1930s Large does a fine job of connecting these events Kirkus Reviews [Alone against Hitler](#) Jack Bray, 2020-05-19 Alone Against Hitler tells the lesser known but pivotal story of former Austrian chancellor Kurt von Schuschnigg As one of the first leaders to defy Adolf Hitler during the buildup to WWII his story is of lasting importance Though young and untested upon entering office von Schuschnigg courageously rejected the rising tide of Austrian Nazism insisting on equal rights and respect for the Jewish minority Jack Bray surveys the geopolitical conditions in Austria during the march to war highlighting von Schuschnigg's valiant four year struggle to prevent his nearly defenseless small nation from being taken over from within by unrelenting violent Austrian Nazis Von Schuschnigg's encounters with Hitler and other central characters of 1930s Germany Himmler Hess Ribbentrop Hindenburg Goring and Papen as well as their ally Mussolini are recounted in scenes of high drama and vivid detail For his daring defiance and his refusal of offers to flee the Nazi invasion von Schuschnigg paid a dear price seven years in Nazi captivity and abuse to the point of breakdown In one of Hitler's final acts from the bunker where he would ultimately take his own life the trembling fuhrer ordered von Schuschnigg to be killed Just as von Schuschnigg was set to be executed with the war at its eleventh hour he received a near miraculous deliverance Although Kurt von Schuschnigg's name may be unfamiliar now he was for a brief moment at the center of world history even gracing the cover of Time magazine in 1938 Alone Against Hitler profiles an oft forgotten but crucially important figure in WWII history celebrating the legacy of a man who bravely fought against evil **The Assassination of Europe, 1918-1942** Howard M. Sachar, 2014-10-29 A look at how the political assassinations that occurred in Europe between 1918 and 1939 shaped the history and politics of the continent [Colonial Metropolis](#) Jennifer Anne Boittin, 2010-06-01 Between the world wars the mesmerizing capital of France's colonial empire attracted denizens from Africa the Caribbean and the United States Paris became not merely their home but also a site for political engagement Colonial Metropolis tells the story of the interactions and connections of these black colonial migrants and white feminists in the social cultural and political world of interwar Paris and of how both were denied certain rights lauded by the Third Republic such as the vote how they suffered from sensationalist depictions in popular culture and how they pursued parity in ways that were often interpreted as politically subversive **Air University Library Index to Military Periodicals**, 1991 **The End of America** Naomi Wolf, 2007-09-05 A New York Times Bestseller I hope we wake up quickly because history shows it's a small window in which people can fight back before it is too dangerous to fight back Naomi Wolf on Fox News Channel's Tucker Carlson Tonight In a stunning indictment best selling author Naomi Wolf lays out her case for saving American democracy In authoritative research and documentation Wolf explains how events parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany Russia China and Chile The book cuts across political parties and ideologies and speaks directly to those among us who are

concerned about the ever tightening noose being placed around our liberties In this timely call to arms Naomi Wolf compels us to face the way our free America is under assault She warns us with the straight to fellow citizens urgency of one of Thomas Paine s revolutionary pamphlets that we have little time to lose if our children are to live in real freedom Recent history has profound lessons for us in the U S today about how fascist totalitarian and other repressive leaders seize and maintain power especially in what were once democracies The secret is that these leaders all tend to take very similar parallel steps The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set up our checks and balances precisely out of fear of what is unfolding today We are seeing these same kinds of tactics now closing down freedoms in America turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty states Wolf Wolf is taking her message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today This includes a lecture and speaking tour and being part of the nascent American Freedom Campaign a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion The End of America will shock enrage and motivate spurring us to act as the Founders would have counted on us to do in a time such as this as rebels and patriots to save our liberty and defend our nation Nautilus Book Awards Silver Medal Social Change Activism Independent Publisher Book Awards Silver Medal Axiom Business Book Award Bronze Here is Wolf s compellingly and cogently argued political argument for civil rights Readers will appreciate her energy and urgency as she warns we are living through a dangerous fascist shift Highly recommended for all collections Library Journal starred review

The Effectiveness of Airpower in the 20th Century John F. O'Connell, John O'Connell, 2007-04

This volume takes a look at the military airpower functions that emerged during World War I and then examines the development of airpower doctrine in seven nations that developed major military air arms during and after the first World War They are France Germany Great Britain Italy Japan the Union of Soviet Socialist States USSR and the United States of America The text also reviews the use of military airpower in conflicts that took place between the two world wars Page xi
