The World Of Ptavvs Known Space By Larry Niven:

World of Ptavvs Larry Niven, 2000 Larry Greenberg's telepathic tendencies had been trained and developed to a critical level. The trouble was that if these psychic interchanges were strong enough, a man could end up not knowing who he really was. But when Larry's mind is taken over by an alien force, he has to fight to retain his sanity and divert a disaster that threatens all mankind. And when Larry's mind is taken over by a sinister alien force, he has to fight to retain his sanity and divert a disaster that threatens all mankind. *Tales of Known Space* Larry Niven, 1975 **The World of Ptavvs** Larry Niven, 2000-04 The World of Ptavvs Larry Niven, 1986-11-12 Tales of Known Space Larry Niven, 1981-03-12 **The Burning City** Jerry Pournelle, Larry Niven, 2010-12-14 Set in the world of Larry Niven's popular *The Magic Goes Away*, *The Burning City* transports readers to an enchanted ancient city bearing a provocative resemblance to our own modern society. Here Yagen Atep, the volatile and voracious god of fire, alternately protects and destroys the city's denizens. In Tep's Town, nothing can burn indoors and no fire can start except when the Burning comes upon the city. Then the people possessed by Yagen Atep set their own town ablaze in a riotous orgy of destruction that often comes without warning. Whandall Placehold has lived with the Burning all his life. Fighting his way to adulthood in the mean but magical streets of the city's most blighted neighborhoods, Whandall dreams of escaping the god's wrath to find a new and better life. But his best hope for freedom may lie with Morth of Atlantis, the enigmatic sorcerer who killed his father. Three Books of Known Space Larry Niven, 1996-09-03 Let three complete books in one take you on a dazzling journey into science fiction's most famous future history. Known Space. World of Ptavvs. Kzanol was a thrint from a distant galaxy. He had been trapped on Earth in a time stasis field for two billion years. Now he was on the loose and telepath Larry Greenberg knew everything he was thinking. Thrints lived to plunder and enslave lesser planets, and the planet Kzanol had in mind was Earth. A Gift from Earth. Shrouded in lethal mists, the world named Mount Lookitthat was never meant for humans. Life existed only on one plateau unreachable except from space. But still the planet had been colonized and the settlers struggled to survive under a ruthless dictatorship on a rebellion-proof world until fate dealt them a wild card named Matthew Keller, whose secret talent might just be their only hope. *Tales of Known Space* A classic collection of stories that traces humankind's expansion and colonization throughout the galaxy from the twentieth century to the thirty-first. And more Larry Niven's latest thoughts on the evolution, both creative and historical, of known space as well as an updated Timeline of Known Space and a complete Niven bibliography.

Burning Tower Larry Niven, Jerry Pournelle, 2006-12-01 Return to the vivid and unusual Kirkus Reviews world of Larry Niven and Jerry Pournelle's *The Burning City*, where the fire god has retreated into myth, leaving the residents of Tep's Town unprotected for the first time in their history. Unfortunately, a fiery fate isn't the only danger the town is facing. From out of the desert come monsters great birds with blades instead of wings, driven by some unknown force. Although they can be killed, the threat these terror birds pose is worse than death. Danger on the roads means no trade. No trade means that Tep's Town

will be no more Sent by the Lords of Lordshills to discover the source of the terror birds Lord Sandry and his beloved Burning Tower must travel into a world where magic is still strong and where someone or something waits to destroy them Filled with the sweeping adventure memorable characters and imaginative world building that have defined the novels of Larry Niven and Jerry Pournelle Burning Tower is another triumph *Multiverse: Exploring the Worlds of Poul Anderson* Greg Bear, Gardner Dozois, 2015-05-16 Poul Anderson was one of the seminal figures of 20th century science fiction Named a Grand Master by the SFWA in 1997 he produced an enormous body of stand alone novels Brain Wave Tau Zero and series fiction Time Patrol the Dominic Flandry books and was equally at home in the fields of heroic fantasy and hard SF He was a meticulous craftsman and a gifted storyteller and the impact of his finest work continues undiminished to this day Here is a rousing all original anthology that stands both as a significant achievement in its own right and a heartfelt tribute to a remarkable writer and equally remarkable man A nicely balanced mixture of fiction and reminiscence this volume contains thirteen stories and novellas by some of today's finest writers along with moving reflections by among others Anderson's wife Karen his daughter Astrid Anderson Bear and his son in law novelist and co editor Greg Bear Bear's introduction My Friend Poul is particularly illuminating and insightful The fictional contributions comprise a kaleidoscopic array of imaginative responses to Anderson's many and varied fictional worlds A few of the highlights include Nancy Kress's Outmoded Things and Terry Brooks The Fey of Cloudmoor stories inspired by the Hugo Award winning The Queen of Air and Darkness a pair of truly wonderful Time Patrol stories A Slip in Time by S M Stirling and Christmas in Gondwanaland by Robert Silverberg Raymond E Feist's Dominic Flandry adventure A Candle and a pair of very different homages to the classic fantasy novel Three Hearts and Three Lions The Man Who Came Late by Harry Turtledove and Three Lilies and Three Leopards And a Participation Ribbon in Science by Tad Williams These stories together with singular contributions by such significant figures as Larry Niven Gregory Benford and Eric Flint add up to a memorable highly personal anthology that lives up to the standards set by the late and indisputably great Poul Anderson At the publisher's request this title is sold without DRM Digital Rights Management **Science Fact and Science Fiction** Brian M.
