K. Cherston,2005-09-20 Purchase one of 1st World Library s Classic Books and help support our free internet library of downloadable eBooks Visit us online at www.1stWorldLibrary.ORG I originally called this book What is Wrong and it would have satisfied your sardonic temper to note the number of social misunderstandings that arose from the use of the title Many a mild lady visitor opened her eyes when I remarked casually I have been doing What is Wrong all this morning And one minister of religion moved quite sharply in his chair when I told him as he understood it that I had to run upstairs and do what was wrong but should be down again in a minute Exactly of what occult vice they silently accused me I cannot conjecture but I know of what I accuse myself and that is of having written a very shapeless and inadequate book and one quite unworthy to be dedicated to you As far as literature goes this book is what is wrong and no mistake It may seem a refinement of insolence to present so wild a composition to one who has recorded two or three of the really impressive visions of the moving millions of England You are the only man alive

who can make the map of England crawl with life a most creepy and enviable accomplishment Why then should I trouble you with a book which even if it achieves its object which is monstrously unlikely can only be a thundering gallop of theory

rightly points out that what people see as wrong with the world are only the symptoms of a deeper problem. He shows that our governments, be they capitalistic or socialistic, also fail to see the deeper problem. With a keen wit and lively prose, **WHAT'S WRONG WITH THE WORLD** cuts directly to the true problems that society must deal with and his solutions feel utterly correct. Gilbert Keith Chesterton (1874-1936) was one of the most influential English writers of the 20th century. His prolific and diverse output included journalism, philosophy, poetry, biography, Christian apologetics, fantasy, and detective fiction. Chesterton has been called the prince of paradox. Time magazine, in a review of a biography of Chesterton, observed of his writing style: "Whenever possible Chesterton made his points with popular sayings, proverbs, allegories, first carefully turning them inside out. For example, Chesterton wrote the following: 'Thieves respect property. They merely wish the property to become their property; that they may more perfectly respect it.' Chesterton is well known for his reasoned apologetics, and even those who disagree with him have recognized the universal appeal of such works as *Orthodoxy* and *The Everlasting Man*. Chesterton, as a political thinker, cast aspersions on both liberalism and conservatism, saying 'The whole modern world has divided itself into Conservatives and Progressives. The business of Progressives is to go on making mistakes. The business of the Conservatives is to prevent the mistakes from being corrected.' Chesterton routinely referred to himself as an orthodox Christian and came to identify such a position with Catholicism more and more, eventually converting to Roman Catholicism. George Bernard Shaw, Chesterton's friendly enemy, according to Time, said of him: 'He was a man of colossal genius.'

What's Wrong with the World (Aziloth Books) G. K. Chesterton, 2011-10. Chesterton's famous response to the London Times question "What's Wrong with the World" he replied "I am belied." The great author's deep interest in human social problems. He eventually appropriated the query as the title of a new book, a polemic against what he saw as humanity's unfailing tendency to mistake the symptoms of a problem for the underlying cause of the dilemma and thereby exacerbate the issue still further. Chesterton has been called The Apostle of Common Sense and he turns his incisive thought and dry wit towards a series of topics including prevailing attitudes on sex, feminism, and education, all of which he believed would eventually corrupt and destroy western society. The result is a book that, despite being written over a century ago, comes across as a trenchant critique of modern culture, a shockingly contemporary and startlingly pertinent appraisal of present-day social problems.

Chesterton,2017-11-28 What s Wrong with the World by G K Chesterton What s Wrong with the World opens with an analysis of the predicament of modern humanity too obsessed in the great age of political idealism with visions of the future I originally called this book What is Wrong and it would have satisfied your sardonic temper to note the number of social misunderstandings that arose from the use of the title Many a mild lady visitor opened her eyes when I remarked casually I have been doing What is Wrong all this morning And one minister of religion moved quite sharply in his chair when I told him as he understood it that I had to run upstairs and do what was wrong but should be down again in a minute Exactly of what occult vice they silently accused me I cannot conjecture but I know of what I accuse myself and that is of having written a very shapeless and inadequate book and one quite unworthy to be dedicated to you As far as literature goes this book is what is wrong and no mistake

What's Wrong with the World G. K. Chesterton,2015-03-04 But social science is by no means always content with the normal human soul it has all sorts of fancy souls for sale Man as a social idealist will say I am tired of being a Puritan I want to be a Pagan or Beyond this dark probation of Individualism I see the shining paradise of Collectivism Now in bodily ills there is none of this difference about the ultimate ideal The patient may or may not want quinine but he certainly wants health No one says I am tired of this headache I want some toothache or The only thing for this Russian influenza is a few German measles or Through this dark probation of catarrh I see the shining paradise of rheumatism But exactly the whole difficulty in our public problems is that some men are aiming at cures which other men would regard as worse maladies are offering ultimate conditions as states of health which others would uncompromisingly call states of disease Mr Belloc once said that he would no more part with the idea of property than with his teeth yet to Mr Bernard Shaw property is not a tooth but a toothache Lord Milner has sincerely attempted to introduce German efficiency and many of us would as soon welcome German measles Dr Saleeby would honestly like to have Eugenics but I would rather have rheumatics

K. Chesterton, Aeterna Press, 2000-09 Some people do not like the word dogma Fortunately they are free and there is an alternative for them There are two things and two things only for the human mind a dogma and a prejudice The Middle Ages were a rational epoch an age of doctrine Our age is at its best a poetical epoch an age of prejudice A doctrine is a definite point a prejudice is a direction That an ox may be eaten while a man should not be eaten is a doctrine That as little as possible of anything should be eaten is a prejudice which is also sometimes called an ideal Now a direction is always far more fantastic than a plan I would rather have the most archaic map of the road to Brighton than a general recommendation to turn to the left Straight lines that are not parallel must meet at last but curves may recoil forever A pair of lovers might walk along the frontier of France and Germany one on the one side and one on the other so long as they were not vaguely told to keep away from each other And this is a strictly true parable of the effect of our modern vagueness in losing and separating men as in a mist Aeterna Press *G.
