Sports Movies Lester D. Friedman, 2020-03-13 From Rocky to Field of Dreams sports movies are among the most beloved of American films. Revolving around familiar narratives like the underdog story, these movies have generated modern day legends reinforcing and disseminating our national myths about the American Dream. In Sports Movies Lester D. Friedman describes the traditional formulas that have made these movies such crowd pleasers including stock figures like the disgraced athlete on a quest for redemption or the wise old coaches who help mentor the heroes to victory. He also explores how the genre's attitudes have changed over time especially in key issues like class, race, masculinity and women in sports. Along the way he takes stock of sports films from the dawn of cinema's silent era to the present day including classic baseball movies like *Pride of the Yankees* and *Bull Durham*, basketball movies like *Hoosiers* and *He's Got Game*, football movies like *Friday Night Lights* and *Rudy* and boxing movies like *Raging Bull* and *Million Dollar Baby*. As Friedman's analyses reveal, not only do sports movies influence our perceptions about the drama of real life sports but they also help to shape our attitudes toward the competitive ethos in American life.
