*The Shape of Fantasy* Charul Palmer-Patel, 2019-10-23 The Shape of Fantasy is an in depth look at Heroic Epic Fantasy It depicts structural and narrative patterns with models stemming from science and philosophy Although Fantasy Fiction is generally defined by its impossibility Fantasy Fiction not an illogical form It is in fact governed by a sense of rules and structure one that reflects our current understanding of space time and cosmology These models are an integral part of the structure of Heroic Epic Fantasy itself Thus this book introduces new ways of perceiving current productions of the Fantasy genre In doing so it also

explores how Fantasy Fiction exhibits a conscious awareness of its own form The Well of Ascension Brandon Sanderson, 2014-09-19 After deposing the godlike being whose brutal rule had lasted a thousand years Vin the most powerful Mistborn in the land and Elend Venture the idealistic young nobleman who loves her must build a healthy new society in this second novel of *Mistborn. **Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams** Stefanie Schult,2017-01-26

The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media      *Box Mistborn* Brandon Sanderson,2025-05-09 AS BRUMAS DOMINAM A NOITE O SENHOR
