Beyond Ugly Constance Briscoe:

Beyond Ugly Constance Briscoe, 2008 Despite her mother's constant physical and psychological abuse Constance Briscoe has gained a place at Newcastle University to study law a long held ambition She finances her studies by several jobs at weekends and during the holidays including working with the terminally ill in a hospice She also finds the money to pay for several cosmetic surgery treatments in an attempt to transform the face that her mother has convinced her is ugly ugly ugly With the degree achieved Constance takes up Michael Mansfield's invitation to become a pupil in his prestigious chambers But she didn't find the support and encouragement she expected *Beyond Explicit* Helen Hester, 2014-01-23 This original

contribution to porn studies aims to interrogate previously untheorized changes in contemporary understandings of the pornographic Helen Hester argues that the words porn and pornographic are currently being applied to an ever expanding range of material and that this change in language usage reflects a wider shift in perception She suggests that we are witnessing a seemingly paradoxical move away from sex within contemporary understandings of porn as a range of other factors come to influence the concept Using examples from media literature and culture and discussing the rise of notions such as torture porn and misery porn Hester's argument ranges from sexually explicit German novels and British policy documents to a discussion of the differences between European and American editions of pornographic films She concludes that four factors in particular transgression intensity prurience and authenticity can be seen to influence the way that we think about porn Responsible Citizens B. J. Brown, Sally Baker, 2013-10-15 The individual has never been more important

in society in almost every sphere of public and private life the individual is sovereign Yet the importance and apparent power assigned to the individual is not all that it seems As Responsible Citizens investigates via its UK based case studies this emphasis on the individual has gone hand in hand with a rise in subtle authoritarianism which has insinuated itself into the government of the population Whilst present throughout the public services this authoritarianism is most conspicuous in the health and social welfare sectors such that a kind of governance through responsibility is today enforced upon the population

The Accused Constance Briscoe, 2011-08-18 She was found at the crime scene covered in blood with the murder weapon in her hand and no memory of how she got there No wonder that the police believe Elizabeth Johnson is guilty of stabbing a young woman to death Only Elizabeth's best friend Sam Bailey doesn't believe the evidence against her But both girls are ex cons and former prostitutes and she will have to go to extra ordinary lengths to prove Elizabeth innocent **Gender,**

Ethnicity and Political Agency Shaminder Takhar, 2013-07-18 This book examines how South Asian women's collective agency is operationalized through civic organizations in the UK Drawing on black feminist theory and third world feminism it shows the complexity of political agency and its relationship to identity and subjectivity and uses empirical research to demonstrate how women are empowered to resist domination The historically racialized image of the South Asian woman as lacking in political agency is challenged through their long history of activism on the Indian subcontinent The creation of

critical spaces by South Asian women in the diaspora places them as active agents who have successfully influenced social policy on important issues such as forced marriage domestic violence and sexuality The engagement with the empirical data demonstrates the significance and impact of race racism sexism and religion on the lives of the women The book brings to the fore the pursuit of equality rights and justice including multiculturalism and the often debated emancipatory role of religion *Drum*, 2008 **How to Moot** John Snape, Gary Watt, 2010-05-20 How to Moot contains everything you need to know about preparing for and participating in moots Whether you are just starting out and in need of a confidence boost or a more experienced mooter looking for tips to hone your skills this popular and trusted book will be an invaluable guide

Deceptive Fictions Ulrike Tancke, 2015-06-18 Deceptive Fictions Narrating Trauma and Violence in Contemporary Writing explores the widespread narrative concern with trauma and violence and their interactions with identity meaning ethics history memory and various other related issues in a selection of novels by prolific contemporary British and Irish writers Interrogating the strategic functions of trauma and violence the book argues that these texts can be read as counter narratives to or a backlash against still prevalent critical paradigms informed by poststructuralist and postmodern thought Trauma and violence are invoked as narrative tools to communicate the centrality of the body and of biological and material constraints on human actions This emphasis on reality and the experiential ties in with the novels consistent focus on the individual as an ethical agent and originator of meaning In so doing they signal a move in contemporary fiction towards a textual practice that can most fruitfully be approached along the lines of an individualistic evolutionary corporeal and experiential narratology which self consciously reflects on the manipulative potentials of narrative **Kaapse bibliotekar**
