

“Maria Headley spent a year accepting every date she was offered and ended up with a story about what happens when you say yes to the universe. This book is painfully funny and tender, and so magical it will make you want to be young again, and in such a city.”

Schoemaker, 2025-02-04

This book covers a wide range of managerial problems that leaders may encounter in business, often in unexpected or incomplete ways. Varied essays depict complex situations that organisational leaders encountered and had to resolve. The leadership challenge is to develop meta-skills for thinking strategically about them and then make sound business decisions in the face of uncertainty. Leaders usually confront opportunities and challenges in muddled fashions, and their main task is to size them up properly and respond with creativity and wisdom. These leadership challenges require integrative thinking and creative problem-solving skills of a kind that is nurtured through hard-won experience in the trenches. The kaleidoscopic flavor of this collection of essays reflects a holistic and realistic view of leadership in varied situations that call for innovative strategic thinking, reflective problem reframing, and smart decision making, alone and in teams.
