Marian Apparitions, the Bible, and the Modern World Donal Anthony Foley, 2002 This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments the Reformation the French and Russian Revolutions the rise of Nazism These Marian apparitions and particularly Fatima are not historically unimportant events but rather follow a preordained plan they have a crucial role in helping us to see how the modern world with all its problems has developed Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible a

crucial element in the theology and exegesis of the early Church Fathers By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance for both the Church and the modern world than has generally been recognised Here is a convincing demonstration that the future of the Church and the papacy is intimately bound up with a proper understanding of the role of Mary there will only be true peace in the world when her message is accepted and lived If you thought you really understood how the modern world developed and the role and meaning of Marian apparitions then this book will make you think again Donal Foley has written a book with an extraordinary message Aidan Nichols O P *A Still, small voice* Benedict J CFR. Groeschel,1973 Medjugorje and the Supernatural Daniel Maria Klimek,2018 In 1981 six young people in the village of Medjugorje in what was then Yugoslavia now Bosnia Herzegovina reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek analyzes the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience and concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences *Don't Trust the Abbot* Jerome Kodell,2009 One would expect an abbot to have words of wisdom for monks living in a monastery But could his musings be relevant for those living in a complicated and often harried world Yes as readers will discover in this insightful collection From these essays readers will think in new ways about prayer Christian life and faith Along the way they will find in Jerome Kodell an abbot worthy of trust **Your One-Stop Guide to Mary** Mitch Finley,2015-06-22 IF YOU WANT TO KNOW MORE ABOUT MARY THIS IS THE PLACE TO START Mary the Mother of Jesus occupies a unique place in all of history God chose her to be the mother of the Word His only Son And over the centuries Catholics have come to honor her as the Mother of God and the Mother of the Church In Your One Stop Guide to Mary Mitch Finley has given us a concise but complete picture of the Blessed Virgin Mary tracing her story from Scripture through the centuries He describes her titles informs us about Marian doctrines explains her place in the liturgy and tells us about her apparitions If you want to know more about Mary and understand her role in the divine plan this book is the place to start **The Song of Ascents** Tom Hiney,2022-06-01 The Truth is bigger than we are and if it comes for us everything might break open It falls from heaven writes Tom Hiney It can fall at four in the morning when you are cold with insomnia and it can refuse to fall when advertised It has a life of its own and sometimes appears with a special intensity God calls whether we are ready or not The Song of Ascents tells the stories of lives laid bare by love stories that over the years gradually spurred acclaimed English biographer Tom Hiney up the ragged mountain of his own conversion to Roman Catholicism These stories he says are about people turning to God in horrible moments with faltering human hearts like mine and finding Him to be faithful Written in lean

vigorous prose the book is a visceral study of faith in which the holiness of other men and women leads the writer to realize that despite everything anything is possible with God even joy A medieval king awaiting a Viking invasion King Alfred a Jesuit evangelist at the court of Akbar Father Monserrate a West African prince in 1890s Indiana Samuel Morris and a composer in Communist Poland Henryk G recki as well as a trapped Arctic whaling vessel the Diana a lost explorer David Livingstone a disobedient general Charles Gordon and an aging war hero the author's own father all these become unlikely companions in Hiney's messy fumbling journey to Christ The Song of Ascents is about coming to faith through stories including the humanly incredible storytelling of the Church's unique heavenly and inevitable destiny **Jutta and Hildegard** Anna Silvas,1999

This book presents in one volume the full range on biographical sources of the outstanding female religious figure of twelfth century Germany Hildegard of Bingen 1098-1179 In addition it gives the English reading public the first in depth view of Hildegard's spiritual mother Jutta of Disibodenberg 1092-1136 Most documents appear in translation for the first time In particular the Life of Jutta which Hildegard herself instigated as a memorial to her spiritual mother is a major source recently discovered that sheds new light on the early life of Hildegard In addition to her accurate and sensitive translations Silvas provides a detailed apparatus of up to date introductions notes and appendices Included are the following documents

Hoped for Avery Dulles,1996-09 Faith since the earliest Christian theologians has been regarded as the fundamental Christian virtue the prerequisite for hope charity and good works In this book Avery Dulles examines the biblical foundations and history of theological reflection on faith from the Greek and Latin fathers to such modern giants as Tillich Rahner and Lonergan Further Dulles presents his own systematic synthesis reflecting on such topics as the nature and object of faith the certitude of faith the birth growth and loss of faith and faith and salvation The result is a refreshingly relevant theology of faith for our day *Lost Ecstasy* June McDaniel,2018-06-26 This book is a study of religious ecstasy and the ways that it has

been suppressed in both the academic study of religion and in much of the modern practice of religion It examines the meanings of the term how ecstatic experience is understood in a range of religions and why the importance of religious and mystical ecstasy has declined in the modern West June McDaniel examines how the search for ecstatic experience has migrated into such areas as war terrorism transgression sexuality drug use and anti institutional forms of spirituality She argues that the loss of religious and mystical ecstasy as both a religious goal and as a topic of academic study has had wide ranging negative effects She also proposes that the field of religious studies must go beyond criminalizing trivializing and pathologizing ecstatic and mystical experiences Both religious studies and theology need to take these states seriously as important aspects of lived human experience **DIABOLICAL OR PSYCHOLOGICAL** Segunda Yanez Acosta,2012-05-02

and Wonders a book that points readers to the spiritual realm for answers to otherwise inexplicable occurrences For anyone inclined toward spirituality each amazing story provides further proof of God s heavenly care in difficult times for those who aren t sure if heaven really does intervene on earth this book provides plenty of reasons for them to doubt their disbelief

The Unveiling of God Linda Miroslava Sabbath,2010-05-08 The story of an atheistic communist who became a Christian mystic **Mary and Mariology** , *Revelatory Events* Ann Taves,2016-11-08 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such events
