Vreme Smrti Knjiga III By Dobrica Cosic:

Saviours of the Nation? Jasna Dragović-Soso, 2002 Yugoslavia's breakup in 1991 and the wars in Croatia, Bosnia and Kosovo that followed in its wake have been widely blamed on Serbian nationalism. Most analyses have not examined this nationalism in the years before Slobodan Milošević's rise to power when its principal articulators were dissident intellectuals. This book traces the trajectory of intellectual opposition to Serbian nationalism from its origins in the 1950s to its consolidation in the 1980s, arguing that the acceptance of Milošević's undemocratic approach to the national question undermined the intellectual opposition's ability to present a convincing political alternative and was crucial in allowing the regime to continue. book cover

Religion and the Politics of Identity in Kosovo Gerlachus Duijzings, 2000 Kosovo is a frontier society where two Balkan nations, Albanian and Serb, as well as two religions, Islam and Christianity, clash. The tension between conflict and symbiosis lies at the core of this book.

History of the Literary Cultures of East-Central Europe Marcel Cornis-Pope, John Neubauer, 2004-01-01 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East-Central Europe, Vol 2 considers various topographic sites, multicultural cities, border areas, cross-cultural corridors, multiethnic regions that cut across national boundaries, rendering them permeable to the flow of hybrid cultural messages. By focusing on the literary cultures of specific geographical locations, this volume intends to put into practice a new type of comparative study. Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm, however.

Writing the Yugoslav Wars Dragana Obradović, 2016-01-01 In *Writing the Yugoslav Wars*, Dragana Obradović analyses how the Yugoslav wars of secession helped shape the region's literary culture. Obradović argues that the crisis of the country's disintegration posed an ethical challenge to self-identified postmodernists. This book takes a transnational approach to literatures of the former Yugoslavia that have been since the 1990s studied separately in line with geopolitical divisions. This post-socialist conflict was one of the moments that reshaped postmodernism for both local and international thinkers much in the same way modernism was shaped by World War I and the advent of mechanized warfare.

World Literature Today, 1995 **Writing the Great War** Christoph Cornelissen, Arndt Weinrich, 2022-11-11 From the Treaty of Versailles to the 2018 centenary and beyond, the history of the First World War has been continually written and rewritten, studied and contested, producing a rich historiography shaped by the social and cultural circumstances of its creation. *Writing the Great War* provides a groundbreaking survey of this vast body of work, assembling contributions on a variety of national and regional historiographies from some of the most prominent scholars in the field. By analyzing perceptions of the war in contexts ranging from Nazi Germany to India's struggle for independence, this is an illuminating collective study of the complex interplay of memory and history.

Umbruch und Identitätszerfall Emilija Mančić, 2012 Hauptbeschreibung: Dem vorliegenden Werk liegt die Auffassung zugrunde, dass Fragen von Kultur, Identität und Geschichte als wechselseitige Entwicklungs- und Konstruktionsmomente im transnationalen und transregionalen Zusammenhang

begriffen werden können Das Buch analysiert die deutsche Romantik als Anreger der europäischen Romantik und ihr Verhältnis zu den Identitätsnarrationen die nach dem revolutionären Umbruch von 1789 ein spezifisches Identitätskonzept geformt haben sowie dessen Rezeption und weitere Entwicklung in der Region des ehemaligen Jugoslawiens Die Analyse verbindet

Proximity and Distance Romain Fathi, Emily Robertson, 2020-04-28 The global magnitude of World War I has meant that proximity and distance were highly influential in the ways the conflict was conducted and how it was experienced at tactical political and emotional levels This book explores how participants and observers in World War I negotiated the temporal and spatial challenges of the conflict International in scope it investigates how technology mass media elite diplomacy and imperial networks interacted in conjunction with proximity and distance The authors canvass a range of approaches to the conflict from cultural history to social political and military history Proximity and distance were contingencies that participants had to continually adapt to This book documents the ways in which these adaptations were approached

After Memory Matthias Schwartz, Nina Weller, Heike Winkel, 2021-06-08 Even seventy five years after the end of World War II the commemorative cultures surrounding the War and the Holocaust in Central Eastern and South Eastern Europe are anything but fixed The fierce debates on how to deal with the past among the newly constituted nation states in these regions have already received much attention by scholars in cultural and memory studies The present volume posits that literature as a medium can help us understand the shifting attitudes towards World War II and the Holocaust in post Communist Europe in recent years These shifts point to new commemorative cultures shaping up after memory Contemporary literary representations of World War II and the Holocaust in Eastern Europe do not merely extend or replace older practices of remembrance and testimony but reflect on these now defunct or superseded narratives New narratives of remembrance are conditioned by a fundamentally new social and political context one that emerged from the devaluation of socialist commemorative rituals and as a response to the loss of private and family memory narratives The volume offers insights into the diverse literatures of Eastern Europe and their ways of depicting the area's contested heritage

Nationalism, Myth, and the State in Russia and Serbia Veljko Vujačić, 2015-03-26 This book examines the role of Russian and Serbian nationalism in dissolution of the Soviet Union and Yugoslavia in 1991

Titoism, Self-Determination, Nationalism, Cultural Memory Gorana Ognjenović, Jasna Jozelc, 2016-06-28 This volume provides a more detailed picture which might surprise those who thought they knew everything about Yugoslavia as well as we are hoping to inspire others to read more about this historically social experiment that against all odds actually did exist and prospered for a while in the midst of the spider's web of the global political chaos which lasts still today Contributors cover a range of topics including absolute modernity film and the preservation and creation of memory through clothing among others
