Books, *Americanizing the Movies and Movie-Mad Audiences, 1910-1914* Richard Abel, 2006-08-28 This engaging deeply researched study provides the richest and most nuanced picture we have to date of cinema both movies and moviegoing in the early 1910s At the same time it makes clear the profound relationship between early cinema and the construction of a national identity in this important transitional period in the United States Richard Abel looks closely at sensational melodramas including westerns cowboy cowboy girl and Indian pictures Civil War films especially girl spy films detective films and animal pictures all popular genres of the day that have received little critical attention He simultaneously analyzes film distribution and exhibition practices in order to reconstruct a context for understanding moviegoing at a time when American cities were coming to grips with new groups of immigrants and women working outside the home Drawing from a wealth of research in

archive prints the trade press fan magazines newspaper advertising reviews and syndicated columns the latter of which highlight the importance of the emerging star system Abel sheds new light on the history of the film industry on working class and immigrant culture at the turn of the century and on the process of imaging a national community **Western Movie References in American Literature** Henryk Hoffmann, 2012-10-19 References to western movies scattered over some 250 works by more than 130 authors constitute the subject matter of this book arranged in an encyclopedic format The entries are distributed among western movies television series big screen and television actors western writers directors and miscellaneous topics related to the genre The data cover films from The Great Train Robbery 1903 to No Country for Old Men 2007 and the entries include many western film milestones from The Aryan through Shane to Unforgiven television classics Gunsmoke Bonanza and great screen cowboys of both A and B productions New Statesman ,2002 **Remixing the Civil War** Thomas J. Brown, 2011-11-10 In his book The Legacy of the Civil War Robert Penn Warren remarked that the Civil War is for the American imagination the great single event of our history This volume reconsiders whether fifty years later Warren's influential claim still holds true Essays from scholars in art literature and history examine how the Civil War is represented and interpreted in contemporary culture They look at the works of more than thirty artists and writers as well as multiple political movements to reveal the many and provocative ways in which Americans engage the Civil War today including chapters on the importance of Abraham Lincoln to Barack Obama's presidential campaign controversies over the Confederate flag and the proliferation of Juneteenth observances Special attention is paid to the works of African Americans and white southerners for whom the Civil War was a revolutionary and defining moment Such prominent scholars as Robert H Brinkmeyer Jr W Fitzhugh Brundage Kirk Savage and Elizabeth Young explore the works of major artists and less well known figures including Bobbie Ann Mason Kara Walker Dario Robleto and John Huddleston The authors repeatedly find that Americans today openly and playfully manipulate familiar images of the Civil War to explore the malleability of traditional social categories such as national identity gender and race With the sesquicentennial of the Civil War upon us this collection continues the conversation Warren began fifty years ago albeit in unorthodox and challenging ways to offer fresh and stimulating perspectives on the war's presence in the collective imagination of the nation Perplexing Plots David Bordwell, 2023-01-17 Nominated 2024 Edgar Allan Poe Award in the category of best critical biographical Mystery Writers of America Shortlisted 2024 Agatha Awards Best Mystery Nonfiction Malice Domestic Posthumous Winner 2023 IFCA Book Prize International Crime Fiction Association Narrative innovation is typically seen as the domain of the avant garde However techniques such as nonlinear timelines multiple points of view and unreliable narration have long been part of American popular culture How did forms and styles once regarded as difficult become familiar to audiences In Perplexing Plots David Bordwell reveals how crime fiction plays and films made unconventional narrative mainstream He shows that since the nineteenth century detective stories and suspense thrillers have allowed ambitious storytellers to experiment with

narrative Tales of crime and mystery became a training ground where audiences learned to appreciate artifice These genres demand a sophisticated awareness of storytelling conventions they play games with narrative form and toy with audience expectations Bordwell examines how writers and directors have pushed pulled and collaborated with their audiences to change popular storytelling He explores the plot engineering of figures such as Raymond Chandler Agatha Christie Dashiell Hammett Patricia Highsmith Alfred Hitchcock Dorothy Sayers and Quentin Tarantino and traces how mainstream storytellers and modernist experimenters influenced one another's work A sweeping kaleidoscopic account written in a lively conversational style Perplexing Plots offers an ambitious new understanding of how movies literature theater and popular culture have evolved over the past century
