A Thicker Jesus Incarnational Discipleship In A Secular Age:

A Thicker Jesus Glen Harold Stassen, 2012-01-01 A groundbreaking argument for recovering Jesus for Christian ethics

The Church in a Secular Age Silje Kvamme Bjørndal, 2018-09-20 How can the church navigate the challenges of our secular age In *The Church in a Secular Age* Norwegian and Pentecostal scholar Silje Kvamme Bjørndal takes on three dynamic thinkers each in their own way in search for insights to this question Philosopher Charles Taylor offers the backdrop for the conversation as Bjørndal carefully sifts out some of his most central tenets for understanding our secular age Bjørndal then turns to the theologian and ethicist Stanley Hauerwas and critically engages his notion of the church as a community set apart from our secular age By bringing several of Hauerwas's interlocutors into the conversation Bjørndal manages to bring out both the acute relevance and the shortcomings of his ecclesiology Thus she finds that another turn is needed in order to offer a concrete as well as creative contribution to this ecclesiological conversation Considering the undeveloped pneumatological undercurrent in Hauerwas's work it proves fruitful to engage the leading Pentecostal scholar Amos Yong and his foundational pneumatology This engagement results in a shift of agency from the community to the Spirit And keeping up the dialogue with Taylor's secular age Bjørndal demonstrates how the Spirit's agency is crucial for the church as it attempts to navigate the particular challenges and opportunities of a secular age

Justice and the Way of Jesus Gushee, David P., Williams, Reggie L., 2020-06-18 Eighteen Christian theologians and ethicists offer a rich engagement with the theological ethics of Glen Stassen 1936-2014

Post-Christendom Studies: Volume 3 Steven M. Studebaker, Lee Beach, Gordon L. Heath, 2019-08-29 *Post Christendom Studies* publishes research on the nature of Christian identity and mission in the contexts of post Christendom Post Christendom refers to places both now and in the past where Christianity was once a significant cultural presence though not necessarily the dominant religion Sometimes Christendom refers to the official link between church and state The term post Christendom is often associated with the rise of secularization religious pluralism and multiculturalism in western countries over the past sixty years Our use of the term is broader than that however Egypt for example can be considered a post Christendom context It was once a leading center of Christianity Christendom moreover does not necessarily mean official public and dominant religion For example under Saddam Hussein Christianity was probably a minority religion but for the most part Christians were left alone After America deposed Saddam Christians began to flee because they became a persecuted minority In that sense post Saddam Iraq is an experience of post Christendom it is a shift from a cultural context in which Christians have more or less freedom to exercise their faith to one where they are persecuted and or marginalized for doing so

The Facts on the Ground William Dyrness, 2021-12-16 Starting with the fraught and often contested role of Christian participation in contemporary culture and in the light of the chaotic challenges of recent events William Dyrness develops a biblical theology of cultural wisdom both its poetics and its practice as a way of making sense both of these human cultural challenges and of God's presence on the way to the New

Creation Making use of the biblical category of wisdom in both Old and New Testaments Dyrness offers a fresh way to understand both human responsibility in culture and God's presence and purposes for creation as this developed in the life of Israel and was embodied in the life and teachings of Christ Centrally the book argues Christ's life and teaching represent a Christian wisdom that opened up new possibilities for human culture This Christian wisdom emerged as the Gospel made its way in culture first into the Greco Roman world of the Early Church and then since the Reformation into the modern period Dyrness suggests this Christ centered cultural wisdom offers resources that help illumine and transform received notions of common grace and even general and special revelation

Evangelical Peacemakers David P. Gushee, 2013-10-09 This book contains fifteen essays originally presented at a conference on evangelical Christianity and global peacemaking held at Georgetown University in September 2012 together with a critical analysis of the collection by the editor David P Gushee The essays fall into two categories the first four essays primarily engage theoretical issues in the ethics of war and peace considering pacifism just war and just peacemaking approaches all in contemporary US context The other eleven essays offer glimpses into current evangelical peacemaking efforts being undertaken by individuals congregations parachurch organizations and global evangelical bodies The collection as a whole gives considerable attention to Christian Muslim relations and offers a number of extraordinary accounts of evangelical peacemaking with Muslims and efforts to engage Islam as a living religious tradition The concluding essay suggests that while evangelical peace and war thinking cannot escape the paradoxes and challenges that have always bedeviled Christian theorizing about war contemporary evangelical peacemaking efforts reflect substantial progress in implementing the radical love of Jesus Christ in some of the most challenging contexts and conflicts in our world today

Commonwealth and Covenant Marcia Pally, 2016 In *Commonwealth and Covenant* Marcia Pally argues that in order to address current socioeconomic problems we need not more economic formulas but rather a better understanding of how the world is set up an ontology of how we and the world work Without this good proposals that arise lack political will and go unimplemented Pally describes our basic setup as separability amid situatedness or distinction amid relation Though we are all unique individuals we become our singular selves through our relations and responsibilities to the people and environments around us Pally argues that our culture's overemphasis on separability individualism run amok results in greed adversarial and deceitful political discourse and chicanery resource grabbing broken relationships and anomie Maintaining that separability and situatedness can and must be considered together in public policy Pally draws on intellectual history philosophy and especially historic Christian and Jewish theologies of relationality to construct a new framework for addressing present economic and political ills

Defending Democracy from Its Christian Enemies David P. Gushee, 2023-10-03 American democracy is in danger How do we protect it from authoritarian reactionary Christianity On January 6 2021 hundreds of Americans stormed the Capitol to prevent the certification of their political opponent's election At the forefront were Christians claiming to act in the name of Jesus Christ

and his supposed representative on earth Donald Trump How can this have happened David P Gushee tackles the question in this timely work of Christian political ethics Gushee calls us to preserve democratic norms including constitutional government the rule of law and equal rights for all even as many Christians take a reactionary and antidemocratic stance Surveying global politics and modern history he analyzes how Christians have discarded their commitment to democracy and bought into authoritarianism He urges us to fight back by reviving our hard won traditions of congregational democracy dissident Black Christian politics and covenantal theology *Defending Democracy from Its Christian Enemies* makes a robust case for a renewed commitment to democracy on the part of Christians not by succumbing to secular liberalism but by drawing on our own best traditions Any concerned Christian will leave its pages with eyes wide open to the dangers of our current form of political engagement Readers will gain insight into what democracy is truly meant to be and why Christians once supported it wholeheartedly and should do so again

Serving a Crucified King Jesse Steven Wheeler, 2021-11-11 *Serving a Crucified King* speaks to a growing crisis within the contemporary church one of misplaced allegiance and misguided discipleship If Jesus Christ is who we claim him to be then we must ask ourselves Are we truly conducting our lives and constructing our communities in light of that astonishing reality But as long as the contemporary church continues to act in a manner so seemingly at odds with the mission and message of Jesus it remains in a state of emergency Albeit a serious charge solving this crisis is of the utmost importance if we are to live once again in faithful obedience to Jesus Christ as king The magnitude of the problem necessitates the establishment of a movement of kingdom citizens devoted to the cruciform reign of Christ and committed to a wholesale transformation in thinking and practice within the church To this end *Serving a Crucified King* is a clarion call back to the real work of being a disciple of Jesus in our society Expect to have your thinking challenged your heart moved and your action re oriented

When Everyone Wins: from Inequality to Cooperation David Gray, 2014-09-10 We often focus on winning at the expense of others which can create problems in and outside of the workplace David Gray a longtime professor of psychology makes the case that everything runs much smoother when everyone is a winner That goal can be achieved when people cooperate instead of competing Taking an approach that relies heavily on the behavioral sciences the author provides the tools you need to turn mutual threats into motivation transform conflict into creative productivity build structures that stimulate winning share power and profits with others By examining historical events and contemporary society it is clear to see that when someone loses because the rules were unfair he or she tends to either become apathetic half heartedly compliant or out rightly hostile Substance abuse and domestic abuse are also common responses Opting for a more cooperative approach has helped democracies religions and companies boost the happiness and productivity of their respective constituents You can do the same by applying the lessons

A Pilgrim People Gerald W. Schlabach, 2019-09-16 2020 Catholic Press Association honorable mention award for future church Recent

decades have seen a steady trend in Roman Catholic teaching toward a commitment to active nonviolence that could qualify the church as a peace church As a moral theologian specializing in social ethics Schlabach explores how this trend in Catholic social teaching will need to take shape if Catholics are to follow through Globalization he argues is an invitation to recognize what was always supposed to be true in Catholic ecclesiology Christ gives Christians an identity that crosses borders To become a truly catholic global peace church in which peacemaking is church wide and parish deep Catholics should recognize that they have always properly been a diaspora people with an identity that transcends tribe and nation state

Permission to Grieve Toby D. Castle, 2024-07-22 Being a follower of Jesus in the evangelical community in America is equated to a posture practice and pursuit of triumphalism Followers of Jesus have misunderstood maybe even lost the great value of public and private lament Lament is incongruent with a theology of continual and ongoing triumphalism Yet suffering loss and lament permeate Scripture and the human experience To lament is to cry out to God with our doubts and to bring complaints against God It is a posture and practice of worship and surrender that helps followers of Jesus wrestle engage process and understand loss creating a sacred space for the suffering voice to speak Lament is a practice absent in the church that is recognized and understood as a way of naming grief and suffering of standing and hoping in the midst of ruins In the context of San Francisco the practice and theology of lament in the lives of those who follow Jesus becomes a parody of cultured syllogisms and hyper vanquishing that forms a community frail to moments of liminality anxious in seasons of uncertainty and ill equipped to deal with the obscurities of everyday life
